House Amendment No. 1

AMEND House Bill No. 737, Page 2, Section 137.010, Line 33, by inserting immediately after said line the following:

“137.073. 1. As used in this section, the following terms mean:

(1) "General reassessment", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505, RSMo, and section 164.013, RSMo, or as excess home dock city or county fees as provided in subsection 4 of section 313.820, RSMo, in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate [may] **shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section.** Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate,

based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term "improvements" shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 15 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period

in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term "property" means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision (4) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

(4) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, RSMo, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting

quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151, RSMo, and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be *prima facie* valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to

revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo, or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

COMMITTEE REPORTS

Committee on General Laws, Chairman Franz reporting:

Mr. Speaker: Your Committee on General Laws, to which was referred **HCR 42**, begs leave to report it has examined the same and recommends that it **Do Pass**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

HOUSE CONCURRENT RESOLUTION NO. 42

WHEREAS, the United States Environmental Protection Agency (EPA) has proposed or is proposing numerous new regulations, particularly in the area of air quality and regulation of greenhouse gases, that are likely to have major effects on the economy, jobs, and the competitiveness of the United States in worldwide markets; and

WHEREAS, EPA's regulatory activity as to air quality and greenhouse gases has numerous and overlapping requirements and may have a potentially devastating consequence on the economy; and

WHEREAS, concern is growing that, with Cap-and-Trade legislation having failed in the United States Congress, EPA is attempting to obtain the same results through the adoption of regulations; and

WHEREAS, EPA over-regulation is driving jobs and industry out of the United States; and

WHEREAS, neither EPA nor the Administration has undertaken any comprehensive study of what the cumulative effect that the new regulatory activity will have on the economy, jobs, and competitiveness; and

WHEREAS, EPA has not performed any comprehensive study of what the environmental benefits of its greenhouse gas regulation will be in terms of impacts on global climate; and

WHEREAS, state agencies are routinely required to identify the costs of their regulations and to justify those costs in light of the benefits; and

WHEREAS, since EPA has identified "taking action on climate change and improving air quality" as its first strategic goal for the 2011-15 time period, EPA should be required to identify the specific actions it intends to take to achieve these goals and to assess the total cost of all these actions together; and

WHEREAS, the Missouri General Assembly supports continuing improvements in the quality of the nation's air and believes that such improvements can be made in a sensible fashion without damaging the economy so long as there is a full understanding of the cost of the regulation at issue; and

WHEREAS, the primary goal of government at the present time must be to promote economic recovery and to foster a stable and predictable business environment that will lead to the creation of jobs; and

WHEREAS, public health and welfare will suffer without significant new job creation and economic improvement, because people with good jobs are better able to take care of themselves and their families than the unemployed and because environmental improvement is only possible in a society that generates wealth:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, First Regular Session, the Senate concurring therein, hereby urge the United States Congress to:

(1) Adopt legislation prohibiting EPA, by any means necessary, from regulating greenhouse gas emissions, including defunding EPA greenhouse gas regulatory activities, if necessary;

(2) Impose a moratorium on promulgation of any new air quality regulation by EPA, by any means necessary, except to directly address an imminent health or environmental emergency, for a period of at least two years, including defunding EPA air quality regulatory activities; and

(3) Require the Administration to undertake a study identifying all regulatory activity the EPA intends to undertake in furtherance of its goal of "taking action on climate change and improving air quality" and specifying the cumulative effect of all of these regulations on the economy, jobs, and the economic competitiveness of the United States. The study should be a multi-agency study drawing on the expertise both of EPA and of agencies and departments having expertise in and responsibility for the economy and the electric system and should provide an objective cost-benefit analysis of all the EPA's current and planned regulation together; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the President of the United States; the Majority and Minority Leaders of the United States House of Representatives and Senate; Lisa P. Jackson, the Administrator of the Environmental Protection Agency; and each member of the Missouri Congressional delegation.

Committee on Professional Registration and Licensing, Chairman Brandom reporting:

Mr. Speaker: Your Committee on Professional Registration and Licensing, to which was referred **HB 732**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Substitute**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

Committee on Transportation, Chairman Denison reporting:

Mr. Speaker: Your Committee on Transportation, to which was referred **HB 818**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Substitute**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

Committee on Urban Issues, Chairman Nasheed reporting:

Mr. Speaker: Your Committee on Urban Issues, to which was referred **HB 643**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Substitute**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

Special Standing Committee on Renewable Energy, Chairman Holsman reporting:

Mr. Speaker: Your Special Standing Committee on Renewable Energy, to which was referred **HB 613**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Substitute**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

MESSAGE FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SS SCR 8**.

SENATE SUBSTITUTE
FOR
SENATE CONCURRENT RESOLUTION NO. 8

WHEREAS, the United States Corps of Engineers' five-year study of the Upper Mississippi River Basin, which is everything north of Cairo, Illinois, failed to produce a plan for flood control acceptable to all stakeholders; and

WHEREAS, the Mississippi River Commission did recommend Plan H to the United States Congress; and

WHEREAS, the Corps of Engineers has not recommended this plan to the United States Congress, citing the expense of the construction of 500-year levees along these rivers, estimated to be \$6 billion, does not meet current cost-benefit guidelines for federal funding; and

WHEREAS, the Corps of Engineers additionally determined a need for better data based upon new hydrology and flow studies and the need to study tributaries of the Mississippi River; and

WHEREAS, the Corps of Engineers indicated that ramifications of the additional 500-year levees and their potential to cause additional flooding would need to be determined, and affected populations and communities informed and advised of the potential impact; and

WHEREAS, the affected counties include the Missouri counties of Lincoln, Pike, and St. Charles; and

WHEREAS, Plan H designates only about half of the levees in the Missouri counties of Lincoln, Pike, and St. Charles be raised, while to the north a higher percentage of 500-year levees are recommended for both sides of the river; and

WHEREAS, the stakeholders in the Missouri counties of Lincoln, Pike, and St. Charles desire the protections provided by the 500-year levees; and

WHEREAS, the proposed Plan H, if implemented, denies the benefits of 500-year levees to those making a living along the Mississippi River, negatively impacting agriculture, transportation, businesses, industries, tourism, hunting, fishing, boating, infrastructure, and residences; and

WHEREAS, over 6,500 citizens have signed petitions opposing the proposed Plan H; and

WHEREAS, the Upper Mississippi River Basin should receive funding comparable to funding for the Southern Mississippi River Basin from Cairo, Illinois, to New Orleans, Louisiana:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-sixth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby strongly urge the United States Congress to support a comprehensive plan for the Upper Mississippi River Basin that enhances system-wide flood control without creating adverse impacts on existing levees, levee districts, rural communities, and metropolitan areas.

The plan should be based on analysis that quantifies the impacts of enhanced flood control measures and acknowledges the importance of keeping agricultural land in production. The proposed Plan H making the Missouri counties of Lincoln, Pike, and St. Charles the lowest points on the Mississippi River levee system is totally unacceptable and we ask the Missouri Congressional delegation to oppose this plan; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri Congressional delegation.

In which the concurrence of the House is respectfully requested.

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

FIFTY-FIRST DAY, THURSDAY, APRIL 7, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

They that wait upon the Lord shall renew their strength. (Isaiah 40:31)

Our Father God, Who is from everlasting to everlasting, to You we come and unto You we lift our hearts in prayer. Always You are with us, always You seek to arise anew within our minds. Help us to be aware of Your presence and, by clear thinking, clean living, and a creative faith, we may find Your spirit coming to new life deep within our own being.

We pray for greater strength - strength to resist evil, strength to overcome our temptations, strength to do what we ought to do and to live as we ought to live. O God, come into our hearts and help us do for ourselves what we cannot do by ourselves - win the battle over our own weaknesses. Thus, may we be given strength to do our full part in making our hearts good and sound and wise. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fiftieth day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

FIFTY-SECOND DAY, MONDAY, APRIL 11, 2011

The House met pursuant to adjournment.

Representative Silvey in the Chair.

Prayer by Reverend Ned Nugent, First Baptist Church, Bethany, Missouri.

Father, I lift up to You today these men and women who have been called and elected to this place to serve the people of Missouri. It is an honor and privilege to gather in this place, under the flag of freedom that so many have shed their blood for. We remember them as we enjoy the liberty that was purchased by the lives of so many. I thank You Lord for your leadership in this great nation, in the state of Missouri, and for these leaders assembled here today.

I ask You today to be ever present in the discussions that ensue throughout this session, and that You place Your watch and care over each and every man and woman here in this room and all of those working so diligently throughout our great state. I pray that You, O Lord, would indeed be our leader and our guide, giving wisdom and discernment to these men and women as they begin to meet and discuss many issues; may You always remain and be the center of all things that take place.

Please give these men and women rest as they need it, shield them, protect them, and use them in great and mighty ways as they begin to strive to ensure the people of Missouri are given voice in our government. I pray that our desire is always to bring You glory by all that is said and done. Father, may our passion be to preserve the integrity of truth, justice, and honor in a way that reflects Your will and desire. Be ever present, Lord, in this place.

We ask this, Father, in Your Son's name, Jesus Christ, Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-first day was approved as printed.

Representative Riddle offered **House Amendment No. 4.**

House Amendment No. 4

AMEND House Committee Substitute for House Bill No. 430, Page 2, Section 301.3084, Line 33, by inserting after all of said section and line the following:

“302.181. 1. The license issued pursuant to the provisions of sections 302.010 to 302.340 shall be in such form as the director shall prescribe, but the license shall be a card made of plastic or other comparable material. All licenses shall be manufactured of materials and processes that will prohibit, as nearly as possible, the ability to reproduce, alter, counterfeit, forge, or duplicate any license without ready detection. All licenses shall bear the licensee's Social Security number, if the licensee has one, and if not, a notarized affidavit must be signed by the licensee stating that the licensee does not possess a Social Security number, or, if applicable, a certified statement must be submitted as provided in subsection 4 of this section. The license shall also bear the expiration date of the license, the classification of the license, the name, date of birth, residence address including the county of residence or a code number corresponding to such county established by the department, and brief description and colored photograph or digitized image of the licensee, and a facsimile of the signature of the licensee. The director shall provide by administrative rule the procedure and format for a licensee to indicate on the back of the license together with the designation for an anatomical gift as provided in section 194.240 the name and address of the person designated pursuant to sections 404.800 to 404.865 as the licensee's attorney in fact for the purposes of a durable power of attorney for health care decisions. No license shall be valid until it has been so signed by the licensee. If any portion of the license is prepared by a private firm, any contract with such firm shall be made in accordance with the competitive purchasing procedures as established by the state director of the division of purchasing. For all licenses issued or renewed after March 1, 1992, the applicant's Social Security number shall serve as the applicant's license number. Where the licensee has no Social Security number, or where the licensee is issued a license without a Social Security number in accordance with subsection 4 of this section, the director shall issue a license number for the licensee and such number shall also include an indicator showing that the number is not a Social Security number.

2. All film involved in the production of photographs for licenses shall become the property of the department of revenue.

3. The license issued shall be carried at all times by the holder thereof while driving a motor vehicle, and shall be displayed upon demand of any officer of the highway patrol, or any police officer or peace officer, or any other duly authorized person, for inspection when demand is made therefor. Failure of any operator of a motor vehicle to exhibit his or her license to any duly authorized officer shall be presumptive evidence that such person is not a duly licensed operator.

4. The director of revenue shall issue a commercial or noncommercial driver's license without a Social Security number to an applicant therefor, who is otherwise qualified to be licensed, upon presentation to the director of a certified statement that the applicant objects to the display of the Social Security number on the license. The director shall assign an identification number, that is not based on a Social Security number, to the applicant which shall be displayed on the license in lieu of the Social Security number.

5. The director of revenue shall not issue a license without a facial photograph or digital image of the license applicant, except as provided pursuant to subsection 8 of this section. A photograph or digital image of the applicant's full facial features shall be taken in a manner prescribed by the director. No photograph or digital image will be taken wearing anything which cloaks the facial features of the individual.

6. The department of revenue may issue a temporary license or a full license without the photograph or with the last photograph or digital image in the department's records to members of the armed forces, except that where such temporary license is issued it shall be valid only until the applicant shall have had time to appear and have his or her picture taken and a license with his or her photograph issued.

7. The department of revenue shall issue upon request a nondriver's license card containing essentially the same information and photograph or digital image, except as provided pursuant to subsection 8 of this section, as the driver's license upon payment of six dollars. All nondriver's licenses shall expire on the applicant's birthday in the sixth year after issuance. A person who has passed his or her seventieth birthday shall upon application be issued a nonexpiring nondriver's license card. **Notwithstanding any other provision of this chapter, a nondriver's license containing a concealed carry endorsement shall expire three years from the date the certificate of qualification was issued pursuant to section 571.101. The fee for nondriver's licenses issued for a period exceeding three years is six dollars or three dollars for nondriver's licenses issued for a period of three years or less.** The nondriver's license card shall be used for identification purposes only and shall not be valid as a license.

8. If otherwise eligible, an applicant may receive a driver's license or nondriver's license without a photograph or digital image of the applicant's full facial features except that such applicant's photograph or digital image shall be taken and maintained by the director and not printed on such license.

In order to qualify for a license without a photograph or digital image pursuant to this section the applicant must:

(1) Present a form provided by the department of revenue requesting the applicant's photograph be omitted from the license or nondriver's license due to religious affiliations. The form shall be signed by the applicant and another member of the religious tenant verifying the photograph or digital image exemption on the license or nondriver's license is required as part of their religious affiliation. The required signatures on the prescribed form shall be properly notarized;

(2) Provide satisfactory proof to the director that the applicant has been a U.S. citizen for at least five years and a resident of this state for at least one year, except that an applicant moving to this state possessing a valid driver's license from another state without a photograph, shall be exempt from the one-year state residency requirement. The director may establish rules necessary to determine satisfactory proof of citizenship and residency pursuant to this section;

(3) Applications for a driver's license or nondriver's license without a photograph or digital image must be made in person at a license office determined by the director. The director is authorized to limit the number of offices that may issue a driver's or nondriver's license without a photograph or digital image pursuant to this section.

9. The department of revenue shall make available, at one or more locations within the state, an opportunity for individuals to have their full facial photograph taken by an employee of the department of revenue, or their designee, who is of the same sex as the individual being photographed, in a segregated location.

10. Beginning July 1, 2005, the director shall not issue a driver's license or a nondriver's license for a period that exceeds an applicant's lawful presence in the United States. The director may, by rule or regulation, establish procedures to verify the lawful presence of the applicant and establish the duration of any driver's license or nondriver's license issued under this section.

11. No rule or portion of a rule promulgated pursuant to the authority of this chapter shall become effective unless it is promulgated pursuant to the provisions of chapter 536.”; and

MESSAGES FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SS SCS HCS HB 163**, entitled:

An act to repeal sections 288.040, 288.062, and 288.398, RSMo, and to enact in lieu thereof three new sections relating to unemployment compensation, with an emergency clause.

With Senate Amendment No. 2 and Senate Amendment No. 3.

Senate Amendment No. 2

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 163, Page 11, Section 288.040, Line 16 of said page, by inserting after all of said line the following:

"288.060. 1. All benefits shall be paid through employment offices in accordance with such regulations as the division may prescribe.

2. Each eligible insured worker who is totally unemployed in any week shall be paid for such week a sum equal to his or her weekly benefit amount.

3. Each eligible insured worker who is partially unemployed in any week shall be paid for such week a partial benefit. Such partial benefit shall be an amount equal to the difference between his or her weekly benefit amount and that part of his or her wages for such week in excess of twenty dollars, and, if such partial benefit amount is not a multiple of one dollar, such amount shall be reduced to the nearest lower full dollar amount. For calendar year 2007 and each year thereafter, such partial benefit shall be an amount equal to the difference between his or her weekly benefit amount and that part of his or her wages for such week in excess of twenty dollars or twenty percent of his or her weekly benefit amount, whichever is greater, and, if such partial benefit amount is not a multiple of one dollar, such amount shall be reduced to the nearest lower full dollar amount. Termination pay, severance pay or pay received by an eligible insured worker who is a member of the organized militia for training or duty authorized by Section 502(a)(1) of Title 32, United States Code, shall not be considered wages for the purpose of this subsection.

4. The division shall compute the wage credits for each individual by crediting him or her with the wages paid to him or her for insured work during each quarter of his or her base period or twenty-six times his or her weekly benefit amount, whichever is the lesser. In addition, if a claimant receives wages in the form of termination pay or severance pay and such payment appears in a base period established by the filing of an initial claim, the claimant may, at his or her option, choose to have such payment included in the calendar quarter in which it was paid or choose to have it prorated equally among the quarters comprising the base period of the claim. The maximum total amount of benefits payable to any insured worker during any benefit year shall not exceed [twenty-six] **twenty** times his or her weekly benefit amount, or thirty-three and one-third percent of his or her wage credits, whichever is the lesser. For the purpose

of this section, wages shall be counted as wage credits for any benefit year, only if such benefit year begins subsequent to the date on which the employing unit by whom such wages were paid has become an employer. The wage credits of an individual earned during the period commencing with the end of a prior base period and ending on the date on which he or she filed an allowed initial claim shall not be available for benefit purposes in a subsequent benefit year unless, in addition thereto, such individual has subsequently earned either wages for insured work in an amount equal to at least five times his or her current weekly benefit amount or wages in an amount equal to at least ten times his or her current weekly benefit amount.

5. In the event that benefits are due a deceased person and no petition has been filed for the probate of the will or for the administration of the estate of such person within thirty days after his or her death, the division may by regulation provide for the payment of such benefits to such person or persons as the division finds entitled thereto and every such payment shall be a valid payment to the same extent as if made to the legal representatives of the deceased.

6. The division is authorized to cancel any benefit warrant remaining outstanding and unpaid one year after the date of its issuance and there shall be no liability for the payment of any such benefit warrant thereafter.

7. The division may establish an electronic funds transfer system to transfer directly to claimants' accounts in financial institutions benefits payable to them pursuant to this chapter. To receive benefits by electronic funds transfer, a claimant shall satisfactorily complete a direct deposit application form authorizing the division to deposit benefit payments into a designated checking or savings account. Any electronic funds transfer system created pursuant to this subsection shall be administered in accordance with regulations prescribed by the division.

8. The division may issue a benefit warrant covering more than one week of benefits.

9. Prior to January 1, 2005, the division shall institute procedures including, but not limited to, name, date of birth, and Social Security verification matches for remote claims filing via the use of telephone or the Internet in accordance with such regulations as the division shall prescribe. At a minimum, the division shall verify the Social Security number and date of birth when an individual claimant initially files for unemployment insurance benefits. If verification information does not match what is on file in division databases to what the individual is stating, the division shall require the claimant to submit a division-approved form requesting an affidavit of eligibility prior to the payment of additional future benefits. The division of employment security shall cross-check unemployment compensation applicants and recipients with Social Security Administration data maintained by the federal government at least weekly. JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

FIFTY-THIRD DAY, TUESDAY, APRIL 12, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Let Thy mercy, O Lord, be upon us, according as we hope in Thee. (Psalm 33:22)

Eternal and Almighty God of our spirits, we pause in Your presence with heads bowed in prayer as we begin the demanding duties of this long day. Make Your Spirit real to us, for we need You, every hour we need You. Temptations and evil lose their powers when You are near us.

We come concerned by the spirit of our times, weighted down by economic worry, concerned by our failure to do what really needs to be done, tempted at times to give up - yet here we are. Give us the faith we need for this hour, the courage to do what is best for our state and the confidence to leave the results with You.

We recall our Missouri history today when Harry S Truman became the President of the United States in 1945. May his legacy and Missouri influence continue to have an impact in our world. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Meghan Baumer, Greg Mannino, Stephanie Kim, Arianna O'Shea, Morgan Jensen, Abby Schmitt and Luke Valtow.

The Journal of the fifty-second day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

FIFTY-FOURTH DAY, WEDNESDAY, APRIL 13, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Now, O God, strengthen Thou my hands. (Nehemiah 6:9)

Almighty God, our Heavenly Host, the source of all that is beautiful and good in life, again we come to You, restless, seeking rest in You; weak, seeking strength from You; uncertain, seeking certainty in Your presence. Lesser things have laid their hands upon us, we have majored in minors, we have triumphed with trifles - yet You are always with us endeavoring to lead us along the better way to life and to a greater life together.

Strengthen us with Your Spirit and help us to deal wisely and well with the high business before us this day. May we go from this moment of prayer to be true children of Yours, serving You and our fellow citizens with all our hearts. Because we have lived this hour and thought and prayed, may the world become a better place in which all people can live together in peace. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Ally Webb, Katie Wilson, Andrew Bexten, Reagan Taggart and Abby Davis.

The Journal of the fifty-third day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

FIFTY-FIFTH DAY, THURSDAY, APRIL 14, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

God is Spirit: and they that worship Him must worship Him in spirit and in truth. (John 4:24)

O God of truth and love, without You our world drifts into the valley of darkness and despair, let the light of Your Spirit glow within us as we worship You this moment. Deliver us from greed and bitterness, from misunderstanding and ill will - which are the seeds of contention and confusion. By the might of Your presence and by the strength of Your Spirit in our hearts make us one in You. With this oneness may we launch out into an adventurous cooperation among each other which shall be a pattern of life for our own state and for all the people of Missouri.

Underneath all differences of political parties help us to see human life struggling to be free and to find satisfaction on higher levels of daily life. We believe You are showing us the way in Your Word - help us to walk in it to the glory of Your name and for the good of our citizens.

We recall our Missouri history today when on this date in 1841 the University of Missouri, the first state university west of the Mississippi River, was opened. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Hannah Eileen Kratky, Cecilia Patience Fugaro, Antonio Michael Fugaro, Victoria Joy Fugaro, Adeline Thessen, Carter Kane, Sophia Council, Maggie Peak and Luke Dougherty.

The Journal of the fifty-fourth day was approved as corrected.

Mr. D. Adam Crumbliss
Chief Clerk and House Administrator
Missouri House of Representatives
Capitol Building, Room 306C
Jefferson City, MO 65101

Subject: Resignation

Dear Mr. Crumbliss:

Please accept this letter as notification of my resignation as Representative of District 15 of the State of Missouri House of Representatives effective midnight on April 18, 2011.

I am blessed to have had the opportunity to serve the citizens in District 15.

COMMUNICATION

April 14, 2011

Mr. Adam Crumbliss, Chief Clerk
Missouri House of Representatives
State Capitol
Jefferson City, MO 65101

Dear Chief Crumbliss:

This is to advise you that I serve as a fixed income partner with the law firm of Husch Blackwell, LLP. I have no ownership interest in the firm. Fees earned by others in the firm do not impact my compensation.

There are well over five hundred attorneys at Husch Blackwell. The firm serves thousands of clients based in numerous states, with changes in clients occurring on a daily basis. Some members of the firm may represent parties with an interest in proposed legislation. In the overwhelming majority of these instances, I will not even be aware of such representation.

To the extent a piece of legislation would directly impact an entity I know to be a client of my firm in a manner that is materially different than its impact on other similarly situated entities in the industry, I will vote "present" on the proposal.

Should you have any questions, please feel free to contact me.

Very truly yours,

/s/ Scott Sifton
District 96

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

FIFTY-SEVENTH DAY, TUESDAY, APRIL 19, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

The Lord is my helper, and I will not fear what man shall do unto me. (Hebrews 13:6)

Eternal God, our Father, in Whom we live and move and have our being, we are Your children, creatures of Your hands, sustained by Your Spirit, redeemed by Your love and guided by Your wisdom. Steady us, we pray to You, and give us strength to do what we ought to do.

Save us from accepting too easy answers to the problems that confront us. Save us from yielding to the temptation to accept the second best when the best can be ours. By the power of an inner spiritual triumph may we conquer all pettiness, all narrowness, and all unworthy desires. May we put first that which is first, second that which is second, and last that which is last. May Your Spirit rule our hearts, and together may we serve our state to the limit of our faith and our ability.

Finally, we pray for the repose of former Congressman Harold L. Volkmer of Hannibal, who served in the House from 1967 to 1976. May he rest in peace. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-fifth day was approved as printed.

The Journal of the fifty-sixth day was approved as printed.

SPECIAL RECOGNITION

Mayor-elect Sylvester "Sly" James of Kansas City, Missouri, was introduced by Representative Silvey and Speaker Tilley.

The tax authorized in this section shall be not more than one percent, and shall be imposed solely for the purpose of funding the hospital district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

6. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the hospital district shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director shall remit the balance in the account to the district and close the account of that district. The director shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district.”; and

A request for such a waiver so submitted shall only become effective by executive order not sooner than ninety days after the final adjournment of the session of the general assembly to which it is submitted, unless it is disapproved within sixty days of its submission to a regular session by a senate or house resolution adopted by a majority vote of the respective elected members thereof, unless the request for such a waiver is made subject to appropriation or directed by statute.

6. Notwithstanding any other provision of law to the contrary, in any given fiscal year, any persons made eligible for MO HealthNet benefits under subdivisions (1) to (22) of subsection 1 of this section shall only be eligible if annual appropriations are made for such eligibility. This subsection shall not apply to classes of individuals listed in 42 U.S.C. Section 1396a(a)(10)(A)(I)."; and

Subject to the availability of an appropriate placement, the department of mental health shall place any child who qualifies for placement under section 630.610. Within twenty days of receipt of the notice and evaluation from the facility, or within twenty days of the receipt of the notice and evaluation from the independent examiner, the court may order, pursuant to a hearing, the child committed to the custody of the department of mental health for residential care and habilitation, or may otherwise dispose of the matter; except, that no child shall be committed to the department of mental health for other than residential care and habilitation. Subject to the availability of an appropriate placement, the department shall place any child who qualifies for placement under section 630.610. If no appropriate placement is available, the department shall discharge the child or make such other arrangements as it may deem appropriate and consistent with the child's welfare and safety. 211.206. 1. For each child committed to the department of mental health by the juvenile court, the director of the department of mental health, or his designee, shall prepare an individualized treatment or habilitation plan, as defined in chapter 630, within thirty days of the admission for treatment or habilitation. (1) A child committed to a mental health facility no longer has a mental disorder other than [mental retardation or] **developmental disability**;

(2) A child committed to a [mental retardation] **developmental disability** facility is not [mentally retarded or] **developmentally disabled**;

(3) The condition of the child is no longer such that, for the protection of the child or others, the child requires inpatient hospitalization or residential habilitation;

(4) The mental health facility or [mental retardation] **developmental disability** facility does not offer a program which best meets the child's needs;

(5) The mental health facility or [mental retardation] **developmental disability** facility does not provide the least restrictive environment, as defined in section 630.005, which is consistent with the child's welfare and safety.

3. If the committing court specifically retained jurisdiction of the child by the terms of its order committing the child to the department of mental health, notice of the discharge, accompanied by a diagnosis and recommendations for placement of the child, shall be forwarded to the court at least twenty days before such discharge date. Unless within

twenty days of receipt of notice of discharge the juvenile court orders the child to be brought before it for appropriate proceedings, jurisdiction of that court over the child shall terminate at the end of such twenty days.

211.207. 1. If a child is committed to the division of youth services and subsequently appears to be mentally disordered, as defined in chapter 630, the division shall refer the child to the department of mental health for evaluation. The evaluation shall be performed within twenty days by a mental health facility or regional center operated by the department of mental health and, if practicable, on an outpatient basis, for the purpose of determining whether inpatient care at a mental health facility or residential habilitation in a [mental retardation] **developmental disability** facility is appropriate because the child meets the criteria specified in subsection 2 of section 211.202 or in section 633.120, respectively.

2. If, as a result of the evaluation, the director of the department of mental health, or his designee, determines that the child is not mentally disordered so as to require inpatient care and treatment in a mental health facility or residential habilitation in a [mental retardation] **developmental disability** facility, the director, or his designee, shall so notify the director of the division of youth services. If the child was evaluated on an inpatient or residential basis, the child shall be returned to the division of youth services.

3. If the director of the department of mental health, or his designee, determines that the child requires inpatient care and treatment at a mental health facility operated by the department of mental health or residential habilitation in a [mental retardation] **developmental disability** facility operated by the department of mental health, the director, or his designee, shall notify the director of the division of youth services that admission is appropriate. The director of the division may transfer the physical custody of the child to the department of mental health for admission to a department of mental health facility and the department of mental health shall accept the transfer subject to the availability of suitable accommodations.

4. The director of the department of mental health, or his designee, shall cause an individualized treatment or habilitation plan to be prepared by the mental health facility or [mental retardation] **developmental disability** facility for each child. The mental health facility or [mental retardation] **developmental disability** facility shall review the status of the child at least once every thirty days. If, as a result of any such review, it is determined that inpatient care and treatment at a mental health facility or residential habilitation in a [mental retardation] **developmental disability** facility is no longer appropriate for the child because the child does not meet the criteria specified in subsection 2 of section 211.202 or in section 633.120, respectively, the director of the department of mental health, or his designee, shall so notify the director of the division of youth services and shall return the child to the custody of the division.

5. If a child for any reason ceases to come under the jurisdiction of the division of youth services, he may be retained in a mental health facility or [mental retardation] **developmental disability** facility only as otherwise provided by law.

402.210. 1. There is hereby created the "Missouri Family Trust Board of Trustees", which shall be a body corporate and an instrumentality of the state. The board of trustees shall consist of nine persons appointed by the governor with the advice and consent of the senate. The members' terms of office shall be three years and until their successors are appointed and qualified. The trustees shall be persons who are not prohibited from serving by sections 105.450 to 105.482 and who are not otherwise employed by the department of mental health. The board of trustees shall be composed of the following:

(1) Three members of the immediate family of persons who have a disability or are the recipients of services provided by the department in the treatment of mental illness. The advisory council for comprehensive psychiatric services, created pursuant to section 632.020, shall submit a panel of nine names to the governor, from which he shall appoint three. One shall be appointed for a term of one year, one for two years, and one for three years. Thereafter, as the term of a trustee expires each year, the Missouri advisory council for comprehensive psychiatric services shall submit to the governor a panel of not less than three nor more than five proposed trustees, and the governor shall appoint one trustee from such panel for a term of three years;

(2) Three members of the immediate family of persons who are recipients of services provided by the department in the habilitation of the [mentally retarded or] developmentally disabled. The Missouri advisory council on [mental retardation and] developmental disabilities, created pursuant to section 633.020, shall submit a panel of nine names to the governor, from which he shall appoint three. One shall be appointed for one year, one for two years and one for three years. Thereafter, as the term of a trustee expires each year, the Missouri advisory council on [mental retardation and] developmental disabilities shall submit to the governor a panel of not less than three nor more than five proposed trustees, and the governor shall appoint one trustee from such panel for a term of three years;

(3) Three persons who are recognized for their expertise in general business matters and procedures. Of the three business people to be appointed by the governor, one shall be appointed for one year, one for two years and one

for three years. Thereafter, as the term of a trustee expires each year, the governor shall appoint one business person as trustee for a term of three years.

2. The trustees shall receive no compensation for their services. The trust shall reimburse the trustees for necessary expenses actually incurred in the performance of their duties.

3. As used in this section, the term "immediate family" includes spouse, parents, parents of spouse, children, spouses of children and siblings.

4. The board of trustees shall be subject to the provisions of sections 610.010 to 610.120.

5. The board of trustees shall annually prepare or cause to be prepared an accounting of the trust funds and shall transmit a copy of the accounting to the governor, the president pro tempore of the senate and the speaker of the house of representatives.

6. The board of trustees shall establish policies, procedures and other rules and regulations necessary to implement the provisions of sections 402.199 to 402.220.

475.121. 1. Pursuant to an application alleging that the admission of the ward to a particular mental health or [mental retardation] **developmental disability** facility is appropriate and in the best interest of the ward, the court may authorize the guardian or limited guardian to admit the ward to such facility. Such application shall be accompanied by a physician's statement setting forth the factual basis for the need for continued admission including a statement of the ward's current diagnosis, plan of care, treatment or habilitation and the probable duration of the admission.

2. If the court finds that the application establishes the need for inpatient care, habilitation or treatment of the ward in a mental health or [mental retardation] **developmental disability** facility without the adduction of further evidence, it shall issue an order authorizing the guardian to admit the ward to such facility in accordance with the provisions of section 632.120 or section 633.120.

3. The court may, in its discretion, appoint an attorney to represent the ward. The attorney shall meet with the ward and may request a hearing on the application. If a hearing is requested, the court shall set the application for hearing. If there is no request for hearing, the court may rule on the application without a hearing. The attorney for the ward shall be allowed a reasonable fee for his services rendered to be assessed as costs under section 475.085.

4. Proceedings under this section may be combined with adjudication proceedings under section 475.075.

475.355. 1. If, upon the filing of a petition for the adjudication of incapacity or disability it appears that the respondent, by reason of a mental disorder or [mental retardation] **developmental disability**, presents a likelihood of serious physical harm to himself or others, he may be detained in accordance with the provisions of chapter 632 if suffering from a mental disorder, or chapter 633 if [mentally retarded] **developmentally disabled**, pending a hearing on the petition for adjudication.

2. As used in this section, the terms "mental disorder" and "mental retardation" shall be as defined in chapter 630 and the term "likelihood of serious physical harm to himself or others" shall be as defined in chapter 632.

3. The procedure for obtaining an order of temporary emergency detention shall be as prescribed by chapter 632, relating to prehearing detention of mentally disordered persons.

476.537. In the event that any judge leaving no surviving spouse or any surviving spouse receiving benefits under section 476.535 as a beneficiary dies leaving dependents who are unable to care for or support themselves because of any [mental retardation] **developmental disability**, disease or disability, or any physical [handicap or] disability, the benefits that would be received by a surviving spouse on the judge's death if there were a surviving spouse or the benefits received by such surviving spouse, as the case may be, shall be paid to such surviving dependent for the remainder of such dependent's life. If the judge or such surviving spouse leaves more than one dependent who would be eligible for benefits under this section, then each eligible dependent shall receive a pro rata share of the amount that would be paid to a surviving spouse under section 476.535."; and

Further amend said bill, Section 536.031, Page 8, Line 35, by inserting after all of said section and line the following:

"552.015. 1. Evidence that the defendant did or did not suffer mental disease or defect shall not be admissible in a criminal prosecution except as provided in this section.

2. Evidence that the defendant did or did not suffer from a mental disease or defect shall be admissible in a criminal proceeding:

(1) To determine whether the defendant lacks capacity to understand the proceedings against him or to assist in his own defense as provided in section 552.020;

- (2) To determine whether the defendant is criminally responsible as provided in section 552.030;
- (3) To determine whether a person committed to the director of the department of mental health pursuant to this chapter shall be released as provided in section 552.040;
- (4) To determine if a person in the custody of any correctional institution needs care in a mental hospital as provided in section 552.050;
- (5) To determine whether a person condemned to death shall be executed as provided in sections 552.060 and 552.070;
- (6) To determine whether or not the defendant, if found guilty, should be sentenced to death as provided in chapter 558;
- (7) To determine the appropriate disposition of a defendant, if guilty, as provided in sections 557.011 and 557.031;
- (8) To prove that the defendant did or did not have a state of mind which is an element of the offense;
- (9) To determine if the defendant, if found not guilty by reason of mental disease or defect, should be immediately conditionally released by the court under the provisions of section 552.040 to the community or committed to a mental health or [mentally retarded] **developmentally disabled** facility. This question shall not be asked regarding defendants charged with any of the dangerous felonies as defined in section 556.061, or with those crimes set forth in subsection 11 of section 552.040, or the attempts thereof.

552.020. 1. No person who as a result of mental disease or defect lacks capacity to understand the proceedings against him or to assist in his own defense shall be tried, convicted or sentenced for the commission of an offense so long as the incapacity endures.

2. Whenever any judge has reasonable cause to believe that the accused lacks mental fitness to proceed, he shall, upon his own motion or upon motion filed by the state or by or on behalf of the accused, by order of record, appoint one or more private psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to [mentally retarded] **developmentally disabled** or mentally ill individuals, who are neither employees nor contractors of the department of mental health for purposes of performing the examination in question, to examine the accused; or shall direct the director to have the accused so examined by one or more psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to [mentally retarded] **developmentally disabled** or mentally ill individuals. The order shall direct that a written report or reports of such examination be filed with the clerk of the court. No private physician, psychiatrist, or psychologist shall be appointed by the court unless he has consented to act. The examinations ordered shall be made at such time and place and under such conditions as the court deems proper; except that, if the order directs the director of the department to have the accused examined, the director, or his designee, shall determine the time, place and conditions under which the examination shall be conducted. The order may include provisions for the interview of witnesses and may require the provision of police reports to the department for use in evaluations. The department shall establish standards and provide training for those individuals performing examinations pursuant to this section and section 552.030. No individual who is employed by or contracts with the department shall be designated to perform an examination pursuant to this chapter unless the individual meets the qualifications so established by the department. Any examination performed pursuant to this subsection shall be completed and filed with the court within sixty days of the order unless the court for good cause orders otherwise. Nothing in this section or section 552.030 shall be construed to permit psychologists to engage in any activity not authorized by chapter 337. One pretrial evaluation shall be provided at no charge to the defendant by the department. All costs of subsequent evaluations shall be assessed to the party requesting the evaluation.

3. A report of the examination made under this section shall include:

- (1) Detailed findings;
- (2) An opinion as to whether the accused has a mental disease or defect;
- (3) An opinion based upon a reasonable degree of medical or psychological certainty as to whether the accused, as a result of a mental disease or defect, lacks capacity to understand the proceedings against him or to assist in his own defense;
- (4) A recommendation as to whether the accused should be held in custody in a suitable hospital facility for treatment pending determination, by the court, of mental fitness to proceed; and
- (5) A recommendation as to whether the accused, if found by the court to be mentally fit to proceed, should be detained in such hospital facility pending further proceedings.

4. If the accused has pleaded lack of responsibility due to mental disease or defect or has given the written notice provided in subsection 2 of section 552.030, the court shall order the report of the examination conducted pursuant to this section to include, in addition to the information required in subsection 3 of this section, an opinion as to whether

at the time of the alleged criminal conduct the accused, as a result of mental disease or defect, did not know or appreciate the nature, quality, or wrongfulness of his conduct or as a result of mental disease or defect was incapable of conforming his conduct to the requirements of law. A plea of not guilty by reason of mental disease or defect shall not be accepted by the court in the absence of any such pretrial evaluation which supports such a defense. In addition, if the accused has pleaded not guilty by reason of mental disease or defect, and the alleged crime is not a dangerous felony as defined in section 556.061, or those crimes set forth in subsection 11 of section 552.040, or the attempts thereof, the court shall order the report of the examination to include an opinion as to whether or not the accused should be immediately conditionally released by the court pursuant to the provisions of section 552.040 or should be committed to a mental health or [mental retardation] **developmental disability** facility. If such an evaluation is conducted at the direction of the director of the department of mental health, the court shall also order the report of the examination to include an opinion as to the conditions of release which are consistent with the needs of the accused and the interest of public safety, including, but not limited to, the following factors:

- (1) Location and degree of necessary supervision of housing;
- (2) Location of and responsibilities for appropriate psychiatric, rehabilitation and aftercare services, including the frequency of such services;

- (3) Medication follow-up, including necessary testing to monitor medication compliance;

- (4) At least monthly contact with the department's forensic case monitor;

- (5) Any other conditions or supervision as may be warranted by the circumstances of the case.

5. If the report contains the recommendation that the accused should be committed to or held in a suitable hospital facility pending determination of the issue of mental fitness to proceed, and if the accused is not admitted to bail or released on other conditions, the court may order that the accused be committed to or held in a suitable hospital facility pending determination of the issue of mental fitness to proceed.

6. The clerk of the court shall deliver copies of the report to the prosecuting or circuit attorney and to the accused or his counsel. The report shall not be a public record or open to the public. Within ten days after the filing of the report, both the defendant and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to [mentally retarded] **developmentally disabled** or mentally ill individuals, of their own choosing and at their own expense. An examination performed pursuant to this subsection shall be completed and a report filed with the court within sixty days of the date it is received by the department or private psychiatrist, psychologist or physician unless the court, for good cause, orders otherwise. A copy shall be furnished the opposing party.

7. If neither the state nor the accused nor his counsel requests a second examination relative to fitness to proceed or contests the findings of the report referred to in subsections 2 and 3 of this section, the court may make a determination and finding on the basis of the report filed or may hold a hearing on its own motion. If any such opinion is contested, the court shall hold a hearing on the issue. The court shall determine the issue of mental fitness to proceed and may impanel a jury of six persons to assist in making the determination. The report or reports may be received in evidence at any hearing on the issue but the party contesting any opinion therein shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue.

8. At a hearing on the issue pursuant to subsection 7 of this section, the accused is presumed to have the mental fitness to proceed. The burden of proving that the accused does not have the mental fitness to proceed is by a preponderance of the evidence and the burden of going forward with the evidence is on the party raising the issue. The burden of going forward shall be on the state if the court raises the issue.

9. If the court determines that the accused lacks mental fitness to proceed, the criminal proceedings shall be suspended and the court shall commit him to the director of the department of mental health.

10. Any person committed pursuant to subsection 9 of this section shall be entitled to the writ of habeas corpus upon proper petition to the court that committed him. The issue of the mental fitness to proceed after commitment under subsection 9 of this section may also be raised by a motion filed by the director of the department of mental health or by the state, alleging the mental fitness of the accused to proceed. A report relating to the issue of the accused's mental fitness to proceed may be attached thereto. If the motion is not contested by the accused or his counsel or if after a hearing on a motion the court finds the accused mentally fit to proceed, or if he is ordered discharged from the director's custody upon a habeas corpus hearing, the criminal proceedings shall be resumed.

11. The following provisions shall apply after a commitment as provided in this section:

- (1) Six months after such commitment, the court which ordered the accused committed shall order an examination by the head of the facility in which the accused is committed, or a qualified designee, to ascertain whether the accused is mentally fit to proceed and if not, whether there is a substantial probability that the accused will attain the mental fitness to proceed to trial in the foreseeable future. The order shall direct that written report or reports of the

examination be filed with the clerk of the court within thirty days and the clerk shall deliver copies to the prosecuting attorney or circuit attorney and to the accused or his counsel. The report required by this subsection shall conform to the requirements under subsection 3 of this section with the additional requirement that it include an opinion, if the accused lacks mental fitness to proceed, as to whether there is a substantial probability that the accused will attain the mental fitness to proceed in the foreseeable future;

(2) Within ten days after the filing of the report, both the accused and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to [mentally retarded] **developmentally disabled** or mentally ill individuals, of their own choosing and at their own expense. An examination performed pursuant to this subdivision shall be completed and filed with the court within thirty days unless the court, for good cause, orders otherwise. A copy shall be furnished to the opposing party;

(3) If neither the state nor the accused nor his counsel requests a second examination relative to fitness to proceed or contests the findings of the report referred to in subdivision (1) of this subsection, the court may make a determination and finding on the basis of the report filed, or may hold a hearing on its own motion. If any such opinion is contested, the court shall hold a hearing on the issue. The report or reports may be received in evidence at any hearing on the issue but the party contesting any opinion therein relative to fitness to proceed shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue;

(4) If the accused is found mentally fit to proceed, the criminal proceedings shall be resumed;

(5) If it is found that the accused lacks mental fitness to proceed but there is a substantial probability the accused will be mentally fit to proceed in the reasonably foreseeable future, the court shall continue such commitment for a period not longer than six months, after which the court shall reinstitute the proceedings required under subdivision (1) of this subsection;

(6) If it is found that the accused lacks mental fitness to proceed and there is no substantial probability that the accused will be mentally fit to proceed in the reasonably foreseeable future, the court shall dismiss the charges without prejudice and the accused shall be discharged, but only if proper proceedings have been filed under chapter 632 or chapter 475, in which case those sections and no others will be applicable. The probate division of the circuit court shall have concurrent jurisdiction over the accused upon the filing of a proper pleading to determine if the accused shall be involuntarily detained under chapter 632, or to determine if the accused shall be declared incapacitated under chapter 475, and approved for admission by the guardian under section 632.120 or 633.120, to a mental health or retardation facility. When such proceedings are filed, the criminal charges shall be dismissed without prejudice if the court finds that the accused is mentally ill and should be committed or that he is incapacitated and should have a guardian appointed. The period of limitation on prosecuting any criminal offense shall be tolled during the period that the accused lacks mental fitness to proceed.

12. If the question of the accused's mental fitness to proceed was raised after a jury was impaneled to try the issues raised by a plea of not guilty and the court determines that the accused lacks the mental fitness to proceed or orders the accused committed for an examination pursuant to this section, the court may declare a mistrial. Declaration of a mistrial under these circumstances, or dismissal of the charges pursuant to subsection 11 of this section, does not constitute jeopardy, nor does it prohibit the trial, sentencing or execution of the accused for the same offense after he has been found restored to competency.

13. The result of any examinations made pursuant to this section shall not be a public record or open to the public.

14. No statement made by the accused in the course of any examination or treatment pursuant to this section and no information received by any examiner or other person in the course thereof, whether such examination or treatment was made with or without the consent of the accused or upon his motion or upon that of others, shall be admitted in evidence against the accused on the issue of guilt in any criminal proceeding then or thereafter pending in any court, state or federal. A finding by the court that the accused is mentally fit to proceed shall in no way prejudice the accused in a defense to the crime charged on the ground that at the time thereof he was afflicted with a mental disease or defect excluding responsibility, nor shall such finding by the court be introduced in evidence on that issue nor otherwise be brought to the notice of the jury.

552.030. 1. A person is not responsible for criminal conduct if, at the time of such conduct, as a result of mental disease or defect such person was incapable of knowing and appreciating the nature, quality, or wrongfulness of such person's conduct.

2. Evidence of mental disease or defect excluding responsibility shall not be admissible at trial of the accused unless the accused, at the time of entering such accused's plea to the charge, pleads not guilty by reason of mental disease or defect excluding responsibility, or unless within ten days after a plea of not guilty, or at such later date as the court

may for good cause permit, the accused files a written notice of such accused's purpose to rely on such defense. Such a plea or notice shall not deprive the accused of other defenses. The state may accept a defense of mental disease or defect excluding responsibility, whether raised by plea or written notice, if the accused has no other defense and files a written notice to that effect. The state shall not accept a defense of mental disease or defect excluding responsibility in the absence of any pretrial evaluation as described in this section or section 552.020. Upon the state's acceptance of the defense of mental disease or defect excluding responsibility, the court shall proceed to order the commitment of the accused as provided in section 552.040 in cases of persons acquitted on the ground of mental disease or defect excluding responsibility, and further proceedings shall be had regarding the confinement and release of the accused as provided in section 552.040.

3. Whenever the accused has pleaded mental disease or defect excluding responsibility or has given the written notice provided in subsection 2 of this section, and such defense has not been accepted as provided in subsection 2 of this section, the court shall, after notice and upon motion of either the state or the accused, by order of record, appoint one or more private psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to [mentally retarded] **developmentally disabled** or mentally ill individuals, who are neither employees nor contractors of the department of mental health for purposes of performing the examination in question, to examine the accused, or shall direct the director of the department of mental health, or the director's designee, to have the accused so examined by one or more psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to [mentally retarded] **developmentally disabled** or mentally ill individuals designated by the director, or the director's designee, as qualified to perform examinations pursuant to this chapter. The order shall direct that written report or reports of such examination be filed with the clerk of the court. No private psychiatrist, psychologist, or physician shall be appointed by the court unless such psychiatrist, psychologist or physician has consented to act. The examinations ordered shall be made at such time and place and under such conditions as the court deems proper; except that, if the order directs the director of the department of mental health to have the accused examined, the director, or the director's designee, shall determine the time, place and conditions under which the examination shall be conducted. The order may include provisions for the interview of witnesses and may require the provision of police reports to the department for use in evaluation. If an examination provided in section 552.020 was made and the report of such examination included an opinion as to whether, at the time of the alleged criminal conduct, the accused, as a result of mental disease or defect, did not know or appreciate the nature, quality or wrongfulness of such accused's conduct or as a result of mental disease or defect was incapable of conforming such accused's conduct to the requirements of law, such report may be received in evidence, and no new examination shall be required by the court unless, in the discretion of the court, another examination is necessary. If an examination is ordered pursuant to this section, the report shall contain the information required in subsections 3 and 4 of section 552.020. Within ten days after receiving a copy of such report, both the accused and the state shall, upon written request, be entitled to an order granting them an examination of the accused by an examiner of such accused's or its own choosing and at such accused's or its expense. The clerk of the court shall deliver copies of the report or reports to the prosecuting or circuit attorney and to the accused or his counsel. No reports required by this subsection shall be public records or be open to the public. Any examination performed pursuant to this subsection shall be completed and the results shall be filed with the court within sixty days of the date it is received by the department or private psychiatrist, psychologist or physician unless the court, for good cause, orders otherwise.

4. If the report contains the recommendation that the accused should be held in custody in a suitable hospital facility pending trial, and if the accused is not admitted to bail, or released on other conditions, the court may order that the accused be committed to or held in a suitable hospital facility pending trial.

5. No statement made by the accused in the course of any such examination and no information received by any physician or other person in the course thereof, whether such examination was made with or without the consent of the accused or upon the accused's motion or upon that of others, shall be admitted in evidence against the accused on the issue of whether the accused committed the act charged against the accused in any criminal proceeding then or thereafter pending in any court, state or federal. The statement or information shall be admissible in evidence for or against the accused only on the issue of the accused's mental condition, whether or not it would otherwise be deemed to be a privileged communication. If the statement or information is admitted for or against the accused on the issue of the accused's mental condition, the court shall, both orally at the time of its admission and later by instruction, inform the jury that it must not consider such statement or information as any evidence of whether the accused committed the act charged against the accused.

6. All persons are presumed to be free of mental disease or defect excluding responsibility for their conduct, whether or not previously adjudicated in this or any other state to be or to have been sexual or social psychopaths, or incompetent; provided, however, the court may admit evidence presented at such adjudication based on its probative

value. The issue of whether any person had a mental disease or defect excluding responsibility for such person's conduct is one for the trier of fact to decide upon the introduction of substantial evidence of lack of such responsibility. But, in the absence of such evidence, the presumption shall be conclusive. Upon the introduction of substantial evidence of lack of such responsibility, the presumption shall not disappear and shall alone be sufficient to take that issue to the trier of fact. The jury shall be instructed as to the existence and nature of such presumption when requested by the state and, where the issue of such responsibility is one for the jury to decide, the jury shall be told that the burden rests upon the accused to show by a preponderance or greater weight of the credible evidence that the defendant was suffering from a mental disease or defect excluding responsibility at the time of the conduct charged against the defendant. At the request of the defense the jury shall be instructed by the court as to the contents of subsection 2 of section 552.040.

7. When the accused is acquitted on the ground of mental disease or defect excluding responsibility, the verdict and the judgment shall so state as well as state the offense for which the accused was acquitted. The clerk of the court shall furnish a copy of any judgment or order of commitment to the department of mental health pursuant to this section to the criminal records central repository pursuant to section 43.503.

552.040. 1. For the purposes of this section, the following words mean:

(1) "Prosecutor of the jurisdiction", the prosecuting attorney in a county or the circuit attorney of a city not within a county;

(2) "Secure facility", a state mental health facility, state [mental retardation] **developmental disability** facility, private facility under contract with the department of mental health, or a section within any of these facilities, in which persons committed to the department of mental health pursuant to this chapter, shall not be permitted to move about the facility or section of the facility, nor to leave the facility or section of the facility, without approval by the head of the facility or such head's designee and adequate supervision consistent with the safety of the public and the person's treatment, habilitation or rehabilitation plan;

(3) "Tried and acquitted" includes both pleas of mental disease or defect excluding responsibility that are accepted by the court and acquittals on the ground of mental disease or defect excluding responsibility following the proceedings set forth in section 552.030.

2. When an accused is tried and acquitted on the ground of mental disease or defect excluding responsibility, the court shall order such person committed to the director of the department of mental health for custody. The court shall also order custody and care in a state mental health or retardation facility unless an immediate conditional release is granted pursuant to this section. If the accused has not been charged with a dangerous felony as defined in section 556.061, or with murder in the first degree pursuant to section 565.020, or sexual assault pursuant to section 566.040, or the attempts thereof, and the examination contains an opinion that the accused should be immediately conditionally released to the community by the court, the court shall hold a hearing to determine if an immediate conditional release is appropriate pursuant to the procedures for conditional release set out in subsections 10 to 14 of this section. Prior to the hearing, the court shall direct the director of the department of mental health, or the director's designee, to have the accused examined to determine conditions of confinement in accordance with subsection 4 of section 552.020. The provisions of subsection 16 of this section shall be applicable to defendants granted an immediate conditional release and the director shall honor the immediate conditional release as granted by the court. If the court determines that an immediate conditional release is warranted, the court shall order the person committed to the director of the department of mental health before ordering such a release. The court granting the immediate conditional release shall retain jurisdiction over the case for the duration of the conditional release. This shall not limit the authority of the director of the department of mental health or the director's designee to revoke the conditional release or the trial release of any committed person pursuant to subsection 17 of this section. If the accused is committed to a mental health or [mental retardation] **developmental disability** facility, the director of the department of mental health, or the director's designee, shall determine the time, place and conditions of confinement.

3. The provisions of sections 630.110, 630.115, 630.130, 630.133, 630.135, 630.140, 630.145, 630.150, 630.180, 630.183, 630.192, 630.194, 630.196, 630.198, 630.805, 632.370, 632.395, and 632.435 shall apply to persons committed pursuant to subsection 2 of this section. If the department does not have a treatment or rehabilitation program for a mental disease or defect of an individual, that fact may not be the basis for a release from commitment. Notwithstanding any other provision of law to the contrary, no person committed to the department of mental health who has been tried and acquitted by reason of mental disease or defect as provided in section 552.030 shall be conditionally or unconditionally released unless the procedures set out in this section are followed. Upon request by an indigent committed person, the appropriate court may appoint the office of the public defender to represent such person in any conditional or unconditional release proceeding under this section.

4. Notwithstanding section 630.115, any person committed pursuant to subsection 2 of this section shall be kept in a secure facility until such time as a court of competent jurisdiction enters an order granting a conditional or unconditional release to a nonsecure facility.

5. The committed person or the head of the facility where the person is committed may file an application in the court that committed the person seeking an order releasing the committed person unconditionally; except that any person who has been denied an application for a conditional release pursuant to subsection 13 of this section shall not be eligible to file for an unconditional release until the expiration of one year from such denial. In the case of a person who was immediately conditionally released after being committed to the department of mental health, the released person or the director of the department of mental health, or the director's designee, may file an application in the same court that released the committed person seeking an order releasing the committed person unconditionally. Copies of the application shall be served personally or by certified mail upon the head of the facility unless the head of the facility files the application, the committed person unless the committed person files the application, or unless the committed person was immediately conditionally released, the director of the department of mental health, and the prosecutor of the jurisdiction where the committed person was tried and acquitted. Any party objecting to the proposed release must do so in writing within thirty days after service. Within a reasonable period of time after any written objection is filed, which period shall not exceed sixty days unless otherwise agreed upon by the parties, the court shall hold a hearing upon notice to the committed person, the head of the facility, if necessary, the director of the department of mental health, and the prosecutor of the jurisdiction where the person was tried. Prior to the hearing any of the parties, upon written application, shall be entitled to an examination of the committed person, by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to mentally retarded or mentally ill individuals of its own choosing and at its expense. The report of the mental condition of the committed person shall accompany the application. By agreement of all parties to the proceeding any report of the mental condition of the committed person which may accompany the application for release or which is filed in objection thereto may be received by evidence, but the party contesting any opinion therein shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue.

6. By agreement of all the parties and leave of court, the hearing may be waived, in which case an order granting an unconditional release shall be entered in accordance with subsection 8 of this section.

7. At a hearing to determine if the committed person should be unconditionally released, the court shall consider the following factors in addition to any other relevant evidence:

- (1) Whether or not the committed person presently has a mental disease or defect;
- (2) The nature of the offense for which the committed person was committed;
- (3) The committed person's behavior while confined in a mental health facility;
- (4) The elapsed time between the hearing and the last reported unlawful or dangerous act;
- (5) Whether the person has had conditional releases without incident; and

(6) Whether the determination that the committed person is not dangerous to himself or others is dependent on the person's taking drugs, medicine or narcotics. The burden of persuasion for any person committed to a mental health facility under the provisions of this section upon acquittal on the grounds of mental disease or defect excluding responsibility shall be on the party seeking unconditional release to prove by clear and convincing evidence that the person for whom unconditional release is sought does not have, and in the reasonable future is not likely to have, a mental disease or defect rendering the person dangerous to the safety of himself or others.

8. The court shall enter an order either denying the application for unconditional release or granting an unconditional release. An order denying the application shall be without prejudice to the filing of another application after the expiration of one year from the denial of the last application.

9. No committed person shall be unconditionally released unless it is determined through the procedures in this section that the person does not have, and in the reasonable future is not likely to have, a mental disease or defect rendering the person dangerous to the safety of himself or others.

10. The committed person or the head of the facility where the person is committed may file an application in the court having probate jurisdiction over the facility where the person is detained for a hearing to determine whether the committed person shall be released conditionally. In the case of a person committed to a mental health facility upon acquittal on the grounds of mental disease or defect excluding responsibility for a dangerous felony as defined in section 556.061, murder in the first degree pursuant to section 565.020, or sexual assault pursuant to section 566.040, any such application shall be filed in the court that committed the person. In such cases, jurisdiction over the application for conditional release shall be in the committing court. In the case of a person who was immediately conditionally released after being committed to the department of mental health, the released person or the director of the department of mental health, or the director's designee, may file an application in the same court that released the person seeking to amend

or modify the existing release. The procedures for application for unconditional releases set out in subsection 5 of this section shall apply, with the following additional requirements:

(1) A copy of the application shall also be served upon the prosecutor of the jurisdiction where the person is being detained, unless the released person was immediately conditionally released after being committed to the department of mental health, or unless the application was required to be filed in the court that committed the person in which case a copy of the application shall be served upon the prosecutor of the jurisdiction where the person was tried and acquitted and the prosecutor of the jurisdiction into which the committed person is to be released;

(2) The prosecutor of the jurisdiction where the person was tried and acquitted shall use their best efforts to notify the victims of dangerous felonies. Notification by the appropriate person or agency by certified mail to the most current address provided by the victim shall constitute compliance with the victim notification requirement of this section;

(3) The application shall specify the conditions and duration of the proposed release;

(4) The prosecutor of the jurisdiction where the person is being detained shall represent the public safety interest at the hearing unless the prosecutor of the jurisdiction where the person was tried and acquitted decides to appear to represent the public safety interest. If the application for release was required to be filed in the committing court, the prosecutor of the jurisdiction where the person was tried and acquitted shall represent the public safety interest. In the case of a person who was immediately conditionally released after being committed to the department of mental health, the prosecutor of the jurisdiction where the person was tried and acquitted shall appear and represent the public safety interest.

11. By agreement of all the parties, the hearing may be waived, in which case an order granting a conditional release, stating the conditions and duration agreed upon by all the parties and the court, shall be entered in accordance with subsection 13 of this section.

12. At a hearing to determine if the committed person should be conditionally released, the court shall consider the following factors in addition to any other relevant evidence:

(1) The nature of the offense for which the committed person was committed;

(2) The person's behavior while confined in a mental health facility;

(3) The elapsed time between the hearing and the last reported unlawful or dangerous act;

(4) The nature of the person's proposed release plan;

(5) The presence or absence in the community of family or others willing to take responsibility to help the defendant adhere to the conditions of the release; and

(6) Whether the person has had previous conditional releases without incident. The burden of persuasion for any person committed to a mental health facility under the provisions of this section upon acquittal on the grounds of mental disease or defect excluding responsibility shall be on the party seeking release to prove by clear and convincing evidence that the person for whom release is sought is not likely to be dangerous to others while on conditional release.

13. The court shall enter an order either denying the application for a conditional release or granting conditional release. An order denying the application shall be without prejudice to the filing of another application after the expiration of one year from the denial of the last application.

14. No committed person shall be conditionally released until it is determined that the committed person is not likely to be dangerous to others while on conditional release.

15. If, in the opinion of the head of a facility where a committed person is being detained, that person can be released without danger to others, that person may be released from the facility for a trial release of up to ninety-six hours under the following procedure:

(1) The head of the facility where the person is committed shall notify the prosecutor of the jurisdiction where the committed person was tried and acquitted and the prosecutor of the jurisdiction into which the committed person is to be released at least thirty days before the date of the proposed trial release;

(2) The notice shall specify the conditions and duration of the release;

(3) If no prosecutor to whom notice is required objects to the trial release, the committed person shall be released according to conditions and duration specified in the notice;

(4) If any prosecutor objects to the trial release, the head of the facility may file an application with the court having probate jurisdiction over the facility where the person is detained for a hearing under the procedures set out in subsections 5 and 10 of this section with the following additional requirements:

(a) A copy of the application shall also be served upon the prosecutor of the jurisdiction into which the committed person is to be released; and

(b) The prosecutor or prosecutors who objected to the trial release shall represent the public safety interest at the hearing; and

(5) The release criteria of subsections 12 to 14 of this section shall apply at such a hearing.

16. The department shall provide or shall arrange for follow-up care and monitoring for all persons conditionally released under this section and shall make or arrange for reviews and visits with the client at least monthly, or more frequently as set out in the release plan, and whether the client is receiving care, treatment, habilitation or rehabilitation consistent with his needs, condition and public safety. The department shall identify the facilities, programs or specialized services operated or funded by the department which shall provide necessary levels of follow-up care, aftercare, rehabilitation or treatment to the persons in geographical areas where they are released.

17. The director of the department of mental health, or the director's designee, may revoke the conditional release or the trial release and request the return of the committed person if such director or coordinator has reasonable cause to believe that the person has violated the conditions of such release. If requested to do so by the director or coordinator, a peace officer of a jurisdiction in which a patient on conditional release is found shall apprehend and return such patient to the facility. No peace officer responsible for apprehending and returning the committed person to the facility upon the request of the director or coordinator shall be civilly liable for apprehending or transporting such patient to the facility so long as such duties were performed in good faith and without negligence. If a person on conditional release is returned to a facility under the provisions of this subsection, a hearing shall be held within ninety-six hours, excluding Saturdays, Sundays and state holidays, to determine whether the person violated the conditions of the release or whether resumption of full-time hospitalization is the least restrictive alternative consistent with the person's needs and public safety. The director of the department of mental health, or the director's designee, shall conduct the hearing. The person shall be given notice at least twenty-four hours in advance of the hearing and shall have the right to have an advocate present.

18. At any time during the period of a conditional release or trial release, the court which ordered the release may issue a notice to the released person to appear to answer a charge of a violation of the terms of the release and the court may issue a warrant of arrest for the violation. Such notice shall be personally served upon the released person. The warrant shall authorize the return of the released person to the custody of the court or to the custody of the director of mental health or the director's designee.

19. The head of a mental health facility, upon any notice that a committed person has escaped confinement, or left the facility or its grounds without authorization, shall immediately notify the prosecutor and sheriff of the county wherein the committed person is detained of the escape or unauthorized leaving of grounds and the prosecutor and sheriff of the county where the person was tried and acquitted.

20. Any person committed to a mental health facility under the provisions of this section upon acquittal on the grounds of mental disease or defect excluding responsibility for a dangerous felony as defined in section 556.061, murder in the first degree pursuant to section 565.020, or sexual assault pursuant to section 566.040 shall not be eligible for conditional or unconditional release under the provisions of this section unless, in addition to the requirements of this section, the court finds that the following criteria are met:

(1) Such person is not now and is not likely in the reasonable future to commit another violent crime against another person because of such person's mental illness; and

(2) Such person is aware of the nature of the violent crime committed against another person and presently possesses the capacity to appreciate the criminality of the violent crime against another person and the capacity to conform such person's conduct to the requirements of law in the future.

4. The comprehensive children's mental health services system shall:

630.120. No patient or resident, either voluntary or involuntary, shall be presumed to be incompetent, to forfeit any legal right, responsibility or obligation or to suffer any legal disability as a citizen, unless otherwise prescribed by law, as a consequence of receiving evaluation, care, treatment, habilitation or rehabilitation for a mental disorder, mental illness, [mental retardation,] developmental disability, alcohol problem or drug problem.

630.165. 1. When any physician, physician assistant, dentist, chiropractor, optometrist, podiatrist, intern, resident, nurse, nurse practitioner, medical examiner, social worker, licensed professional counselor, certified substance abuse counselor, psychologist, other health practitioner, minister, Christian Science practitioner, peace officer, pharmacist, physical therapist, facility administrator, nurse's aide, orderly or any other direct-care staff in a residential facility, day program, group home or [mental retardation] **developmental disability** facility as defined in section 633.005, or specialized service operated, licensed, certified, or funded by the department or in a mental health facility or mental health program in which people may be admitted on a voluntary basis or are civilly detained pursuant to chapter 632, or employee of the departments of social services, mental health, or health and senior services; or home health agency or home health agency employee; hospital and clinic personnel engaged in examination, care, or treatment of persons; in-home services owner, provider, operator, or employee; law enforcement officer, long-term care facility administrator or employee; mental health professional, probation or parole officer, or other nonfamilial person with responsibility for the care of a patient, resident, or client of a facility, program, or service has reasonable cause to suspect that a patient, resident or client of a facility, program or service has been subjected to abuse or neglect or observes such person being subjected to conditions or circumstances that would reasonably result in abuse or neglect, he or she shall immediately report or cause a report to be made to the department in accordance with section 630.163.

2. Any person who knowingly fails to make a report as required in subsection 1 of this section is guilty of a class A misdemeanor and shall be subject to a fine up to one thousand dollars. Penalties collected for violations of this section shall be transferred to the state school moneys fund as established in section 166.051 and distributed to the public schools of this state in the manner provided in section 163.031. Such penalties shall not considered charitable for tax purposes.

3. Every person who has been previously convicted of or pled guilty to failing to make a report as required in subsection 1 of this section and who is subsequently convicted of failing to make a report under subsection 2 of this section is guilty of a class D felony and shall be subject to a fine up to five thousand dollars. Penalties collected for violation of this subsection shall be transferred to the state school moneys fund as established in section 166.051 and distributed to the public schools of this state in the manner provided in section 163.031. Such penalties shall not considered charitable for tax purposes.

4. Any person who knowingly files a false report of vulnerable person abuse or neglect is guilty of a class A misdemeanor and shall be subject to a fine up to one thousand dollars. Penalties collected for violations of this subsection shall be transferred to the state school moneys fund as established in section 166.051 and distributed to the public schools of this state in the manner provided in section 163.031. 5. Every person who has been previously convicted of or pled guilty to making a false report to the department and who is subsequently convicted of making a false report under subsection 4 of this section is guilty of a class D felony and shall be subject to a fine up to five thousand dollars. Penalties collected for violations of this subsection shall be transferred to the state school moneys fund as established in section 166.051 and distributed to the public schools of this state in the manner provided in section 163.031. Such penalties shall not considered charitable for tax purposes.

6. Evidence of prior convictions of false reporting shall be heard by the court, out of the hearing of the jury, prior to the submission of the case to the jury, and the court shall determine the existence of the prior convictions.

7. Any residential facility, day program, or specialized service operated, funded, or licensed by the department that prevents or discourages a patient, resident, [or] client, employee, or other person from reporting that a patient, resident, or client of a facility, program, or service has been abused or neglected shall be subject to loss of their license issued pursuant to sections 630.705 to 630.760 and civil fines of up to five thousand dollars for each attempt to prevent or discourage reporting.

630.183. Subject to other provisions of this chapter, the head of a mental health or [mental retardation] **developmental disability** facility may authorize the medical and surgical treatment of a patient or resident under the following circumstances:

- (1) Upon consent of a patient or resident who is competent;
- (2) Upon consent of a parent or legal guardian of a patient or resident who is a minor or legally incapacitated;
- (3) Pursuant to the provisions of chapter 431;
- (4) Pursuant to an order of a court of competent jurisdiction.

630.192. No biomedical or pharmacological research shall be conducted in any mental health facility or mental health program in which people may be civilly detained pursuant to chapter 632 or in any public or private residential facilities or day programs operated, funded or licensed by the department for persons affected by [mental retardation,] developmental disabilities, mental illness, mental disorders or alcohol or drug abuse unless such research is intended to alleviate or prevent the disabling conditions or is reasonably expected to be of direct therapeutic benefit to the

participants. Without a specific court order, no involuntary patient shall consent to participate in any biomedical or pharmacological research. The application for the order shall be filed in the court having probate jurisdiction in the county in which the mental health facility is located, provided, however, that if the patient requests that the hearing be held by the court which has committed the patient, or if the court having probate jurisdiction deems it appropriate, the hearing on the application shall be transferred to the committing court.

630.210. 1. The director shall determine the maximum amount for services which shall be charged in each of the residential facilities, day programs or specialized services operated or funded by the department for full-time or part-time inpatient, resident or outpatient evaluation, care, treatment, habilitation, rehabilitation or other service rendered to persons affected by mental disorder, mental illness, [mental retardation,] developmental disability or drug or alcohol abuse. The maximum charge shall be related to the per capita inpatient cost or actual outpatient evaluation or other service costs of each facility, program or service, which may vary from one locality to another. The director shall promulgate rules setting forth a reasonable standard means test which shall be applied by all facilities, programs and services operated or funded by the department in determining the amount to be charged to persons receiving services. The department shall pay, out of funds appropriated to it for such purpose, all or part of the costs for the evaluation, care, treatment, habilitation, rehabilitation or room and board provided or arranged by the department for any patient, resident or client who is domiciled in Missouri and who is unable to pay fully for services.

2. The director shall apply the standard means test annually and may make application of the test upon his own initiative or upon request of an interested party whenever evidence is offered tending to show that the current support status of any patient, resident or client is no longer proper. Any change of support status shall be retroactive to the date of application or request for review. If the persons responsible to pay under section 630.205 or 552.080 refuse to cooperate in providing information necessary to properly apply the test or if retroactive benefits are paid on behalf of the patient, resident or client, the charges may be retroactive to a date prior to the date of application or request for review. The decision of the director in determining the amount to be charged for services to a patient, resident or client shall be final. Appeals from the determination may be taken to the circuit court of Cole County or the county where the person responsible for payment resides in the manner provided by chapter 536.

3. The department shall not pay for services provided to a patient, resident or client who is not domiciled in Missouri unless the state is fully reimbursed for the services; except that the department may pay for services provided to a transient person for up to thirty days pending verification of his domiciliary state, and for services provided for up to thirty days in an emergency situation. The director shall promulgate rules for determination of the domiciliary state of any patient, resident or client receiving services from a facility, program or service operated or funded by the department.

4. Whenever a patient, resident or client is receiving services from a residential facility, day program or specialized service operated or funded by the department, and the state, county, municipality, parent, guardian or other person responsible for support of the patient, resident or client fails to pay any installment required to be paid for support, the department or the residential facility, day program or specialized service may discharge the patient, resident or client as provided by chapter 31. The patient, resident or client shall not be discharged under this subsection until the final disposition of any appeal filed under subsection 2 of this section.

5. The standard means test may be waived for a child in need of mental health services to avoid inappropriate custody transfers to the children's division. The department of mental health shall notify the child's parent or custodian that the standard means test may be waived. The department of mental health shall promulgate rules for waiving the standard means test. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

630.335. 1. With the approval of the director, the head of any of the department's mental health or [mental retardation] **developmental disability** facilities or regional centers may establish and operate a canteen or commissary for the use and benefit of patients, residents and employees.

2. Each facility or center shall keep revenues received from the canteen or commissary established and operated by the head of the facility in a separate account. The acquisition cost of goods sold and other expenses shall be paid from this account. A minimum amount of money necessary to meet cash flow needs and current operating expenses may be kept in this account. The remaining funds from sales of each commissary or canteen shall be deposited monthly in the state treasury to the credit of the mental health trust fund. The money in the fund shall be expended, upon appropriation,

for the benefit of the patients in the improvement of the recreation, habilitation or treatment services or equipment of the facility or center from which derived. The provisions of section 33.080 to the contrary notwithstanding, the money in the mental health trust fund shall be retained for the purposes specified in this section and shall not revert or be transferred to general revenue. The department of mental health shall keep accurate records of the source of money deposited in the mental health trust fund and shall allocate appropriations from the fund to the appropriate institution, facility or center.

630.405. 1. The department may purchase services for patients, residents or clients from private and public vendors in this state with funds appropriated for this purpose.

2. Services that may be purchased may include prevention, diagnosis, evaluation, treatment, habilitation, rehabilitation, transportation and other special services for persons affected by mental disorders, mental illness, [mental retardation,] developmental disabilities or alcohol or drug abuse.

3. The commissioner of administration, in consultation with the director, shall promulgate rules establishing procedures consistent with the usual state purchasing procedures pursuant to chapter 34 for the purchase of services pursuant to this section. The commissioner may authorize the department to purchase any technical service which, in his judgment, can best be purchased direct pursuant to chapter 34. The commissioner shall cooperate with the department to purchase timely services appropriate to the needs of the patients, residents or clients of the department.

4. The commissioner of administration may promulgate rules authorizing the department to review, suspend, terminate, or otherwise take remedial measures with respect to contracts with vendors as defined in subsection 1 of this section that fail to comply with the requirements of section 210.906.

5. The commissioner of administration may promulgate rules for a waiver of chapter 34 bidding procedures for the purchase of services for patients, residents and clients with funds appropriated for that purpose if, in the commissioner's judgment, such services can best be purchased directly by the department.

6. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536.

630.425. 1. The department may make incentive grants from funds specifically appropriated for this purpose to private and public entities seeking to establish a residential facility, day program or specialized service for persons affected by mental disorders, mental illness, [mental retardation,] developmental disabilities or alcohol or drug abuse in unserved, underserved or inappropriately served areas of the state.

2. The department shall promulgate rules establishing procedures for monitoring and auditing such grants.

3. The grants shall be of limited duration of one year and renewable for only one additional year if the funds are appropriated for this purpose.

630.510. At least once every three years, the department shall conduct a complete statewide inventory of its existing facilities and a survey of needs for persons affected by mental disorders, mental illness, [mental retardation,] developmental disabilities and alcohol or drug abuse, and shall make a public report of its inventory and survey and recommend a state plan for the construction of additional facilities.

630.605. The department shall establish a placement program for persons affected by a mental disorder, mental illness, [mental retardation,] developmental disability or alcohol or drug abuse. The department may utilize residential facilities, day programs and specialized services which are designed to maintain a person who is accepted in the placement program in the least restrictive environment in accordance with the person's individualized treatment, habilitation or rehabilitation plan. The department shall license, certify and fund, subject to appropriations, a continuum of facilities, programs and services short of admission to a department facility to accomplish this purpose.

630.610. 1. If the head of a facility operated by the department determines that placement out of the facility would be appropriate for any patient or resident, the head of the facility shall refer the patient or resident for placement according to the department's rules. If a patient or resident is accepted and placed under this chapter, then the patient or resident shall be considered as discharged as a patient or resident of the facility and reclassified as a client of the department.

2. Any person, his authorized representative, his parent, if the person is a minor, his guardian, a court of competent jurisdiction or a state or private facility or agency having custody of the person may apply for placement of the person under this chapter.

3. If the department finds the application to be appropriate after review, it shall provide for or arrange for a comprehensive evaluation, and the preparation of an individualized treatment, habilitation or rehabilitation plan of the

person seeking to be placed, whether from a department facility or directly, to determine if he meets the following criteria:

(1) The person is affected by a mental disorder, mental illness, [mental retardation,] developmental disability or alcohol or drug abuse; and

(2) The person is in need of special care, treatment, habilitation or rehabilitation services as described in this chapter, including room or board, or both; provided, however, that no person shall be accepted for placement if the sole reason for the application or referral is that residential placement is necessary for a school-aged child, as defined in chapter 162, to receive an appropriate special education.

630.635. 1. If a resident in a [mental retardation] **developmental disability** facility, or his parent if he is a minor, or his legal guardian refuses to consent to the proposed placement, the head of the [mental retardation] **developmental disability** facility may petition, under the procedures in section 633.135, the director of the division of [mental retardation and] developmental disabilities to determine whether the proposed placement is appropriate under chapter 633.

2. If a patient in a mental health facility, or his parent if he is a minor, or his legal guardian refuses to consent to the proposed placement, the head of the mental health facility may petition the director of the division of comprehensive psychiatric services to determine whether the proposed placement is appropriate under sections 630.610, 630.615 and 630.620.

3. The director of the division of comprehensive psychiatric services shall refer the petition to the chairman of the state advisory council for his division who shall appoint and convene a review panel composed of three members. At least one member of the panel shall be a family member or guardian of a patient who resides in a mental health facility operated by the department. The remaining members of the panel shall be persons who are from nongovernmental organizations or groups concerned with the prevention of mental disorders, evaluation, care, treatment or rehabilitation of persons affected by the same conditions as the patient the department seeks to place and who are familiar with services and service needs of persons in mental health facilities operated by the department. No member of the panel shall be an officer or employee of the department.

4. After prompt notice and hearing, the panel shall determine whether the proposed placement is appropriate under sections 630.610, 630.615 and 630.620. The hearing shall be electronically recorded for purposes of obtaining a transcript. The council shall forward the tape recording, recommended findings of fact, conclusions of law, and decision to the director who shall enter findings of fact, conclusions of law, and the final decision. Notice of the director's decision shall be sent to the patient, or his parent if he is a minor, or his guardian by registered mail, return receipt requested. The director shall expedite this review in all respects.

5. If the patient, or his parent if he is a minor, or his guardian disagrees with the decision of the director, he may appeal the decision, within thirty days after notice of the decision is sent, to the circuit court of the county where the patient or resident, or his parent if he is a minor, or his guardian resides. The court shall review the record, proceedings and decision of the director not only under the provisions of chapter 536, but also as to whether or not the head of the facility or the department sustained its burden of proof that the proposed placement is appropriate under sections 630.110, 630.115 and 630.120. The court shall expedite this review in all respects. Notwithstanding the provisions of section 536.140, a court may, for good cause shown, hear and consider additional competent and material evidence.

6. The notice and procedure for the hearing by the panel shall be in accordance with chapter 536.

7. In all proceedings either before the panel or before the circuit court, the burden of proof shall be upon the head of the facility to demonstrate by a preponderance of evidence that the proposed placement is appropriate under the criteria set forth in sections 630.610, 630.615 and 630.120.

8. Pending the convening of the hearing panel and the final decision of the director or the court if the director's decision is appealed, the department shall not place or discharge the patient from a facility except that the department may temporarily transfer such patient in the case of a medical emergency.

9. There shall be no retaliation against any state employee as the result of a good faith decision to place the patient which is appealed and who testifies during a hearing or otherwise provides information or evidence in regard to a proposed placement.

630.705. 1. The department shall promulgate rules setting forth reasonable standards for residential facilities and day programs for persons who are affected by a mental disorder, mental illness, [mental retardation] or developmental disability.

2. The rules shall provide for the facilities and programs to be reasonably classified as to resident or client population, size, type of services or other reasonable classification. The department shall design the rules to promote

and regulate safe, humane and adequate facilities and programs for the care, treatment, habilitation and rehabilitation of persons described in subsection 1 of this section.

3. The following residential facilities and day programs shall not be licensed by the department:
 - (1) Any facility or program which relies solely upon the use of prayer or spiritual healing;
 - (2) Any educational, special educational or vocational program operated, certified or approved by the state board of education pursuant to chapters 161, 162 and 178, and regulations promulgated by the board;
 - (3) Any hospital, facility, program or entity operated by this state or the United States; except that facilities operated by the department shall meet these standards;
 - (4) Any hospital, facility or other entity, excluding those with persons who are [mentally retarded and] developmentally disabled as defined in section 630.005 otherwise licensed by the state and operating under such license and within the limits of such license, unless the majority of the persons served receive activities and services normally provided by a licensed facility pursuant to this chapter;
 - (5) Any hospital licensed by the department of social services as a psychiatric hospital pursuant to chapter 197;
 - (6) Any facility or program accredited by the Joint Commission on Accreditation of Hospitals, the American Osteopathic Association, Accreditation Council for Services for Mentally Retarded or other Developmentally Disabled Persons, Council on Accreditation of Services for Children and Families, Inc., or the Commission on Accreditation of Rehabilitation Facilities;
 - (7) Any facility or program caring for less than four persons whose care is not funded by the department.

630.715. 1. The department shall establish a procedure for the licensing of residential facilities and day programs for persons described in section 630.705, which procedure shall provide for the acceptance of a license, a temporary operating permit or a probationary license issued by the department of social services under sections 198.006 to 198.096 as regards the licensing requirements in the following areas:

- (1) General medical and health care;
- (2) Adequate physical plant facilities including fire safety, housekeeping and maintenance standards;
- (3) Food service facilities;
- (4) Safety precautions;
- (5) Drugs and medications;
- (6) Uniform system of record keeping;
- (7) Resident and client rights and grievance procedures.

However, the department shall require annually that any facilities and programs already licensed by the department of social services under chapter 198 which desire to provide services to persons diagnosed as mentally disordered, mentally ill, [mentally retarded] or developmentally disabled in accordance with sections 630.705 to 630.760 meet the department's requirements in excess of those required for licensure or certification under chapter 198, which are appropriate to admission criteria and care, treatment, habilitation and rehabilitation needs of such persons.

2. Applications for licenses shall be made to the department upon forms provided by it and shall contain such information and documents as the department requires, including, but not limited to, affirmative evidence of ability to comply with the rules adopted by the department. Each application for a license, except applications from a governmental unit or a facility caring for less than four persons, which shall not pay any fee, shall be accompanied by a license fee of ten dollars for establishments which accept more than three but less than ten persons and fifty dollars from establishments which accept ten or more. The license fee shall be paid to the director of revenue for deposit to the general revenue fund of the state treasury.

3. An applicant for a license shall submit an affidavit under oath that all documents required by the department to be filed pursuant to this section are true and correct to the best of his knowledge and belief, that the statements contained in the application are true and correct to the best of his knowledge and belief and that all required documents are either included with the application or are currently on file with the department.

630.735. 1. No person or governmental unit, acting separately or jointly with any other person or governmental unit, shall establish, conduct or maintain any residential facility in this state for the care, treatment, habilitation or rehabilitation of [mentally retarded or] developmentally disabled persons without a valid license issued by the department. Licenses in effect on August 13, 1982, shall continue in effect until they regularly expire unless sooner revoked; except that in no case shall a license continue in effect beyond one year after August 13, 1982.

2. After October 1, 1983, no person or governmental unit, acting separately or jointly with any other person or governmental unit, shall establish, conduct or maintain any residential facility or day program in this state for care,

treatment, habilitation or rehabilitation of persons diagnosed as mentally disordered or mentally ill or day program for [mentally retarded or] developmentally disabled persons unless the facilities or programs are licensed by the department.

The department may require that a community-based service where the person resides perform the evaluation pursuant to an affiliation agreement and contract with the department.

2. If a person is diagnosed as having a mental disorder, other than [mental retardation or] developmental disability without another accompanying mental disorder, and is determined to be in need of inpatient treatment, the person may be admitted by a private mental health facility and shall be admitted by a department mental health facility, if suitable accommodations are available, for care and treatment as an inpatient for such periods and under such conditions as authorized by law. The department may require that a community-based service where the patient resides admit the person for inpatient care and treatment pursuant to an affiliation agreement and contract with the department.

3. A person who is admitted under this section is a voluntary patient and shall have the right to consent to evaluation, care, treatment and rehabilitation and shall not be medicated without his prior voluntary and informed consent; except that medication may be given in emergency situations.

632.110. 1. The head of a private mental health facility may, and the head of a department mental health facility shall, except in the case of a medical emergency and subject to the availability of suitable programs and accommodations, accept for evaluation, on an outpatient basis if practicable, any minor for whom an application for voluntary admission is made by his parent or other legal custodian. The department may require that a community-based service where the minor resides perform the evaluation pursuant to an affiliation agreement or contract with the department.

2. If the minor is diagnosed as having a mental disorder, other than [mental retardation or] developmental disability without another accompanying mental disorder, and found suitable for inpatient treatment as a result of the evaluation, the minor may be admitted by a private mental health facility or shall be admitted by a department mental health facility, if suitable accommodations are available, for care, treatment and rehabilitation as an inpatient for such periods and under such conditions as authorized by law. The department may require that a community-based service where the patient resides admit the person for inpatient care, treatment and rehabilitation pursuant to an affiliation agreement and contract with the department.

3. The parent or legal custodian who applied for the admission of the minor shall have the right to authorize his evaluation, care, treatment and rehabilitation and the right to refuse permission to medicate the minor; except that medication may be given in emergency situations.

4. The parent or legal custodian may request a peace officer to take a minor into custody and transport him to the mental health facility for evaluation if the parent or legal custodian applies for such evaluation under subsection 1 of this section.

632.115. The head of a private mental health facility may, and the head of a public mental health facility shall, except in the case of medical emergency and subject to the availability of suitable programs and accommodations, admit any minor who has symptoms of mental disorder other than [mental retardation or] developmental disability, who is under the jurisdiction of a juvenile court and who is committed to a facility not operated by the state of Missouri under section 211.181 or to the custody of the director pursuant to sections 211.201 to 211.207 for assignment by the director to an appropriate facility.

632.120. 1. The head of a private mental health facility may, and the head of a department facility shall, except in the case of a medical emergency and subject to the availability of suitable programs and accommodations, accept for evaluation and treatment, on an outpatient basis if practicable, any person who has been declared incapacitated by a court of competent jurisdiction and for whom an application for voluntary admission is made by his guardian. 3. If further inpatient services are recommended, the person may remain in the facility only if his guardian is authorized by the court to continue the inpatient hospitalization. The court may authorize the guardian to consent to evaluation, care, treatment, including medication, and rehabilitation on an inpatient basis.

632.370. 1. The department may transfer, or authorize the transfer of, an involuntary patient detained under this chapter, chapter 211, chapter 475, or chapter 552 from one mental health program to another if the department determines that it would be consistent with the medical needs of the patient to do so. If a minor is transferred from a ward for minors to an adult ward, the department shall conduct a due process hearing within six days of such transfer during which hearing the head of the program shall have the burden to show that the transfer is appropriate for the medical needs of the minor. Whenever a patient is transferred, written notice thereof shall be given after obtaining the consent of the patient, his parent if he is a minor or his legal guardian to his legal guardian, parents and spouse, or, if none be known, his nearest known relative or friend. In all such transfers, due consideration shall be given to the relationship of the patient to his family, legal guardian or friends, so as to maintain relationships and encourage visits beneficial to the patient. The head of the mental health program shall notify the court ordering detention or commitment, the patient's last known attorney of record and the mental health coordinator for the region, and if the person was committed pursuant to chapter 552, to the prosecuting attorney of the jurisdiction where the person was tried and acquitted, of any transfer from one mental health facility to another. The prosecutor of the jurisdiction where the person was tried and acquitted shall use their best efforts to notify the victims of dangerous felonies. Notification by the appropriate person or agency by certified mail to the most current address provided by the victim shall constitute compliance with the victim notification requirement of this section. In the case of a patient committed under chapter 211, the court, on its own motion, may hold a hearing on the transfer to determine whether such transfer is appropriate to the medical needs of the patient.

2. Upon receipt of a certificate of an agency of the United States that facilities are available for the care or treatment of any individual heretofore ordered involuntarily detained, treated and evaluated pursuant to this chapter in any facility for the care or treatment of the mentally ill, [mentally retarded or] developmentally disabled and that such individual is eligible for care or treatment in a hospital or institution of such agency, the department may cause his transfer to such agency of the United States for hospitalization. Upon effecting any such transfer, the court ordering hospitalization, the legal guardian, spouse and parents, or, if none be known, his nearest known relative or friend shall be notified thereof immediately by the department. No person shall be transferred to an agency of the United States if he is confined pursuant to a conviction for any felony or misdemeanor or if he has been acquitted of any felony or misdemeanor solely on the ground of mental illness, unless prior to transfer the court originally ordering confinement

of such person enters an order for the transfer after appropriate motion and hearing. Any person transferred to an agency of the United States shall be deemed to be hospitalized by such agency pursuant to the original order of hospitalization.

632.380. Persons who are [mentally retarded,] developmentally disabled, senile or impaired by alcoholism or drug abuse shall not be detained judicially under this chapter, unless they are also mentally ill and as a result present likelihood of serious harm to themselves or to others. Such persons may, however, be committed upon court order under this chapter and the provisions of chapter 475 relating to incapacitated persons, pursuant to chapter 211 relating to juveniles, or may be admitted as voluntary patients under section 632.105 or 632.120.

5. The council may be divided into subcouncils in accordance with its bylaws.

6. The council shall collaborate with the department in developing and administering a state plan for [mental retardation and] developmental disabilities services.

7. No member of a state advisory council may participate in or seek to influence a decision or vote of the council if the member would be directly involved with the matter or if he would derive income from it. A violation of the prohibition contained herein shall be grounds for a person to be removed as a member of the council by the director.

8. The council shall be advisory and shall:

(1) Promote meetings and programs for the discussion of reducing the debilitating effects of [mental retardation and] developmental disabilities and disseminate information in cooperation with any other department, agency or entity on the prevention, evaluation, care, treatment and habilitation for persons affected by [mental retardation or] developmental disabilities;

633.029. All persons determined eligible for services provided by the division of [mental retardation and] developmental disabilities prior to January 1, 1991, shall be eligible for services on the basis of their earlier determination of eligibility without regard to their eligibility status under the definition of developmental disability contained in section 630.005.

633.030. 1. The department shall prepare a state plan to secure coordinated [mental retardation and] developmental disabilities habilitation services accessible to persons in need of them in defined geographic areas, which plan shall be reviewed and revised annually.

2. The state plan shall include, but not be limited to, the following:

3. In preparing the state plan, the department shall take into consideration its regional plans.

633.045. 1. Any regional advisory councils established under section 633.040 shall participate in the preparation of regional plans and annually review, advise on and recommend them before they are transmitted to the state advisory council and the division director. The plans shall include at least the following:

(2) An assessment of needs, including any special target populations, of unserved, underserved or inappropriately served persons;

2. Any staff of such regional advisory councils shall be provided only from funds appropriated specifically for that purpose. This subsection shall become effective July 1, 1981.

633.050. 1. In addition to such other advisory functions as may be agreed upon with the division, the regional advisory councils shall review and advise on programs and policies of the regional centers. The councils shall review, advise on, and recommend regional program budgets and shall report to the division director their findings as to their conformity with the regional plans before they are transmitted to the department to be considered for inclusion in the department budget request.

2. The regional councils may advise the department, the division and the regional centers on methods of operation and service delivery which will assure comprehensive services with the minimum amount of duplication, fragmentation and unnecessary expenditures. In making such proposals, the councils shall consider the most appropriate use of existing agencies and professional personnel providing residential facilities, day programs and other specialized services for the [mentally retarded and] developmentally disabled in their regions.

3. The duties of the regional advisory councils shall include:

(1) Determining the disbursement of the cash stipend as established in section 633.180 and the family support loan as established in section 633.185;

633.110. 1. Any person suspected to be [mentally retarded or] developmentally disabled shall be eligible for initial diagnostic and counseling services through the regional centers.

2. If it is determined by a regional center through a comprehensive evaluation that a person is [mentally retarded or] developmentally disabled so as to require the provision of services, and if such person, such person's parent, if the person is a minor, or legal guardian, requests that he be registered as a client of a regional center, the regional center shall, within the limits of available resources, secure a comprehensive program of any necessary services for such person. Such services may include, but need not be limited to, the following:

- (1) Diagnosis and evaluation;
- (2) Counseling;
- (3) Respite care;
- (4) Recreation;
- (5) Habilitation;
- (6) Training;

- (14) Transportation.

3. In securing the comprehensive program of services, the regional centers shall involve the client, his family or his legal guardian in decisions affecting his care, habilitation, placement or referral. Nothing in this chapter shall be construed as authorizing the care, treatment, habilitation, referral or placement of any [mentally retarded or] developmentally disabled person to any residential facility, day program or other specialized service without the written consent of the client, his parent, if he is a minor, or his legal guardian, unless such care, treatment, habilitation, referral, or placement is authorized pursuant to an order of the court under the provisions of chapter 475.

633.115. The regional center shall secure services for its clients in the least restrictive environment consistent with individualized habilitation plans. As a result of its comprehensive evaluation, the regional center shall utilize the following entities to secure services:

- (1) Agencies serving persons not diagnosed as [mentally retarded or] developmentally disabled in which the client would be eligible to receive available services or in which the services could be made available to the client through the purchase of assistive or supportive services;
- (2) Agencies serving [mentally retarded or] developmentally disabled persons in which the client would be eligible to receive available services or in which services could be made available to the client through the purchase of assistive or supportive services;
- (3) The regional center on a day-program basis;
- (4) The regional center for short-term residential services, not to exceed six months, unless expressly authorized for a longer period by the division director;
- (5) A residential facility licensed through the department placement program, but not operated by the department;
- (6) A [mental retardation] **developmental disability** facility operated by the department for clients who are developmentally disabled [or mentally retarded].

633.120. 1. A regional center may refer a client for admission to a [mental retardation] **developmental disability** facility only if determined by a comprehensive evaluation that:

- (1) The person has a developmental disability;
- (2) Protective services are required to guarantee the health, safety or mental well-being of the person;
- (3) Placement in a [mental retardation] **developmental disability** facility is in the best interests of the person;

and

(4) All other less restrictive services, including but not limited to family support and supported living, have been explored and found inadequate to prevent placement in a [mental retardation] **developmental disability** facility.

2. The regional center shall forward its comprehensive evaluation containing the determination under subsection 1 of this section and such other records as are necessary to enable the [mental retardation] **developmental disability** facility to determine whether to accept or reject the referral.

3. The head of a private [mental retardation] **developmental disability** facility may, and the head of a department [mental retardation] **developmental disability** facility shall, admit the person if, as a result of reviewing the evaluation, the head of the [mental retardation] **developmental disability** facility determines that the client is appropriate for admission as a resident and suitable accommodations are available. If the head of a department [mental retardation] **developmental disability** facility rejects the referral, the regional center may appeal the rejection to the division director. After consulting with the head of the referring regional center and the head of the department [mental retardation] **developmental disability** facility, the division director shall determine the appropriate disposition of the client.

4. The person to be admitted, if competent, his parent or legal custodian, if he is a minor, or his guardian, as authorized by a court, shall consent to the admission unless otherwise ordered by a court.

5. The head of a [mental retardation] **developmental disability** facility shall have an individualized habilitation plan for each resident within thirty days of the resident's admission. Such plan shall include a statement regarding the resident's anticipated length of stay in the facility and the feasibility of least restrictive alternatives.

6. If procedures are initiated under chapter 475 for the appointment of a guardian for a resident of a department [mental retardation] **developmental disability** facility, the referral procedure under this section shall not apply.

633.125. 1. A resident admitted to a [mental retardation] **developmental disability** facility pursuant to section 633.120 shall be discharged immediately when the person who applied for his admission requests the release orally, in writing or otherwise from the head of the [mental retardation] **developmental disability** facility; except, that if the head of the [mental retardation] **developmental disability** facility regards the resident as presenting a likelihood of serious harm to himself or others, the head of the facility may initiate involuntary detention procedures pursuant to chapter 632, if appropriate, or any individual, including the head of the facility or the mental health coordinator may initiate guardianship proceedings and, if appropriate, obtain an emergency commitment order pursuant to chapter 475.

2. A resident shall be discharged from a department [mental retardation] **developmental disability** facility if it is determined in a comprehensive evaluation or periodic review that the person is not [mentally retarded or] developmentally disabled, and if the resident, parent, if a minor, or guardian consents to the discharge. If consent is not obtained, the head of the facility shall initiate appeal proceedings under section 633.135, before a resident can be discharged.

3. A resident shall either be discharged from a department [mental retardation] **developmental disability** facility or shall be referred to a regional center for placement in a least restrictive environment pursuant to section 630.610, if it is determined in a comprehensive evaluation or periodic review that the following criteria exist:

(1) The resident's condition is not of such a nature that for the protection or adequate care of the resident or others the resident needs department residential habilitation or other services;

(2) The [mental retardation] **developmental disability** facility does not offer a program which best meets the resident's needs; or

(3) The [mental retardation] **developmental disability** facility does not provide the least restrictive environment feasible. A resident may not be discharged without his consent or the consent of his parent, if he is a minor, or guardian unless proceedings have been completed under section 633.135.

4. After a resident's discharge pursuant to subsection 3 of this section, the resident shall be referred to an appropriate regional center for assistance in obtaining any necessary services.

633.130. 1. At least once every one hundred eighty days, the head of each [mental retardation] **developmental disability** facility shall cause the condition and status of each resident to be reviewed and evaluated for the purpose of determining whether the resident needs further residential habilitation, placement in the least restrictive environment or discharge.

2. The head of the facility shall initiate proceedings to discharge any resident whose continued residential habilitation is no longer appropriate; except, that the head of the facility may refer the resident to the appropriate regional center for placement pursuant to section 630.610.

3. A copy of the evaluation and individualized habilitation plan shall be sent to any court having jurisdiction over the resident.

633.135. 1. If a resident, or his parent if he is a minor, or his legal guardian refuses to consent to the proposed placement or to discharge from the facility, the head of the [mental retardation] **developmental disability** facility may petition the director of the division to determine whether the proposed placement is appropriate under sections 630.610, 630.615 and 630.620 or whether the proposed discharge is appropriate under sections 633.120, 633.125 and 633.130.

2. The division director shall refer the petition to the chairman of the state advisory council who shall appoint and convene a review panel composed of three members. At least one member of the panel shall be a parent or guardian of a resident who resides in a department [mental retardation] **developmental disability** facility. The remaining members of the panel shall be persons who are from nongovernmental organizations or groups concerned with the prevention of [mental retardation] **developmental disability**, evaluation, care and habilitation of [mentally retarded] **developmentally disabled** persons and who are familiar with services and service needs of [mentally retarded] **developmentally disabled** persons in facilities operated by the department. No member of the panel shall be an officer or employee of the department.

3. After prompt notice and hearing, the panel shall determine whether the proposed placement is appropriate under sections 630.610, 630.615 and 630.620 or whether the proposed discharge is appropriate under sections 633.120, 633.125 and 633.130. The hearing shall be electronically recorded for purposes of obtaining a transcript. The council shall forward the tape recording, recommended findings of fact, conclusions of law and decision to the director who shall enter findings of fact, conclusions of law and the final decision. Notice of the director's decision shall be sent to the resident, or his parent if he is a minor, or his guardian, by registered mail, return receipt requested. The director shall expedite this review in all respects.

4. If the resident, or his parent if he is a minor, or his guardian disagrees with the decision of the director, he may appeal the decision, within thirty days after notice of the decision is sent, to the circuit court of the county where the resident, or his parent if he is a minor, or his guardian resides. The court shall review the record, proceedings and decision of the director not only under the provisions of chapter 536, but also as to whether or not the head of the facility sustained his burden of proof that the proposed placement is appropriate under sections 630.110, 630.115 and 630.120, or the proposed discharge is appropriate under sections 633.120, 633.125 and 633.130. The court shall expedite this review in all respects. Notwithstanding the provisions of section 536.140, a court may, for good cause shown, hear and consider additional competent and material evidence.

5. Any resident of a [mental retardation] **developmental disability** facility who is age eighteen or older and who does not have a legal guardian shall not be discharged unless probate division of the circuit court approval is obtained to confirm that the resident is not in need of the care, treatment or programs now being received in the [mental retardation] **developmental disability** facility.

6. The notice and procedure for the hearing by the panel shall be in accordance with chapter 536.

7. In all proceedings either before the panel or before the circuit court, the burden of proof shall be upon the head of the facility to demonstrate by preponderance of evidence that the proposed placement is appropriate under the criteria set forth in sections 630.610, 630.615, and 630.120, or that the proposed discharge is appropriate under the criteria set forth in sections 633.120, 633.125 and 633.130.

8. Pending a convening of the hearing panel and the final decision of the director or the court, if the director's decision is appealed, the department shall not place or discharge the resident from a facility except that the department may temporarily transfer such resident in the case of a medical emergency.

9. There shall be no disciplinary action against any state employee who in good faith testifies or otherwise provides information or evidence in regard to a proposed placement or discharge.

633.140. 1. If any resident leaves a [mental retardation] **developmental disability** facility without authorization, the sheriff of the county where the resident is found shall apprehend and return him to the center if requested to do so by the head of the facility.

2. The head of the facility may request the return of an absent resident pursuant to subsection 1 of this section only when one of the following circumstances exists:

(1) The resident is a minor whose admission was applied for by his parent or legal custodian, and such parent or guardian has not requested the resident's release;

(2) The resident is a minor under the jurisdiction of the juvenile court;

(3) The resident has been declared legally incapacitated and his guardian has not requested his release; or

(4) The resident's condition is of such a nature that, for the protection of the resident or others, the head of the facility determines that the resident's return to the facility is necessary. Such determination shall be noted in the resident's records.

633.145. 1. The department may transfer a resident from one department [mental retardation] **developmental disability** facility to another if the division director determines that such transfer is desirable to provide the resident improved habilitation or other services, to better insure his safety and welfare, or to locate him in closer proximity to his family and friends.

2. Transfers may only be made to a private [mental retardation] **developmental disability** facility pursuant to section 630.610.

3. Determinations by the division director pursuant to this section shall be written and noted in the resident's records. The division director shall notify the resident, his guardian or next of kin of such determination.

Such cash stipend amount shall not exceed the maximum monthly federal Supplemental Security Income payment for an individual with a developmental disability who resides alone. Such stipend shall be paid on a monthly basis and shall be considered a benefit and not income to the family. The stipend shall be used to purchase goods and services for the benefit of the family member with a developmental disability. Such goods and services may include, but are not limited to:

3. The family support program shall be funded by moneys appropriated by the general assembly; however, the family support program shall not supplant other programs funded through the division of [mental retardation and] developmental disabilities.

633.185. 1. The division of [mental retardation and] developmental disabilities, subject to appropriation by the general assembly, is authorized to implement and administer, as part of the family support program, a family support loan program, which shall provide a family with an annual income of sixty thousand dollars or less which has an individual with a developmental disability residing in the home, with low-interest, short-term loans to purchase goods and services for the family member with a developmental disability.

2. Interest rates on loans made pursuant to the provisions of this section shall be no more than one percent above the prime interest rate as determined by the federal reserve system on the date the loan is approved. Loans may be for a maximum period of sixty months and the outstanding loan amount to any family may be no more than ten thousand dollars.

3. Applications for loans shall be made to the appropriate regional center. The regional center shall determine the eligibility of the individual to receive services from the division and the division shall forward the application to the regional advisory council to determine the amount of the loan which may be approved by the council.

4. There is hereby created in the state treasury for use by the department of mental health a fund to be known as the "Family Support Loan Program Fund". Moneys deposited in the fund shall be appropriated to the director of the department of mental health to be used for loans pursuant to this section. The fund shall consist of moneys appropriated by the general assembly for starting the fund and money otherwise deposited according to law. Any unexpended balance in the fund at the end of any biennium, not to exceed twice the annual loans made pursuant to this act in the previous fiscal year, is exempt from the provisions of section 33.080 relating to the transfer of unexpended balances to the ordinary revenue fund.

633.190. 1. The division of [mental retardation and] developmental disabilities, in cooperation with the Missouri planning council for developmental disabilities, shall adopt policies and procedures and, when necessary, shall promulgate rules and regulations regarding:

- (5) Methodology for allocating resources to families with the funds available;
- (6) Resolution of grievances filed by families pertaining to actions of the family support program;
- (7) Methodology for outreach and education.

633.210. 1. There is hereby established in the department of mental health within the division of [mental retardation and] developmental disabilities, an "Office of Autism Services". The office of autism services, under the supervision of the director of the division of [mental retardation and] developmental disabilities, shall provide leadership in program development for children and adults with autism spectrum disorders, to include establishment of program standards and coordination of program capacity.

2. All mental health workers, as defined in subdivision (8) of section 210.900, shall be subject to the same training requirements established for state mental health workers with comparable positions in public group homes and mental health facilities. Such required training shall be paid for by the employer.

3. Group homes and [mental retardation] **developmental disability** facilities shall be subject to the same medical errors reporting requirements of other mental health facilities and group homes.

4. The department shall promulgate rules or amend existing rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

633.303. Any employee, including supervisory personnel, of a group home or [mental retardation] **developmental disability** facility who has been placed on the disqualification registry pursuant to section 630.170 shall be terminated. Such requirements shall be specified in contracts between the department and providers pursuant to this section.

633.309. The department of mental health shall not transfer any person to any group home or [mental retardation] **developmental disability** facility that has received a notice of noncompliance, until there is an approved plan of correction pursuant to sections 630.745 and 630.750.

(6) Any adult day care program administered or maintained by a religious not-for-profit organization serving a social or religious function if the adult day care program does not hold itself out as providing the prescription or usage of physical or medical therapeutic activities or as providing or administering medicines or drugs.

2. Nothing in this section shall prohibit any person listed in subsection 1 of this section from applying for a license or receiving a license if the adult day care program owned or operated by such person conforms to the provisions of sections 199.025 and 660.403 to 660.420 and all applicable rules promulgated pursuant thereto.”; and

SS HCS HB 193, (request Senate recede/grant conference) - Diehl

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

FIFTY-EIGHTH DAY, WEDNESDAY, APRIL 20, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

For thus saith the Lord God, in returning and rest shall ye be saved; in quietness and in confidence shall be your strength. (Isaiah 30:15)

O Almighty God, eternal source of wisdom, power, and love, Whose mercy is over all Your works and Whose will is ever directed to Your children's good - in quietness and in confidence we lift our hearts unto You. In the assurance of your presence we face the responsibilities of this day.

May the brightness and the glory of goodwill dwell in our hearts and may all ill will die. Fill us with kindness, compassion, and understanding - with all those moral qualities which make our life together a happy and enduring experience. May we lead our people away from the treacherous road of deceit, hypocrisy, and pretense and along the pathway of justice, freedom, and peace. Thus, may we follow You all the days of our lives. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Eric Shultz, Brenden Hay and Anna Lillig.

The Journal of the fifty-seventh day was approved as printed.

“620.1878. For the purposes of sections 620.1875 to 620.1890, the following terms shall mean:

(1) "Approval", a document submitted by the department to the qualified company that states the benefits that may be provided by this program;

(2) "Average wage", the new payroll divided by the number of new jobs;

(3) "Commencement of operations", the starting date for the qualified company's first new employee, which must be no later than twelve months from the date of the approval;

(4) "County average wage", the average wages in each county as determined by the department for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility. The department shall publish the county average wage for each county at least annually. Notwithstanding the provisions of this subdivision to the contrary, for any qualified company that in conjunction with their project is relocating employees from a Missouri county with a higher county average wage, the company shall obtain the endorsement of the governing body of the community from which jobs are being relocated or the county average wage for their project shall be the county average wage for the county from which the employees are being relocated;

(5) "Department", the Missouri department of economic development;

(6) "Director", the director of the department of economic development;

(7) "Employee", a person employed by a qualified company;

(8) "Full-time employee", an employee of the qualified company that is scheduled to work an average of at least thirty-five hours per week for a twelve-month period, and one for which the qualified company offers health insurance and pays at least fifty percent of such insurance premiums;

(9) "High-impact project", a qualified company that, within two years from commencement of operations, creates one hundred or more new jobs;

(10) **"High-risk metropolitan statistical area", a metropolitan statistical area as identified by the United States Bureau of Census:**

(a) Which is comprised of two or more states including the state of Missouri which include at least one county with an average household income equal to two hundred percent of the national average household income as determined by the most recent data available from the Bureau of Labor Statistics within the United States Department of Labor as of the date the qualified business submits its notice of intent; and

(b) From which at least five businesses have relocated outside of this state in the ten calendar years immediately preceding the date of the notice of intent and resulting in the loss of at least three thousand of such companies' employees from this state;

(11) "Local incentives", the present value of the dollar amount of direct benefit received by a qualified company for a project facility from one or more local political subdivisions, but shall not include loans or other funds provided to the qualified company that must be repaid by the qualified company to the political subdivision;

[(11)] (12) "NAICS", the 1997 edition of the North American Industry Classification System as prepared by the Executive Office of the President, Office of Management and Budget. [(12)] (13) "New direct local revenue", the present value of the dollar amount of direct net new tax revenues of the local political subdivisions likely to be produced by the project over a ten-year period as calculated by the department, excluding local earnings tax, and net new utility revenues, provided the local incentives include a discount or other direct incentives from utilities owned or operated by the political subdivision;

[(14)] (15) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. No job that was created prior to the date of the notice of intent shall be deemed a new job. An employee that spends less than fifty percent of the employee's work time at the facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment is Missouri income, and the employee is paid at or above the state average wage;

[(15)] (16) "New payroll", the amount of taxable wages of full-time employees, excluding owners, located at the project facility that exceeds the project facility base payroll. If full-time employment at related facilities is below the related facility base employment, any decrease in payroll for full-time employees at the related facilities below that related facility base payroll shall also be subtracted to determine new payroll;

Any taxpayer who is awarded benefits under this subsection and who files for bankruptcy under Chapter 7 of the United States Bankruptcy Code, Title 11 U.S.C., shall immediately notify the department and shall forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained;

(b) Which owns or leases a facility which produces electricity derived from qualified renewable energy sources, or produces fuel for the generation of electricity from qualified renewable energy sources, but does not include any company that has received the alcohol mixture credit, alcohol credit, or small ethanol producer credit pursuant to 26 U.S.C. [(33)] **(34)** "Withholding tax", the state tax imposed by sections 143.191 to 143.265. For purposes of this program, the withholding tax shall be computed using a schedule as determined by the department based on average wages.

620.1881. 1. The department of economic development shall respond within thirty days to a company who provides a notice of intent with either an approval or a rejection of the notice of intent. The department shall give preference to qualified companies and projects targeted at an area of the state which has recently been classified as a disaster area by the federal government **or in a high-risk metropolitan statistical area**. Failure to respond on behalf of the department of economic development shall result in the notice of intent being deemed an approval for the purposes of this section. A qualified company who is provided an approval for a project shall be allowed a benefit as provided in this program in the amount and duration provided in this section. A qualified company may receive additional periods for subsequent new jobs at the same facility after the full initial period if the minimum thresholds are met as set forth in sections 620.1875 to 620.1890. There is no limit on the number of periods a qualified company may participate in the program, as long as the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program or other state programs. A qualified company may elect to file a notice of intent to start a new project period concurrent with an existing project period if the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program and other state programs; however, the qualified company may not receive any further benefit under the original approval for jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent may not be included as new jobs for the purpose of benefit calculation in relation to the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision [(19)] **(20)** of section 620.1878 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, any qualified company that is awarded benefits under this program may not simultaneously receive tax credits or exemptions under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 135.900 to 135.906 at the same project facility. The benefits available to the company under any other state programs for which the company is eligible and which utilize withholding tax from the new jobs of the company must first be credited to the other state program before the withholding retention level applicable under the Missouri quality jobs act will begin to accrue. These other state programs include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, the job retention program under sections 178.760 to 178.764, the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. If any qualified company also participates in the new jobs training program in sections 178.892 to 178.896, the company shall retain no withholding tax, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this [subdivision] **subsection**. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in the new job training program shall be increased by an amount equivalent to the withholding tax retained by that company under the new jobs training program. However, if the combined benefits of the quality jobs program and the new jobs training program exceed the projected state benefit of the project, as determined by the department of economic development through a cost-benefit analysis, the increase in the maximum tax credits shall be limited to the amount that would not cause the combined benefits to exceed the projected state benefit. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

3. The types of projects and the amount of benefits to be provided are:

(1) Small and expanding business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to the withholding tax as calculated under subdivision [(33)] **(34)** of section 620.1878 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 for a period of three years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds the county average wage or for a period of five years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage;

(2) Technology business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to a maximum of five percent of new payroll for a period of five years from the date the required number of jobs were created from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if the average wage of the new payroll equals or exceeds the county average wage. An additional one-half percent of new payroll may be added to the five percent maximum if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located, plus an additional one-half percent of new payroll may be added if the average wage of the new payroll in any year exceeds one hundred forty percent of the average wage in the county in which the project facility is located. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(3) High impact projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, equal to three percent of new payroll for a period of five years from the date the required number of jobs were created if the average wage of the new payroll equals or exceeds the county average wage of the county in which the project facility is located. For high-impact projects in a facility located within two adjacent counties, the new payroll shall equal or exceed the higher county average wage of the adjacent counties. The percentage of payroll allowed under this subdivision shall be three and one-half percent of new payroll if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located. The percentage of payroll allowed under this subdivision shall be four percent of new payroll if the average wage of the new payroll in any year exceeds one hundred forty percent of the county average wage in the county in which the project facility is located. An additional one percent of new payroll may be added to these percentages if local incentives equal between ten percent and twenty-four percent of the new direct local revenue; an additional two percent of new payroll is added to these percentages if the local incentives equal between twenty-five percent and forty-nine percent of the new direct local revenue; or an additional three percent of payroll is added to these percentages if the local incentives equal fifty percent or more of the new direct local revenue. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(4) Job retention projects: a qualified company may receive a tax credit for the retention of jobs in this state, provided the qualified company and the project meets all of the following conditions:

(a) For each of the twenty-four months preceding the year in which application for the program is made the qualified company must have maintained at least one thousand full-time employees at the employer's site in the state at which the jobs are based, and the average wage of such employees must meet or exceed the county average wage;

(b) The qualified company retained at the project facility the level of full-time employees that existed in the taxable year immediately preceding the year in which application for the program is made;

(c) The qualified company is considered to have a significant statewide effect on the economy, and has been determined to represent a substantial risk of relocation from the state by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director [of the department of economic development];

(d) The qualified company in the project facility will cause to be invested a minimum of seventy million dollars in new investment prior to the end of two years or will cause to be invested a minimum of thirty million dollars in new investment prior to the end of two years and maintain an annual payroll of at least seventy million dollars during each of the years for which a credit is claimed; and

(e) The local taxing entities shall provide local incentives of at least fifty percent of the new direct local revenues created by the project over a ten-year period. The quality jobs advisory task force may recommend to the department of economic development that appropriate penalties be applied to the company for violating the agreement. The amount of the job retention credit granted may be equal to up to fifty percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of five years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a job retention project or combination of job retention projects shall be seven hundred fifty thousand dollars per year, but the maximum amount may be increased up to one million dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs

advisory task force are appointed, this determination shall be made by the director of the department of economic development. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting the increased limit on behalf of the job retention project. In no event shall the total amount of all tax credits issued for the entire job retention program under this subdivision exceed three million dollars annually. Notwithstanding the above, no tax credits shall be issued for job retention projects approved by the department after August 30, [2013] 2015;

(5) Job retention projects within a high-risk metropolitan statistical area: a qualified company may retain ninety-five percent of the company's withholding tax from full-time jobs located at the high-risk metropolitan statistical area facility for a period of ten years for the retention of jobs in this state, provided the qualified company and the project meets all of the following conditions:

(a) For the thirty-day period preceding the qualified company's notice of intent, the qualified company must have maintained at least one hundred fifty full-time employees at the employer's site in the state at which the jobs are based, and the average wage of such employees shall meet or exceed the county or state average wage, whichever is less;

(b) The qualified company is considered to have a significant statewide effect on the economy and has been determined to represent a substantial risk of relocation from the state by the quality jobs advisory task force established in section 620.1887;

(c) The qualified company in the project facility will cause to be invested a minimum of ten million dollars in new investment prior to the end of three years or will cause to be invested a minimum of five million dollars in new investment prior to the end of three years and maintain an annual payroll of at least six million dollars during each of the years for which the qualified company retains withholding tax under this program;

(d) Within six months of approval of the qualified company's notice of intent, the qualified company shall enter into an agreement with the department that memorializes the content of the notice of intent, the requirements of this section, and the consequences for failing to meet such requirements provided in paragraph (e) of this subdivision;

(e) No later than six months following the expiration of the three-year investment period described in paragraph (c) of subdivision (5) of subsection 3 of this section, the department shall determine whether the qualified company made the investment as required under this paragraph and shall notify the qualified company in writing of such determination. If the qualified company failed to make the requisite investment, the municipality in which the qualified company is located and the director shall jointly determine whether such investment shortfall occurred for reasons outside the qualified company's control, including without limitation, as a result of economic conditions. If it is determined that the investment shortfall did not occur as a result of reasons beyond the control of the qualified company, the director shall provide a written notice of suspension to the qualified company and the municipality providing that the qualified company shall repay all withholding taxes retained under this program and that within six months of the date of suspension notice the director and municipality shall meet with the qualified company to determine a revised schedule of investment and the terms of suspension of withholding tax retention rights; and

(6) Small business job retention and flood survivor relief: a qualified company may receive a tax credit under sections 620.1875 to 620.1890 for the retention of jobs and flood survivor relief in this state for each job retained over a three-year period, provided that:

(a) The qualified company did not receive any state or federal benefits, incentives, or tax relief or abatement in locating its facility in a flood plain;

(b) The qualified company and related companies have fewer than one hundred employees at the time application for the program is made;

(c) The average wage of the qualified company's and related companies' employees must meet or exceed the county average wage;

(d) All of the qualified company's and related companies' facilities are located in this state;

(e) The facilities at the primary business site in this state have been directly damaged by floodwater rising above the level of a five hundred year flood at least two years, but fewer than eight years, prior to the time application is made;

(f) The qualified company made significant efforts to protect the facilities prior to any impending danger from rising floodwaters;

(g) For each year it receives tax credits under sections 620.1875 to 620.1890, the qualified company and related companies retained, at the company's facilities in this state, at least the level of full-time, year-round employees that existed in the taxable year immediately preceding the year in which application for the program is made; and

(h) In the years it receives tax credits under sections 620.1875 to 620.1890, the company cumulatively invests at least two million dollars in capital improvements in facilities and equipment located at such facilities that are not located within a five hundred year flood plain as designated by the Federal Emergency Management Agency, and amended from time to time. The amount of the small business job retention and flood survivor relief credit granted may be equal to up to one hundred percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of three years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a small business job retention and survivor relief project shall be two hundred fifty thousand dollars per year, but the maximum amount may be increased up to five hundred thousand dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting an increase in the limit on behalf of the small business job retention and flood survivor relief project. In no event shall the total amount of all tax credits issued for the entire small business job retention and flood survivor relief program under this subdivision exceed five hundred thousand dollars annually. Notwithstanding the provisions of this subdivision to the contrary, no tax credits shall be issued for small business job retention and flood survivor relief projects approved by the department after August 30, 2010.

4. The qualified company shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for the benefits of this program. The department may withhold the approval of any benefits until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or new payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the minimum number of new jobs and the average wage exceeds the county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the county average wage and the minimum number of new jobs. In such annual report, if the average wage is below the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of new jobs is below the minimum, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the benefit period. In the case of a qualified company that initially filed a notice of intent and received an approval from the department for high-impact benefits and the minimum number of new jobs in an annual report is below the minimum for high-impact projects, the company shall not receive tax credits for the balance of the benefit period but may continue to retain the withholding taxes if it otherwise meets the requirements of a small and expanding business under this program.

5. The maximum calendar year annual tax credits issued for the entire program shall not exceed eighty million dollars. Notwithstanding any provision of law to the contrary, the maximum annual tax credits authorized under section 135.535 are hereby reduced from ten million dollars to eight million dollars, with the balance of two million dollars transferred to this program. There shall be no limit on the amount of withholding taxes that may be retained by approved companies under this program.

6. The department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and the other factors in the determination of benefits of this program. However, the annual issuance of tax credits is subject to the annual verification of the actual new payroll. The allocation of tax credits for the period assigned to a project shall expire if, within two years from the date of commencement of operations, or approval if applicable, the minimum thresholds have not been achieved. The qualified company may retain authorized amounts from the withholding tax under this section once the minimum new jobs thresholds are met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the minimum new jobs thresholds. In the event the qualified company does not meet the minimum new job threshold, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

7. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

8. Tax credits may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward but shall be claimed within one year of the close of the taxable year for which they were issued, except as provided under subdivision (4) of subsection 3 of this section.

9. Tax credits authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department.

10. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or

penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that at issuance credits shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. Except as provided under subdivision (4) of subsection 3 of this section, the director of revenue shall issue a refund to the qualified company to the extent that the amount of credits allowed in this section exceeds the amount of the qualified company's income tax.

12. An employee of a qualified company will receive full credit for the amount of tax withheld as provided in section 143.211.

13. Notwithstanding any other provision of law to the contrary, a qualified company in a high risk metropolitan statistical area that is awarded benefits under this section shall not receive any tax credit or exemption or be entitled to retain withholding taxes under section 620.1910.

14. In addition to any other benefits available under subdivision (5) of subsection 3 of this section, a qualified company within a high-risk metropolitan statistical area that satisfies provisions in subdivision (5) of subsection 3 of this section shall be entitled to tax credits issued each year for a period of ten years from the date of the approval of the department in an amount equal to three percent of the retained payroll from the retained jobs; provided that in no event shall the total amount of the benefits provided to a qualified company in a high-risk metropolitan statistical area under this section exceed six percent of the retained payroll in any calendar year.

15. Upon approval of a notice of intent to request withholding tax benefits under subdivision (5) of subsection 3 of this section or to request tax credits under subdivision (5) of subsection 3 of this section, the department and the qualified company in a high-risk metropolitan statistical area shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(1) The committed number of retained jobs, payroll, and new capital investment for each year during the project period;

(2) The date or time period during which withholding taxes will be retained or the tax credits shall be issued, which may be immediately or over a period not to exceed ten years from the date of the approval;

(c) Clawback provisions provided in paragraph (e) of subdivision (5) of subsection 3 of this section.

16. In lieu of all other benefits under subdivision (5) of subsection 3 of this section or subsection 14 of this section, the department may award a qualified company within a high-risk metropolitan statistical area meeting the requirements of subdivision (5) of subsection 3 of this section tax credits in an amount not to exceed ninety percent of the amount the qualified company within a high-risk metropolitan statistical area may otherwise be eligible to retain for a period of five years under subdivision (5) of subsection 3 of this section.

17. Beginning August 28, 2011, in addition to the exemptions granted under chapter 144, the department may approve a qualified company in a high-risk metropolitan statistical area for an exemption of up to one hundred percent of the state sales and use taxes defined, levied, or calculated under sections 144.010 to 144.525, sections 144.600 to 144.761, or section 238.235 for a period not to exceed three years from the date of approval of sales and leases of tangible personal property purchased for use in the project facility and of sales and leases of tangible personal property and materials for the purpose of constructing, repairing, or remodeling the project facility. To qualify for the exemption provided in this subsection, the qualified company shall:

(1) Retain at least one hundred fifty retained jobs at the project facility in which the average wage meets or exceeds the county of state average wage, whichever is less;

(2) Commit to making at least ten million dollars in new capital investment at a project facility within a period of three years from the date of approval, or cause to be invested at least five million dollars in new capital investment within a period of three years from the date of approval and maintain an annual payroll of at least six million dollars during each of the years for which the qualified company receives a benefit under this section.

18. If any provision of sections 620.1875 to 620.1890 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect

without the invalid provisions or application, and to this end, the provisions of sections 620.1875 to 620.1890 are hereby declared severable.”; and

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

FIFTY-NINTH DAY, THURSDAY, APRIL 21, 2011

The House met pursuant to adjournment.

Representative Schad in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

You are the light of the world. (Matthew 5:14)

Eternal God, spirit of light and life, in this day, in this world of sometime suffering and sorrow we would purify our hearts as we face the unique responsibilities and demands committed to our care and to our attention this day. Let our littleness be swallowed up in Your greatness, our pettiness in Your pursuing presence, and our trite criticisms in Your triumphant spirit.

Before the altar of prayer we bow, confessing our faults, asking Your forgiveness, and praying that You will give us strength and wisdom that in these days we fail neither our citizens nor You. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

HOUSE CONCURRENT RESOLUTION NO. 48

WHEREAS, the United States and the world find themselves dependent upon China for a group of minerals and metals known as "Rare Earth Elements" that are critical to many commercial, environmental, and defense applications; and

WHEREAS, rare earth elements represent the only known bridge to the next level of improved performance in the material properties for many metallurgical alloys, electrical conductivity, radio active shielding, and instrument sensitivity; and

WHEREAS, thorium is a naturally occurring companion element to the rare earth elements which can be extracted as a byproduct of rare earth mining at no additional expense and without creating additional mining waste; and

WHEREAS, thorium can be used as fuel in a nuclear power plant because it is a slightly radioactive metal and is 550 times more abundant than Uranium 235 needed for nuclear power; and

WHEREAS, thorium is generally considered harmless except through extreme long-term exposure or unless it is inhaled as a very fine dust; and

WHEREAS, thorium emits alpha rays which have no penetrating strength and cannot pass through human skin or thin plastic film; and

WHEREAS, thorium emits less radiation than sun light, radon from a gas stove top, potassium in a banana, X-rays, frequent air travel, and TSA full body scans; and

WHEREAS, the United States has two permitted world class rare earth mines - the Pea Ridge Mine in Washington County, Missouri, and the Mountain Pass Mine in California; and

WHEREAS, Missouri's Pea Ridge Mine has all 17 of the recoverable rare earth elements and is the only permitted heavy rare earth mine outside of China. The Mountain Pass Mine only has 8 of the 17 recoverable rare earth elements and cannot produce rare earths; and

WHEREAS, the United States has no refining facilities to process the rare earths from the Pea Ridge Mine or manage the thorium byproduct; and

WHEREAS, a thorium-fueled nuclear reactor generates hundreds of times the power as a uranium or coal plant, but produces essentially no waste. A thorium plant would produce less than 1% of the waste that a uranium plant produces and produces no carbon or greenhouse gases, unlike coal plants; and

WHEREAS, while the waste of a uranium power plant is toxic for more than 10,000 years, the little waste that is produced by a thorium power plant is benign in less than 200 years; and

WHEREAS, a thorium power plant can be used to burn our current stockpile of nuclear waste. In addition, thorium power plants cannot "melt down", thorium cannot practically be used to make nuclear weapons, thorium does not require any enrichment for energy use, and there is enough thorium in the United States alone to power the country at its current energy level for more than 10,000 years; and

WHEREAS, a thorium power plant can tap right in at the source of a current coal or uranium power plant without the need for laying a new grid; and

WHEREAS, through the development of a centralized rare earth-thorium facility, all thorium waste products can be managed and controlled in an environmentally safe manner; and

WHEREAS, China's monopoly on production of rare earth elements is posed to capture emerging technologies and manufacturing facilities from around the world, in exchange for supply contracts; and

WHEREAS, absent any new production, Asia will soon consume 100% of the world's production of rare earth elements; and

WHEREAS, China's National Industrial Policy of Rare Earth Dominance cannot be challenged by private investment. The United States must develop a National Domestic Rare Earth Refinery to survive; and

WHEREAS, unless the United States Congress makes changes, our rare earths will be sent to China for processing and they will not come back for use in the United States; and

WHEREAS, with its Pea Ridge Mine, Missouri can become the exclusive producer of heavy rare earths in the United States and attract new high tech companies from around the world:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, First Regular Session, the Senate concurring therein, hereby:

(1) Strongly support the development of thorium energy and the Pea Ridge Mine in Washington County, Missouri, in its efforts to extract thorium as a byproduct of rare earth element mining; and

(2) Strongly urge the United States Congress to support the use of thorium as a safe, efficient fuel source by taking the necessary steps to allow the Pea Ridge Mine in Missouri to extract thorium as a byproduct of rare earth elements mining and for the development of the refineries necessary to support thorium power plants; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Majority and Minority Leaders of the United States Congress and each member of the Missouri Congressional delegation.

Mr. Speaker: Your Committee on Utilities, to which was referred **SB 63**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Substitute**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

Committee on Ways and Means, Chairman Koenig reporting:

Mr. Speaker: Your Committee on Ways and Means, to which was referred **HB 979** and **HB 885**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Substitute**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

SIXTIETH DAY, FRIDAY, APRIL 22, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Representative Rodney Schad.

Our Father, in Heaven, as we humbly bow our heads we reach out to You today first of all to thank You for our opportunity to serve You and Your people here in the State of Missouri. We thank You also for Your love, Your grace and the mercy You show us each and every day.

As we begin our day, we would ask You, Father, to give us guidance and insight into what You desire for us and Your people. We admit to our weaknesses and our desperate need for You and the strength You provide. We are weak and we are nothing without You. We seek Your wisdom today and every day as we ponder the tasks before us and the problems that arise here in this building as we make our feeble attempt to be what You want us to be. Help us to put aside self and always focus on others.

Please, Father, mold our will to be Your will in every thing that we say and do. Finally, Father, we are reminded this morning of Micah 6:8 and ask that You remind us daily of the scripture that says, "He has shown thee, O man, what is good and what does the LORD require of thee? But to do justly and to love mercy and to walk humbly with thy God."

We pray today in the name of Your son Jesus. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Emily Morgan Giddings Crumbliss, Rose Marie Lant and Stephen Lant.

The Journal of the fifty-eighth day was approved as printed.

The Journal of the fifty-ninth day was approved as printed.

COMMITTEE REPORTS

Committee on General Laws, Chairman Franz reporting:

Mr. Speaker: Your Committee on General Laws, to which was referred **HCR 41**, begs leave to report it has examined the same and recommends that it **Do Pass**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

HOUSE CONCURRENT RESOLUTION NO. 41

WHEREAS, the sport of trapshooting is one of the three major forms of competitive clay pigeon shooting and is growing in popularity throughout the United States and Missouri; and

WHEREAS, the trapshooting games were originally meant for the hunters to develop their skills, but these shooting games have obtained international recognition and are encouraged by sports associations; and

WHEREAS, trapshooting is a sport where flying clay targets are fired at with a shot gun. Trapshooting is considered to be an exciting and challenging sport where many people, young and old, compete in trapshooting events; and

WHEREAS, trapshooting has been a sport since at least 1793 when it used real birds, usually the Passenger Pigeon, which was extremely abundant at the time. Fake birds were introduced around the time of the American Civil War as the Passenger Pigeon was nearing extinction. Clay targets were introduced in the 1880's; and

WHEREAS, Olympic trap is one of the International Shooting Sport Federation (ISSF) shooting events, introduced to the Olympic program in 1900. The current version of the sport was introduced in 1950; and

WHEREAS, the Amateur Trapshooting Association (ATA) is the primary governing body of American trapshooting and has launched a major initiative to attract more youth shooters; and

WHEREAS, a great deal of coordination and discipline is needed for trapshooting. Trapshooting sports test a player's skill in marksmanship and strategy and improve confidence of youth who may not possess the physical attributes to compete in other competitive sports offered at their schools; and

WHEREAS, the goal of any program of youth trapshooting should be to provide instruction and promote gun safety, personal responsibility, and sportsmanship among primary and secondary students; and

WHEREAS, the ATA and many state organizations also award scholarships to college-bound trapshooters based on citizenship, scholarship, and need. Many youth trapshooters are now attending college with the help of those scholarships; and

WHEREAS, our youth should have the opportunity and be encouraged to participate in this extracurricular activity in the same manner as other youth extracurricular activities, such as football, baseball, softball, basketball, track, scouting, or band; and

WHEREAS, the boards of education of every Missouri school district is encouraged to promote and include trapshooting as a high school sport:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, First Regular Session, the Senate concurring therein, hereby encourage the school boards of every school district in the State of Missouri, in conjunction with the Missouri Youth Sport Shooting Alliance, to voluntarily promote and include trapshooting as a high school sport for the youth of our state; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for Commissioner of Education Chris L. Nicastro, the Missouri Youth Sport Shooting Alliance, and each school district in Missouri.

Mr. Speaker: Your Committee on General Laws, to which was referred **HB 720**, begs leave to report it has examined the same and recommends that it **Do Pass**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

Mr. Speaker: Your Committee on General Laws, to which was referred **SB 174**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Substitute**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

SIXTY-FIRST DAY, TUESDAY, APRIL 26, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Representative Rodney Schad.

Be very careful, then, how you live, not as unwise but as wise, making the most of every opportunity because the days are evil. Therefore, do not be foolish but understand what the Lord's will is. (Ephesians 5:15)

Let's pray. Our Father in Heaven, You have placed us here not as important people but as people with important work to do. We need Your guidance today to stay focused on the work laid out before us. As we enter into the last weeks of this session, we ask, Father, that You be with us so that we will be careful in the way we live, in the way we interact with each other and in the way we deal with the pressures that may come our way. Guard us against any and all deception as we strive to do what You desire for Your people. Give us insight so that we may make the best of every opportunity that presents itself.

As we press on toward the end of session, we need Your wisdom to finalize the details of so many unresolved issues. Let our conversations be wholesome and beneficial to those who may hear us. Help us to be kind and compassionate and to put aside all anger and bitterness. We are reminded at this hour that many in our state are hurting and distraught from the impacts of the weather. Please bring them strength and comfort in the days ahead.

We thank You now for being our strength, our comforter, our provider, our counselor and our God. We pray in the name of Your son, Jesus. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kyle Winkeler and Olivia Holley.

The Journal of the sixtieth day was approved as printed.

If any provision of this section, or the application thereof to any person or circumstances, is held invalid or unconstitutional, that invalidity or unconstitutionality shall not affect other provisions or applications of this section that can be given effect without the invalid or unconstitutional provision or application, and to this end the provisions of this section are severable.

The board may initiate a hearing to determine if reasonable cause exists to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances:

(1) The board shall serve notice pursuant to section 536.067 of the hearing at least fifteen days prior to the hearing. Such notice shall include a statement of the reasons the board believes there is reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances;

(2) For purposes of this section and prior to any hearing, the board may, notwithstanding any other law limiting access to medical or other health data, obtain medical data and health records relating to the licensee or applicant without the licensee's or applicant's consent, upon issuance of a subpoena by the board. These data and records shall be admissible without further authentication by either board or licensee at any hearing held pursuant to this section.

(3) After a contested hearing before the board, and upon a showing of reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances, the board may require a licensee or applicant to submit to an examination. Senate Amendment No. 1

AMEND Senate Committee Substitute for House Bill No. 142, Pages 2-3, Section 488.070, by striking all of said section from the bill; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 2

AMEND Senate Committee Substitute for House Bill No. 142, Page 2, Section 55.030, Line 31, by inserting after all of said line the following:

"67.319. 1. If approved by a majority of the voters voting on the proposal, any city, town, or village located within this state may, by ordinance, levy and impose annually, upon water service lines providing water service to residential property having four or fewer dwelling units within the jurisdiction of such city, town, or village, a fee not to exceed one dollar per month or twelve dollars annually.

2. The ballot of submission shall be in substantially the following form:

For the purpose of repair or replacement of water lines extending from the water main to a residential dwelling due to failure of the line, shall (city, town, or village) be authorized to impose a fee not to exceed one dollar per month or twelve dollars annually on residential property for each water service line providing water service within the (city, town, or village) to residential property having four or fewer dwelling units for the purpose of paying for the costs of necessary water service line repairs or replacements?

☐ YES

☐ NO

3. For the purpose of this section, a water service line may be defined by local ordinance, but may not include the water meter or exceed that portion of water piping and related valves and connectors which extends from the water mains owned by the utility or municipality distributing public water supply to the first opportunity for a connection or joint beyond the point of entry into the premises receiving water service, and may not include facilities owned by the utility or municipality distributing public water supply. For purposes of this section, repair may be defined and limited by local ordinance, and may include replacement or repairs.

4. If a majority of the voters voting thereon approve the proposal authorized in subsection 1 of this section, the governing body of the city, town, or village may enact an ordinance for the collection of such fee. The

funds collected under such ordinance shall be deposited in a special account to be used solely for the purpose of paying for the reasonable costs associated with and necessary to administer and carry out the water service line repairs as defined in the ordinance and, if sufficient revenues are available, to reimburse the necessary costs of water service line repair or replacement. All interest generated on deposited funds shall be accrued to the special account established for the repair of water service lines.

5. The city, town, or village may establish, as provided in the ordinance, regulations necessary for the administration of collections, claims, repairs, replacements and all other activities necessary and convenient for the implementation of any ordinance adopted and approved under this section. The city, town, or village may administer the program or may contract with one or more persons, through a competitive process, to provide for administration of any portion of implementation activities of any ordinance adopted and approved under this section, and reasonable costs of administering the program may be paid from the special account established under this section.

6. Notwithstanding any other provision of law to the contrary, the collector in any city, town, village or county that adopts an ordinance pursuant to this section, who now or hereafter collects any fee to provide for, ensure or guarantee the repair of water service lines, may add such fee to the general tax levy bills of property owners within the city, town, village or unincorporated area of the county. All revenues received on such combined bill which are for the purpose of providing for, ensuring or guaranteeing the repair of water service lines, shall be separated from all other revenues so collected and credited to the appropriate fund or account of the city, town, village or county. The collector of the city, town, village or county may collect such fee in the same manner and to the same extent as the collector now or hereafter may collect delinquent real estate taxes and tax bills."; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 3

AMEND Senate Committee Substitute for House Bill No. 142, Page 2, Section 55.030, Line 31, by inserting after all of said line the following:

"67.451. Any city in which voters have approved fees to recover costs associated with enforcement of municipal housing, property maintenance, or nuisance ordinances may issue a special tax bill against the property where such ordinance violations existed. The officer in charge of finance shall cause the amount of unrecovered costs to be included in a special tax bill or added to the annual real estate tax bill for the property at the collecting official's option, and the costs shall be collected by the city collector or other official collecting taxes in the same manner and procedure for collecting real estate taxes. If the cost is not paid, the tax bill shall be considered delinquent, and the collection of the delinquent bill shall be governed by laws governing delinquent and back taxes. The tax bill shall be deemed a personal debt against the owner from the date of issuance, and shall also be a lien on the property until paid. Notwithstanding any provision of the city's charter to the contrary, the city may provide, by ordinance, that the city may discharge the special tax bill upon a determination by the city that a public benefit will be gained by such discharge, and such discharge shall include any costs of tax collection, accrued interest, or attorney fees related to the special tax bill."; and

Further amend said bill and page, Section 475.115, Line 19, by inserting after all of said line the following:

"479.011. 1. (1) The following cities may establish an administrative adjudication system under this section:

- (a) Any city not within a county [or];**
- (b) Any home rule city with more than four hundred thousand inhabitants and located in more than one county;**

and

(c) Any home rule city with more than seventy-three thousand but fewer than seventy-five thousand inhabitants.

(2) The cities listed in subdivision (1) of this subsection may establish, by order or ordinance, an administrative system for adjudicating housing, property maintenance, nuisance, parking, and other civil, nonmoving municipal code violations consistent with applicable state law. Such administrative adjudication system shall be subject to practice, procedure, and pleading rules established by the state supreme court, circuit court, or municipal court. This

section shall not be construed to affect the validity of other administrative adjudication systems authorized by state law and created before August 28, 2004.

2. The order or ordinance creating the administrative adjudication system shall designate the administrative tribunal and its jurisdiction, including the code violations to be reviewed. The administrative tribunal may operate under the supervision of the municipal court, parking commission, or other entity designated by order or ordinance and in a manner consistent with state law. The administrative tribunal shall adopt policies and procedures for administrative hearings, and filing and notification requirements for appeals to the municipal or circuit court, subject to the approval of the municipal or circuit court.

3. The administrative adjudication process authorized in this section shall ensure a fair and impartial review of contested municipal code violations, and shall afford the parties due process of law. The formal rules of evidence shall not apply in any administrative review or hearing authorized in this section. Evidence, including hearsay, may be admitted only if it is the type of evidence commonly relied upon by reasonably prudent persons in the conduct of their affairs. The code violation notice, property record, and related documentation in the proper form, or a copy thereof, shall be prima facie evidence of the municipal code violation. The officer who issued the code violation citation need not be present.

4. An administrative tribunal may not impose incarceration or any fine in excess of the amount allowed by law. Any sanction, fine or costs, or part of any fine, other sanction, or costs, remaining unpaid after the exhaustion of, or the failure to exhaust, judicial review procedures under chapter 536 shall be a debt due and owing the city, and may be collected in accordance with applicable law.

5. Any final decision or disposition of a code violation by an administrative tribunal shall constitute a final determination for purposes of judicial review. Such determination is subject to review under chapter 536 or, at the request of the defendant made within ten days, a trial de novo in the circuit court. After expiration of the judicial review period under chapter 536, unless stayed by a court of competent jurisdiction, the administrative tribunal's decisions, findings, rules, and orders may be enforced in the same manner as a judgment entered by a court of competent jurisdiction. Upon being recorded in the manner required by state law or the uniform commercial code, a lien may be imposed on the real or personal property of any defendant entering a plea of nolo contendere, pleading guilty to, or found guilty of a municipal code violation in the amount of any debt due the city under this section and enforced in the same manner as a judgment lien under a judgment of a court of competent jurisdiction. **The city may also issue a special tax bill to collect fines issued for housing, property maintenance, and nuisance code violations.**"; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 6

AMEND Senate Committee Substitute for House Bill No. 142, Page 2, Section 55.030, Line 31, by inserting after all of said line the following:

"67.314. 1. The provisions of this section shall apply to contracts for construction awarded by political subdivisions of the state of Missouri and shall be known as the "Political Subdivision Construction Bidding Standards Act".

2. Any political subdivision of the state authorizing the construction of facilities which may exceed an expenditure of twenty-five thousand dollars shall publicly advertise:

(1) Through publication in a central repository developed by the office of administration, or a private firm under contract with the office of administration, at no cost to the state;

(2) On the political subdivision's website, so long as it has a link to the office of administration's central repository;

(3) In a newspaper of general circulation located within the same county as the political subdivision is located, or in an adjoining county if there is no newspaper in the same county, for once a week for two consecutive weeks; or

(4) Through publication, at no cost to the political subdivision, in a central repository developed by an organization representing political subdivisions. The organization may charge appropriate fees for access to bid solicitations.

3. The political subdivision may, in addition to advertising in the manner described in subsection 2 of this section, also advertise in business, trade, or minority newspapers.

4. For purposes of this section, the term "construction of facilities" shall mean the construction, alteration, or repair of any structure, including but not limited to buildings, highways, bridges, streets, viaducts,

water or sewer lines or systems, or pipelines. The term shall include any demolition, moving, or excavation connected therewith, and the furnishing of surveying, construction engineering, planning or management services, or labor, material, or equipment, as required to perform work under the contract for construction.

5. Nothing in this section shall be construed to require the design or engineering of any project, as the term "project" is defined in section 8.287, to be awarded by competitive bidding if the contract for such services is under a separate contract from the contract for construction and is awarded under sections 8.285 to 8.291, or to construction management services governed by sections 8.675 to 8.687. Neither shall this section be construed to apply to contracts awarded for the "design/build" method of project delivery, if the political subdivision's procurement of "design/build" projects is otherwise authorized by law, local charter, ordinance, order, or resolution. The advertising requirements contained in this section shall not apply when a political subdivision has publicly stated, in writing, that because of the unique nature or limited availability of material, equipment, or skills for a construction project of the type described in subsection 2 of this section, the political subdivision is using a sole source method to award a construction contract. Nothing in this subsection shall be construed to relieve the political subdivision from the requirement to seek and obtain a bid from the company or firm to whom the contract will be awarded.

6. The provisions of this section shall not apply to any political subdivision required to advertise, solicit, award, and reject bids in compliance with:

(1) Other Missouri statutes, state rules, and federal and state funding requirements applicable to the specific political subdivision which are in effect on August 28, 2011, or as such requirements may be enacted or amended; or

(2) Any provision of a local charter, ordinance, order, resolution, or policy applicable to the specific political subdivision which is in effect or which is subsequently adopted by the political subdivision after August 28, 2011, as long as such state or local provisions require the political subdivision to meet equivalent or stricter competitive bidding requirements for construction as are contained in this section.

7. No bids shall be entertained by a political subdivision which are not made in accordance with the specifications furnished by the political subdivision and all contracts shall be awarded to the lowest and best bidder complying with the terms of the letting, provided that the political subdivision shall have the right to reject any and all bids.

8. All bidding shall conform to the following procedures:

(1) No bid shall be opened: in advance of the advertised deadline for submission of bids; or in a place other than that specified in the original solicitation of bids or in an amendment to the solicitation communicated in advance to all known bidders;

(2) No bid shall be accepted unless it is sealed and is in writing. If the letting of the project for which bids were solicited is cancelled, bids shall be returned to the bidders unopened;

(3) No bid shall be accepted after the advertised deadline for acceptance of bids;

(4) All bids received shall be held secure and confidential from all persons until the bids are opened pursuant to subdivision (1) of this subsection. Bids shall only be opened in public;

(5) Nothing in this section shall be construed to prohibit acceptance and processing of bids through an established program of electronic bidding by computer, provided bids accepted and processed electronically shall meet standards of confidentiality comparable to requirements for written bids established by this section.

9. Failure of the political subdivision to follow any of the procedures described in this section shall result in the contract being voided and the political subdivision shall rebid the contract in accordance with the provisions of this section.

10. Any person who would have submitted a bid except for failure of the political subdivision to advertise the contract pursuant to this section shall have standing to seek equitable relief in a court of competent jurisdiction within fifteen business days of the date the political subdivision opened the bids for the contract, but the only remedy that may be imposed by the court is ordering the contract to be rebid.

11. Nothing in this section shall be construed to require acceptance of a bid which exceeds the amount estimated by the political subdivision for the contract, nor shall anything in this section prohibit a political subdivision from awarding contracts without competitive bidding when the political subdivision deems it necessary to remove an immediate danger to the public health or safety, to prevent loss to public or private property which requires government action, or to prevent an interruption of or to restore an essential public service, however, the political subdivision shall produce a written public record documenting the need to contract for such services without competitive bidding."; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 7

AMEND Senate Committee Substitute for House Bill No. 142, Page 1, Section A, Line 3, by inserting after all of said line the following:

"50.622. Any county may amend the annual budget during any fiscal year in which the county receives additional funds **or a decrease in funds**, and such amount or source, including but not limited to, federal or state grants or private donations, could not be estimated when the budget was adopted. The county shall follow the same procedures as required in sections 50.525 to 50.745 for adoption of the annual budget to amend its budget during a fiscal year."; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 8

AMEND Senate Committee Substitute for House Bill No. 142, Page 2, Section 55.030, Line 31, by inserting after all of said line the following:

"67.1521. 1. A district may levy by resolution one or more special assessments against real property within its boundaries, upon receipt of and in accordance with a petition signed by:

(1) Owners of real property collectively owning more than fifty percent by assessed value of real property within the boundaries of the district; and

(2) More than fifty percent per capita of the owners of all real property within the boundaries of the district.

2. The special assessment petition shall be in substantially the following form:

The (insert name of district) Community Improvement District ("District") shall be authorized to levy special assessments against real property benefited within the District for the purpose of providing revenue for (insert general description of specific service and/or projects) in the district, such special assessments to be levied against each tract, lot or parcel of real property listed below within the district which receives special benefit as a result of such service and/or projects, the cost of which shall be allocated among this property by (insert method of allocation, e.g., per square foot of property, per square foot on each square foot of improvement, or by abutting foot of property abutting streets, roads, highways, parks or other improvements, or any other reasonable method) in an amount not to exceed dollars per (insert unit of measure). Such authorization to levy the special assessment shall expire on (insert date). The tracts of land located in the district which will receive special benefit from this service and/or projects are: (list of properties by common addresses and legal descriptions).

3. The method for allocating such special assessments set forth in the petition may be any reasonable method which results in imposing assessments upon real property benefited in relation to the benefit conferred upon each respective tract, lot or parcel of real property and the cost to provide such benefit.

4. By resolution of the board, the district may levy a special assessment rate lower than the rate ceiling set forth in the petition authorizing the special assessment and may increase such lowered special assessment rate to a level not exceeding the special assessment rate ceiling set forth in the petition without further approval of the real property owners; provided that a district imposing a special assessment pursuant to this section may not repeal or amend such special assessment or lower the rate of such special assessment if such repeal, amendment or lower rate will impair the district's ability to pay any liabilities that it has incurred, money that it has borrowed or obligations that it has issued.

5. Each special assessment which is due and owing shall constitute a perpetual lien against each tract, lot or parcel of property from which it is derived. Such lien may be foreclosed in the same manner as any other special assessment lien as provided in section 88.861 **or, at the option of the county collector, and upon certification by the district for collection, each special assessment may be added to the annual real estate tax bill for the property and collected by the county collector in the same manner and procedure for collecting real estate taxes. Each special assessment remaining unpaid on the first day of January annually is delinquent and enforcement of collection of the delinquent bill by the county collector shall be governed by the laws concerning delinquent and back taxes. The lien may be foreclosed in the same manner as a tax upon real property by land tax sale under chapter 140 or, if applicable to that county, chapter 141.**

6. A separate fund or account shall be created by the district for each special assessment levied and each fund or account shall be identifiable by a suitable title. The proceeds of such assessments shall be credited to such fund or account. Such fund or account shall be used solely to pay the costs incurred in undertaking the specified service or project.

7. Upon completion of the specified service or project or both, the balance remaining in the fund or account established for such specified service or project or both shall be returned or credited against the amount of the original assessment of each parcel of property pro rata based on the method of assessment of such special assessment.

8. Any funds in a fund or account created pursuant to this section which are not needed for current expenditures may be invested by the board in accordance with applicable laws relating to the investment of funds of the city in which the district is located.

9. The authority of the district to levy special assessments shall be independent of the limitations and authorities of the municipality in which it is located; specifically, the provisions of section 88.812 shall not apply to any district."; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 9

When more than one seat is open, the election authority shall designate the open seats by letter so that the candidates for the school board are required to run for a particular seat that is so designated. JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

SIXTY-THIRD DAY, THURSDAY, APRIL 28, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Love bears all things, believes all things, hopes all things, endures all things. (I Corinthians 13:7)

O God, fount of all that is good and true and beautiful, Whose love endures forever, we thank You for the reverence which lifts our hearts to what is real, and for the love of home that reflects Your gracious spirit. Bless, we pray You, those whom You have brought together. May our consecration be beautiful and everlasting.

We invoke Your blessing upon our labors this day that we may help to build a better world in which men and women can live together in peace and good will and in which their children may grow into fuller manhood and finer womanhood. Teach us that only through love can we begin to perceive the divine mysteries of life and the true glory of our relationships.

Blest be the tie that binds our hearts in steadfast love; the fellowship of kindred minds is like to that which is above. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kelsey Lehmen and Nya Christina Brent.

The Journal of the sixty-second day was approved as corrected.

Speaker Pro Tem Schoeller assumed the Chair.

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

SIXTY-FOURTH DAY, MONDAY, MAY 2, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Reverend Sam J. Hinkle, Senior Pastor, River Church, Warsaw, Missouri.

For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future. Then you will call upon me and come and pray to me, and I will listen to you. You will seek me and find me when you seek me with all your heart. (Jeremiah 29:11-13 NIV)

Will you bow your heads with me now!

Gracious Heavenly Father, we thank You for Your mercy, grace and provision for this day. Thank You for all these great statesmen and stateswomen that have been placed in this place to help lead and direct the great state of Missouri. Thank You Lord for their willingness to serve our state and our nation! For truly, their decisions will impact not only our state, but our nation, and our world! So dear Lord, lead them and show them the plans that You have for this day and time. You said in Your Word that You have, "...plans to prosper you and not harm you, plans to give you hope and a future."

Father, we pray for Missourians to keep their hope and faith in You for the future. Lord, give them peace and patience as so many changes are happening all around us. We call upon You now and come to You seeking Your will and Your way for all Missourians this day!

Lord, thank You for protecting us from all those that are seeking to destroy this great nation and its freedom! Reveal their plans and may they be thwarted.

We ask You to bless and protect all of our military at home or abroad. Bless and protect their families that are at home waiting for their safe return. God bless and receive those that have given their lives serving this nation! Thank God for all our heroes!

Again, Heavenly Father, thank You for giving these great men and women today the wisdom, the understanding, the peace, the unity and the grace to make wise decisions for this day! In the name of Jesus, we pray! Amen and Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-third day was approved as printed.

The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state income tax liability in the tax year for which the credit is claimed. Any amount of credit that the taxpayer is prohibited by this section from claiming in a tax year shall not be refundable, but may be carried forward to any of the taxpayer's four subsequent taxable years.

4. To claim the credit authorized in this section, a provider may submit to the department an application for the tax credit authorized by this section on behalf of taxpayers. The department shall verify that the provider has submitted the following items accurately and completely:

- (1) A valid application in the form and format required by the department;
 - (2) A statement attesting to the eligible donation received, which shall include the name and taxpayer identification number of the individual making the eligible donation, the amount of the eligible donation, and the date the eligible donation was received by the provider; and
 - (3) Payment from the provider equal to the value of the tax credit for which application is made.
- If the provider applying for the tax credit meets all criteria required by this subsection, the department shall issue a certificate in the appropriate amount.

5. Tax credits issued under this section may be assigned, transferred, sold, or otherwise conveyed, and the new owner of the tax credit shall have the same rights in the credit as the taxpayer. Whenever a certificate is assigned, transferred, sold, or otherwise conveyed, a notarized endorsement shall be filed with the department specifying the name and address of the new owner of the tax credit or the value of the credit.

6. The department shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

7. Under section 23.253 of the Missouri sunset act:

- (1) The provisions of the new program authorized under this section shall automatically sunset four years after August 28, 2011, unless reauthorized by an act of the general assembly; and
- (2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and
- (3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset."; and

"32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148;
- (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;
- (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;

- (5) The corporation franchise tax in chapter 147;
- (6) The state income tax in chapter 143; and
- (7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

(a) An area that is not part of a standard metropolitan statistical area;

(b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture. Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more

than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year.

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.

6. Notwithstanding any provision of law to the contrary, no tax credits provided under sections 32.100 to 32.125 shall be authorized on or after August 28, 2015. The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized prior to August 28, 2015, or a taxpayer's ability to redeem such tax credits."; and

All rulemaking authority delegated prior to June 27, 1997, is of no force and effect and repealed; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to June 27, 1997, if such rule complied with the provisions of chapter 536. The provisions of this section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, including the ability to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule, are subsequently held unconstitutional, then the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void.

4. The tax credits allowed by this section shall be claimed by the taxpayer to offset the taxes that become due in the taxpayer's tax period in which the contribution was made. Any tax credit not used in such tax period may be carried over the next five succeeding tax periods.

5. 2. A taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability, in an amount equal to fifty percent of the amount such taxpayer contributed to a shelter for victims of domestic violence.

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the taxable year that the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. If a shelter for victims of domestic violence fails to use all, or some percentage to be determined by the director of the department of social services, of its apportioned tax credits during this predetermined period of time, the director of the department of social services may reapportion these unused tax credits to those shelters for victims of domestic violence that have used all, or some percentage to be determined by the director of the department of social services, of their apportioned tax credits during this predetermined period of time. The director of the department of social services may establish more than one period of time and reapportion more than once during each fiscal year. 3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the taxable year that the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per taxable year.  - (g) Which is exempt from income taxation pursuant to the Internal Revenue Code of 1986, as amended;
- (4) "State tax liability", in the case of a business taxpayer, any liability incurred by such taxpayer pursuant to the provisions of chapters 143, 147, 148, and 153, excluding sections 143.191 to 143.265 and related provisions, and in the case of an individual taxpayer, any liability incurred by such taxpayer pursuant to the provisions of chapter 143, excluding sections 143.191 to 143.265 and related provisions;
- (5) "Taxpayer", a person, firm, a partner in a firm, corporation, or a shareholder in an S corporation doing business in the state of Missouri and subject to the state income tax imposed by the provisions of chapter 143, or a corporation subject to the annual corporation franchise tax imposed by the provisions of chapter 147, or an insurance company paying an annual tax on its gross premium receipts in this state, or other financial institution paying taxes to the state of Missouri or any political subdivision of this state pursuant to the provisions of chapter 148, or an express company which pays an annual tax on its gross receipts in this state pursuant to chapter 153, or an individual subject to the state income tax imposed by the provisions of chapter 143, or any charitable organization which is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143.

2. For all tax years beginning on or after January 1, 2007, a taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability in an amount equal to fifty percent of the amount such taxpayer contributed to a pregnancy resource center.

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the taxable year for which the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty

thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. Except for any excess credit which is carried over pursuant to subsection 3 of this section, a taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution or contributions to a pregnancy resource center or centers in such taxpayer's taxable year has a value of at least one hundred dollars.

5. The director shall determine, at least annually, which facilities in this state may be classified as pregnancy resource centers. The director may require of a facility seeking to be classified as a pregnancy resource center whatever information which is reasonably necessary to make such a determination. The director shall classify a facility as a pregnancy resource center if such facility meets the definition set forth in subsection 1 of this section.

6. The director shall establish a procedure by which a taxpayer can determine if a facility has been classified as a pregnancy resource center. Pregnancy resource centers shall be permitted to decline a contribution from a taxpayer. The cumulative amount of tax credits which may be claimed by all the taxpayers contributing to pregnancy resource centers in any one fiscal year shall not exceed two million dollars. Tax credits shall be issued in the order contributions are received.

7. The director shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the director, the cumulative amount of tax credits are equally apportioned among all facilities classified as pregnancy resource centers. If a pregnancy resource center fails to use all, or some percentage to be determined by the director, of its apportioned tax credits during this predetermined period of time, the director may reapportion these unused tax credits to those pregnancy resource centers that have used all, or some percentage to be determined by the director, of their apportioned tax credits during this predetermined period of time. The director may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

8. Each pregnancy resource center shall provide information to the director concerning the identity of each taxpayer making a contribution to the pregnancy resource center who is claiming a tax credit pursuant to this section and the amount of the contribution. The director shall provide the information to the director of revenue. The director shall be subject to the confidentiality and penalty provisions of section 32.057 relating to the disclosure of tax information.

9. Notwithstanding any other law to the contrary, any tax credits granted under this section may be assigned, transferred, sold, or otherwise conveyed without consent or approval. Such taxpayer, hereinafter the assignor for purposes of this section, may sell, assign, exchange, or otherwise transfer earned tax credits:

- (1) For no less than seventy-five percent of the par value of such credits; and
- (2) In an amount not to exceed one hundred percent of annual earned credits.

10. [Pursuant to section 23.253 of the Missouri sunset act:

(1) Any new program authorized under this section shall automatically sunset six years after August 28, 2006, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which a program authorized under this section is sunset.] **Pursuant to section 23.253 of the Missouri sunset act, the provisions of the program authorized under this section are hereby reauthorized and shall automatically sunset on August 28, 2015.**"; and

Herewith I return to you **Conference Committee Substitute for Senate Substitute for House Committee Substitute for House Bill No. 193** entitled:

"AN ACT"

To repeal sections 128.345, 128.346, and 128.348, RSMo, and to enact in lieu thereof eleven new sections relating to the composition of congressional districts.

I disapprove of **Conference Committee Substitute for Senate Substitute for House Committee Substitute for House Bill No. 193**. My reasons for disapproval are as follows:

Conference Committee Substitute for Senate Substitute for House Committee Substitute for House Bill No. 193 does not adequately protect the interests of all Missourians. I have taken this action expeditiously in order to provide the General Assembly the opportunity to pass legislation with appropriate congressional district boundaries during the current legislative session.

TO THE CHIEF CLERK OF THE
HOUSE OF REPRESENTATIVES
96th GENERAL ASSEMBLY
FIRST REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Bill No. 209** entitled:

"AN ACT"

To repeal sections 67.402, 226.720, and 537.296, RSMo, and to enact in lieu thereof three new sections relating to nuisance actions, with penalty provisions.

I disapprove of **Senate Substitute for Senate Committee Substitute for House Bill No. 209**. My reasons for disapproval are as follows:

Senate Substitute for Senate Committee Substitute for House Bill No. 209 is flawed because certain of its provisions apply to nuisances not related to crop or animal production, and because it prohibits recovery of punitive damages in nuisance actions emanating from property used for crop or animal production.

Senate Substitute for Senate Committee Substitute for House Bill No. 209 is overbroad because it goes beyond its purported intent of addressing only agricultural nuisances. Section 537.296.3 of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** converts a second temporary nuisance claim to a claim for permanent nuisance, but importantly, does not contain language limiting its application to nuisances emanating from crop or animal production. By contrast, the exclusive damages provision of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** and the "good faith" abatement provision of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** are expressly limited to "crop or animal production." By its own terms, therefore, the two lawsuit limitation in Section 537.296.3 applies to all types of nuisances and not just those relating to crop or animal production. Application of this provision beyond the purported intent of the bill, and the unintended consequences of this application, necessitates my disapproval.

Similarly, Section 537.296.5 of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** makes substantive changes to standing requirements, but again does not contain language limiting it to nuisances emanating from crop or animal production. The omission of language limiting this provision to crop or animal production has the presumably unintended effect of making all manner of nuisances – those involving blasting, vehicle exhaust, noise, dust, or leaking gas tanks or oil lines, to name just a few – subject to the standing provision of this bill and making changes to nuisance law not contemplated by either the proponents or opponents of **Senate Substitute for Senate Committee Substitute for House Bill No. 209**.

Finally, **Senate Substitute for Senate Committee Substitute for House Bill No. 209** unacceptably prohibits punitive damages in a nuisance action arising out of crop or animal production. Under Missouri law, punitive damages are recoverable in a temporary nuisance action, i.e., where the nuisance is capable of abatement, and in a permanent nuisance action, i.e., where the nuisance cannot be abated. These damages are currently recoverable for agricultural and non-agricultural nuisances. Section 537.296.2 of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** changes Missouri law to provide that the "exclusive damages" awardable in temporary and permanent nuisance actions emanating from crop or animal production are the reduction in fair rental value or fair market value, plus compensatory damages arising from a medical condition caused by the nuisance. This exclusivity provision does not contain an exception for punitive damages. On its face, therefore, **Senate Substitute for Senate Committee Substitute for House Bill No. 209** turns back decades of Missouri common law by prohibiting the recovery of punitive damages in an agricultural nuisance action. The recovery of punitive damages is an important tool to incent the abatement of noxious activity, and must continue to be available to persons aggrieved by a nuisance arising out of crop or animal production.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for Senate Committee Substitute for House Bill No. 209** without my approval.

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

SIXTY-FIFTH DAY, TUESDAY, MAY 3, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Pastor Charles R. Curtman, Cornerstone Baptist Church, Wildwood, Missouri.

Dear Heavenly Father,

We want to thank You today that You are a holy and righteous God; and in these times especially, we are reminded and grateful that You are longsuffering and patient with the children of men.

We thank You today for this land You have given to us, a land so situated and so bountiful that it has provided us with a security and prosperity unprecedented in the history of nations. And as we thank You for this land, we also want to thank You for the guidance You gave to our forefathers in framing a system of government that would place us under a rule of law, and not under the arbitrary rule of fickle men - we thank You for this Constitutional Republic designed to protect and promote the individual freedom, and therefore the happiness of the people of these United States of America.

Today we realize that as Americans we have, as we have always had, a sacred responsibility for the stewardship of this land and these liberties that You have entrusted to us. In keeping with this help us, in these urgent times, to act upon Your promise in 2 Chronicles 7:14: "If my people, which are called by my name will humble themselves and pray, and seek my face, and turn from their wicked ways, then, will I hear from Heaven, and will forgive their sin, and will heal their land."

And so, we ask that You would help this body of Congressmen and women today to represent and lead, not in the interest of collectivism or the advancement of a totalitarian state, but in the interests of those principles that are embedded in our Constitution and that undergird our Constitutional Republic and the furtherance of individual freedom. We pray that you will impart to them a spirit of selflessness, courage and commitment to the cause of freedom and a consciousness of their accountability to You for all that they do. Bless these legislators in their work today; watch over and protect their families, as they are absent from them.

We ask all these things in the name of Your Son, Jesus Christ and for His sake. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Morgan McGhee.

The Journal of the sixty-fourth day was approved as printed.

Notwithstanding the above table, two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the state highways and transportation commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

5. Nothing in this section shall be construed as permitting lawful axle loads, tandem axle loads or gross loads in excess of those permitted under the provisions of Section 127 of Title 23 of the United States Code.

6. Notwithstanding the weight limitations contained in this section, any vehicle or combination of vehicles operating on highways other than the interstate highway system may exceed single axle, tandem axle and gross weight

7. Notwithstanding any provision of this section to the contrary, the department of transportation shall issue a single-use special permit, or upon request of the owner of the truck or equipment, shall issue an annual permit, for the transporting of any concrete pump truck or well-drillers' equipment. The department of transportation shall set fees for the issuance of permits pursuant to this subsection. Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than four hundred pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

9. Notwithstanding subsection 3 of this section or any other provision of law to the contrary, the total gross weight of any vehicle or combination of vehicles hauling livestock **or agricultural products** may be as much as, but shall not exceed, eighty-five thousand five hundred pounds [while operating on U.S. Highway 36 from St. Joseph to U.S. Highway 65, and on U.S. Highway 65 from the Iowa state line to U.S. Highway 36]. **The provisions of this subsection, however, shall not apply to vehicles operated on the Dwight D. 3. For the purpose of this section a "design-builder" is defined as an individual, corporation, partnership, joint venture or other entity, including combinations of such entities making a proposal to perform or performing a design-build highway project contract.

4. For the purpose of this section, "design-build highway project contract" is defined as the procurement of all materials and services necessary for the design, construction, reconstruction or improvement of a state highway project in a single contract with a design-builder capable of providing the necessary materials and services.

5. For the purpose of this section, "highway project" is defined as the design, construction, reconstruction or improvement of highways or bridges under contract with the state highways and transportation commission, which is funded by state, federal or local funds or any combination of such funds.

6. In using a design-build highway project contract, the commission shall establish a written procedure by rule for prequalifying design-builders before such design-builders will be allowed to make a proposal on the project.

7. In any design-build highway project contract, whether involving state or federal funds, the commission shall require that each person submitting a request for qualifications provide a detailed disadvantaged business enterprise participation plan. The plan shall provide information describing the experience of the person in meeting disadvantaged business enterprise participation goals, how the person will meet the department of transportation's disadvantaged business enterprise participation goal and such other qualifications that the commission considers to be in the best interest of the state.

8. The commission is authorized to issue a request for proposals to a maximum of five design-builders prequalified in accordance with subsection 6 of this section.

9. The commission may require approval of any person performing subcontract work on the design-build highway project.

10. Notwithstanding the provisions of sections 107.170, and 227.100, to the contrary, the commission shall require the design-builder to provide to the commission directly such bid, performance and payment bonds, or such letters of credit, in such terms, durations, amounts, and on such forms as the commission may determine to be adequate for its protection and provided by a surety or sureties authorized to conduct surety business in the state of Missouri or a federally insured financial institution or institutions, satisfactory to the commission, including but not limited to:

(1) A bid or proposal bond, cash or a certified or cashier's check;

(2) A performance bond or bonds for the construction period specified in the design-build highway project contract equal to a reasonable estimate of the total cost of construction work under the terms of the design-build highway project contract. If the commission determines in writing supported by specific findings that the reasonable estimate of the total cost of construction work under the terms of the design-build highway project contract is expected to exceed two-hundred fifty million dollars and a performance bond or bonds in such amount is impractical, the commission shall set the performance bond or bonds at the largest amount reasonably available, but not less than two-hundred fifty million dollars, and may require additional security, including but not limited to letters of credit, for the balance of the estimate not covered by the performance bond or bonds;

(3) A payment bond or bonds that shall be enforceable under section 522.300 for the protection of persons supplying labor and material in carrying out the construction work provided for in the design-build highway project contract. The aggregate amount of the payment bond or bonds shall equal a reasonable estimate of the total amount payable for the cost of construction work under the terms of the design-build highway project contract unless the commission determines in writing supported by specific findings that a payment bond or bonds in such amount is impractical, in which case the commission shall establish the amount of the payment bond or bonds; except that the amount of the payment bond or bonds shall not be less than the aggregate amount of the performance bond or bonds and any additional security to such performance bond or bonds; and

(4) Upon award of the design-build highway project contract, the sum of the performance bond and any required additional security established under subdivisions (2) and (3) of this subsection shall be stated, and shall be a matter of public record.

11. The commission is authorized to prescribe the form of the contracts for the work.

12. The commission is empowered to make all final decisions concerning the performance of the work under the design-build highway project contract, including claims for additional time and compensation.

13. The provisions of sections 8.285 to 8.291 shall not apply to the procurement of architectural, engineering or land surveying services for the design-build highway project, except that any person providing architectural, engineering or land surveying services for the design-builder on the design-build highway project must be licensed in Missouri to provide such services.

14. The commission shall pay a reasonable stipend to prequalified responsive design-builders who submit a proposal, but are not awarded the design-build highway project.

15. The commission shall comply with the provisions of any act of congress or any regulations of any federal administrative agency which provides and authorizes the use of federal funds for highway projects using the design-build process.

16. The commission shall promulgate administrative rules to implement this section or to secure federal funds. Such rules shall be published for comment in the Missouri Register and shall include prequalification criteria, the make-up of the prequalification review team, specifications for the design criteria package, the method of advertising, receiving and evaluating proposals from design-builders, the criteria for awarding the design-build highway project based on the design criteria package and a separate proposal stating the cost of construction, and other methods, procedures and criteria necessary to administer this section.

17. The commission shall make a status report to the members of the general assembly and the governor following the award of the design-build project, as an individual component of the annual report submitted by the commission to the joint transportation oversight committee in accordance with the provisions of section 21.795. The annual report prior to advertisement of the design-build highway project contracts shall state the goals of the project in reducing costs and/or the time of completion for the project in comparison to the design-bid-build method of construction and objective measurements to be utilized in determining achievement of such goals. Subsequent annual reports shall include: the time estimated for design and construction of different phases or segments of the project and the actual time required to complete such work during the period; the amount of each progress payment to the design-builder during the period and the percentage and a description of the portion of the project completed regarding such payment; the number and a description of design change orders issued during the period and the cost of each such change order; upon substantial and final completion, the total cost of the design-build highway project with a breakdown of costs for design and construction; and such other measurements as specified by rule. The annual report immediately after final completion of the project shall state an assessment of the advantages and disadvantages of the design-build method of contracting for highway and bridge projects in comparison to the design-bid-build method of contracting and an assessment of whether the goals of the project in reducing costs and/or the time of completion of the project were met.

18. The commission shall give public notice of a request for qualifications in at least two public newspapers that are distributed wholly or in part in this state and at least one construction industry trade publication that is distributed nationally.

19. The commission shall publish its cost estimates of the design-build highway project award and the project completion date along with its public notice of a request for qualifications of the design-build project.

20. If the commission fails to receive at least two responsive submissions from design-builders considered qualified, submissions shall not be opened and it shall readvertise the project.

21. For any highway design-build project constructed under this section, the commission shall negotiate and reach agreements with affected railroads. Such agreements shall include clearance, safety, insurance, and indemnification provisions, but are not required to include provisions on right-of-way acquisitions."; and

House Amendment No. 6

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 58, Page 2, Section 301.3084, Line 33, by inserting after said line the following:

"302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

(a) [A business, occupation, or] **Driving to or from the operator's places of employment;**

(b) [Seeking medical treatment for such operator;

(c)] Attending school or other institution of higher education;

[(d)] **(c)** Attending alcohol or drug treatment programs; **or**

[(e)] **(d)** Seeking the required services of a certified ignition interlock device provider; [or

(f) Any other circumstance the court or director finds would create an undue hardship on the operator;] the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director

finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle.

(4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of paragraph (a) of subdivision (6) of this subsection on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license denial under paragraph (a) or (b) of subdivision (8) of this subsection, until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving privilege.

(5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege who at the time of application for a limited driving privilege has previously been granted such a privilege within the immediately preceding five years, or whose license has been suspended or revoked for the following reasons:

(a) A conviction of violating the provisions of section 577.010 or 577.012, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b) A conviction of any felony in the commission of which a motor vehicle was used;

(c) Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), (10) or (11) of section 302.060;

(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, or having left the scene of an accident as provided in section 577.060;

(e) Due to a revocation for the first time for failure to submit to a chemical test pursuant to section 577.041 or due to a refusal to submit to a chemical test in any other state, if such person has not completed the first ninety days of such revocation;

(f) Violation more than once of the provisions of section 577.041 or a similar implied consent law of any other state; or

(g) Due to a suspension pursuant to subsection 2 of section 302.525 and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for a limited driving privilege; or due to a revocation pursuant to subsection 2 of section 302.525 if such person has not completed such revocation.

(7) No person who possesses a commercial driver's license shall receive a limited driving privilege issued for the purpose of operating a commercial motor vehicle if such person's driving privilege is suspended, revoked, canceled, denied, or disqualified. Nothing in this section shall prohibit the issuance of a limited driving privilege for the purpose

of operating a noncommercial motor vehicle provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege.

(8) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of section 302.060, to apply for a limited driving privilege pursuant to this subsection if such person has served at least three years of such disqualification or revocation. Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding three years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state.

(b) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of involuntary manslaughter while operating a motor vehicle in an intoxicated condition, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years because of two convictions of driving while intoxicated, as prescribed in subdivision (10) of section 302.060, to apply for a limited driving privilege pursuant to this subsection if such person has served at least two years of such disqualification or revocation. Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding two years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving privilege pursuant to the provisions of this subdivision.

(9) A DWI docket or court established under section 478.007 may grant a limited driving privilege to a participant in or graduate of the program who would otherwise be ineligible for such privilege under another provision of law. The DWI docket or court shall not grant a limited driving privilege to a participant during his or her initial forty-five days of participation.

4. Any person who has received notice of denial of a request of limited driving privilege by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.”; and

(5) "Project" includes any bridge, street, road, highway, access road, interchange, intersection, signing, signalization, parking lot, bus stop, station, garage, terminal, hangar, shelter, rest area, dock, wharf, lake or river port, airport, railroad, light rail, or [other mass transit] **public mass transportation system** and any similar or related improvement or infrastructure. **In the case of a district located in a home rule city with more than four hundred thousand inhabitants and located in more than one county, whose district boundaries are contained solely within that portion of such a home rule city that is contained within a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, the term “Project” shall also include the operation of a street car or other rail-based or fixed guideway public mass transportation system, and the revenue of such district may be used to pay for the design, construction, ownership and operation of such a street car or other rail-based or fixed guideway public mass transportation system by such district or such municipality, or by a local transportation authority having jurisdiction within such municipality.**

(6) **“Public mass transportation system”, a transportation system owned or operated by a governmental or quasi-governmental entity, employing motor buses, rails, or any other means of conveyance, by whatsoever type of power, operated for public use in the conveyance of persons, mainly providing local transportation service within a municipality or a single metropolitan statistical area.**

2. For the purposes of sections 11(c), 16 and 22 of article X of the Constitution of Missouri, section 137.073, and as used in sections 238.200 to 238.275, the following terms shall have the meanings given:

(1) "Approval of the required majority" or "direct voter approval", a simple majority;
(2) "Qualified electors", "qualified voters" or "voters":
(a) Within a proposed or established district, except for a district proposed under subsection 1 of section 238.207, any persons residing therein who have registered to vote pursuant to chapter 115; or

(3) "Registered voters", persons qualified and registered to vote pursuant to chapter 115.

238.225. 1. Before construction or funding of any project the district shall submit the proposed project to the commission for its prior approval. If the commission by minute finds that the project will improve or is a necessary or desirable extension of the state highways and transportation system, the commission may preliminarily approve the project subject to the district providing plans and specifications for the proposed project and making any revisions in the plans and specifications required by the commission and the district and commission entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After such preliminary approval, the district may impose and collect such taxes and assessments as may be included in the commission's preliminary approval. After the commission approves the final construction plans and specifications, the district shall obtain prior commission approval of any modification of such plans or specifications.

2. If the proposed project is not intended to be merged into the state highways and transportation system under the commission's jurisdiction, the district shall also submit the proposed project and proposed plans and specifications to the local transportation authority that will become the owner of the project for its prior approval.

3. In those instances where a local transportation authority is required to approve a project and the commission determines that it has no direct interest in that project, the commission may decline to consider the project. Approval of the project shall then vest exclusively with the local transportation authority subject to the district making any revisions in the plans and specifications required by the local transportation authority and the district and the local transportation authority entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After the local transportation authority approves the final construction plans and specifications, the district shall obtain prior approval of the local transportation authority before modifying such plans or specifications.

4. Notwithstanding any provision of this section to the contrary, this section shall not apply to any district whose project is a public mass transportation system.

238.235. 1. (1) Any transportation development district may by resolution impose a transportation development district sales tax on all retail sales made in such transportation development district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to all sales of electricity or electrical current, water and gas, natural or artificial, nor to sales of service to telephone subscribers, either local or long distance. Such transportation development district sales tax may be imposed for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters, except that no resolution enacted pursuant to the authority granted by this section shall be effective unless:

(a) The board of directors of the transportation development district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of this section; or

(b) The voters approved the question certified by the petition filed pursuant to subsection 5 of section 238.207.

(2) If the transportation district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of paragraph (a) of subdivision (1) of this subsection, the ballot of submission shall contain, but need not be limited to, the following language:

Shall the transportation development district of (transportation development district's name) impose a transportation development district-wide sales tax at the rate of (insert amount) for a period of (insert number) years from the date on which such tax is first imposed for the purpose of (insert transportation development purpose)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

(3) The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the department of revenue receives notification of the tax.

(4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section

to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285.

(6) All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

(7) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to public utilities. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, governing the state sales tax, sections 32.085 and 32.087 and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for

acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5. All sales taxes received by the transportation development district shall be deposited by the director of revenue in a special fund to be expended for the purposes authorized in this section. The director of revenue shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

6. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

7. Notwithstanding any provision of sections 99.800 to 99.865, and this section to the contrary, the sales tax imposed by a district whose project is a public mass transportation system shall not be considered economic activity taxes as such term is defined under sections 99.805 and 99.918 and shall not be subject to allocation under the provisions of subsection 3 of section 99.845, or subsection 4 of section 99.957.”; and

301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the national guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles, with the letters and numbers thereon right side up. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) **Beginning January 1, 2012**, the director of revenue shall issue annually or biennially a [tab or set of tabs] **window sticker, to be placed on the front windshield of the motor vehicle**, as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. **Notwithstanding the provisions of this section, motorcycles and trailers shall be issued license plate tabs in lieu of window stickers.** Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs **or window sticker** to ensure that the tab or tabs **or the window sticker** positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs **or window stickers** shall be produced in each license bureau office.

(2) [The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate] **The window sticker shall be placed on the inside front window in an area prescribed by the director of revenue. Tabs issued to motorcycles and trailers shall be affixed and displayed in the designated area of the license plate.**

(3) A tab or [set of tabs] **window sticker** issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs **or window sticker** shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. [No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.] **Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with**

the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of eighteen thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for eighteen thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030.

9. No later than January 1, 2009, the director of revenue shall commence the reissuance of new license plates of such design as directed by the director consistent with the terms, conditions, and provisions of this section and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.

301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates **and window sticker** shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days. **A window sticker shall not be required during the thirty-day time frame.** As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, **and payment of a fee as prescribed in section 301.300 for a replacement window sticker**, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars, **the fee prescribed in section 301.300 for a replacement window sticker**, and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars, **and payment of a fee as prescribed in section 301.300 for a replacement window sticker**, if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars, **the fee prescribed in section 301.300 for a replacement window sticker**, and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. Upon the sale of a motor vehicle or trailer by a dealer, a buyer who has made application for registration, by mail or otherwise, may operate the same for a period of thirty days after taking possession thereof, if during such period the motor vehicle or trailer shall have attached thereto, in the manner required by section 301.130, number plates issued to the dealer. Upon application and presentation of proof of financial responsibility as required under subsection 5 of this section and satisfactory evidence that the buyer has applied for registration, a dealer may furnish such number plates to the buyer for such temporary use. In such event, the dealer shall require the buyer to deposit the sum of ten dollars and fifty cents to be returned to the buyer upon return of the number plates as a guarantee that said buyer will

return to the dealer such number plates within thirty days. The director shall issue a temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days of the date of purchase.

5. The temporary permit shall be made available by the director of revenue and may be purchased from the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer. The director shall make temporary permits available to registered dealers in this state or authorized agents of the department of revenue in sets of ten permits. The fee for the temporary permit shall be seven dollars and fifty cents for each permit or plate issued. No dealer or authorized agent shall charge more than seven dollars and fifty cents for each permit issued. The permit shall be valid for a period of thirty days from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility.

6. The permit shall be issued on a form prescribed by the director and issued only for the applicant's use in the operation of the motor vehicle or trailer purchased to enable the applicant to legally operate the vehicle while proper title and registration plate are being obtained, and shall be displayed on no other vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable and shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer. The director shall determine the size and numbering configuration, construction, and color of the permit.

7. The dealer or authorized agent shall insert the date of issuance and expiration date, year, make, and manufacturer's number of vehicle on the permit when issued to the buyer. The dealer shall also insert such dealer's number on the permit. Every dealer that issues a temporary permit shall keep, for inspection of proper officers, a correct record of each permit issued by recording the permit or plate number, buyer's name and address, year, make, manufacturer's vehicle identification number on which the permit is to be used, and the date of issuance.

8. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

301.160. Upon approval of the application for registration of a motor vehicle or trailer and when the required fee has been paid to the department of revenue, the department shall forward or deliver to the applicant the registration receipt and the number of license plates prescribed for the vehicle or trailer by section 301.130, or renewal tabs **or window stickers** if appropriate. The attachment to the motor vehicle or trailer specified in the application of current license plates shall be prima facie evidence that the fees have been paid for such license.

301.290. 1. Correctional enterprises of the department of corrections shall purchase, erect and maintain all of the machinery and equipment necessary for the manufacture of the license plates [and], tabs, **and window stickers** issued by the director of revenue, and of signs used by the state transportation department. [Beginning on January 1, 2011, correctional enterprises shall no longer erect and maintain tabs for the department of revenue.]

2. The director of revenue shall procure all plates issued by [him] **the director**, and the state transportation department shall procure all signs used by it from correctional enterprises, unless an emergency arises and correctional enterprises cannot furnish the plates, tabs, **window stickers**, or signs.

3. Correctional enterprises shall furnish the plates and signs at such a price as will not exceed the price at which such plates and signs may be obtained upon the open market, but in no event shall such price be less than the cost of manufacture, including labor and materials.

4. All moneys derived from the sale of the plates, tabs, **window stickers**, and signs shall be paid into the state treasury to the credit of the working capital revolving fund as provided in section 217.595.

301.300. 1. In event of the loss, theft, mutilation or destruction of any certificate of ownership, number plate, tab [or set of tabs] **or window sticker** issued by the director of revenue, the lawful holder thereof shall, within five days, file with the director of revenue, an affidavit showing such fact, and shall, on the payment of a fee of eight dollars and fifty cents, obtain a duplicate or replacement of such plate, certificate, tab [or set of tabs] **or window sticker**. Any duplicate certificate issued for any "motor vehicle primarily for business use", as defined in section 301.010, shall be issued only to the owner of record.

2. Upon filing affidavit of lost, stolen, mutilated or destroyed certificate of registration, the director of revenue shall issue to the lawful owner a duplicate or replacement thereof upon payment of a fee of eight dollars and fifty cents.

3. Vehicle owners who elect not to transfer or renew multiyear plates shall be charged a fee equal to that charged for a lost plate in addition to the registration fee prescribed by law at the time the new plate or plates are issued.

4. Notwithstanding subsection 1 of this section, a new or used motor vehicle dealer may obtain a duplicate or replacement title in the owner's name if the owner's title has been lost, stolen, mutilated, or destroyed and is not available for assignment. In order to obtain the duplicate or replacement title from the department of revenue, the licensed dealer shall procure a power of attorney from the owner authorizing the dealer to obtain a duplicate or replacement title in the owner's name and sign any title assignments on the owner's behalf. The application to the department of revenue for the duplicate or replacement title shall be accompanied by the executed power of attorney, or a copy thereof, and the application shall contain the appropriate mailing address of the dealer. The director of the department of revenue is authorized to make all necessary rules and regulations for the administration of this subsection, and shall design all necessary forms required by this subsection. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

301.301. 1. Any person replacing a stolen license plate tab **or window sticker** issued on or after January 1, 2009, may receive at no cost up to two [sets of two] license plate tabs **or window stickers** per year when the application for the replacement tab **or sticker** is accompanied with a police report that is corresponding with the stolen license plate tab **or window sticker**.

2. Any person replacing a stolen license plate tab issued prior to January 1, 2009, may receive at no cost up to two sets of two license plate tabs per year when the application for the replacement tab is accompanied with a notarized affidavit verifying that such license plate tab or tabs were stolen.

301.302. A citation shall not be issued to any person stopped by law enforcement for a missing license plate tab or [tabs] **window sticker** if such person indicates that the tab or [tabs have] **window sticker has** been stolen and a check on such person's vehicle registration reveals that the vehicle is properly registered. A law enforcement officer may issue a warning under these circumstances. In the event a citation is improperly issued to a person for a missing [tabs] **tab or window sticker** when the requirements of this section are met, any court costs shall be waived.”; and

Further amend said bill, Page 14, Section 537.293, Line 13, by inserting after all of said section and line the following:

“Section B. Sections 136.055, 301.032, 301.130, 301.140, 301.160, 301.290, 301.300, 301.301, and 301.302, of this act shall become effective January 1, 2012.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

SENATE CONCURRENT RESOLUTION NO. 12

WHEREAS, atrial fibrillation (AFib) is the most common serious heart rhythm disorder and causes 15 percent of all strokes in the United States; and

WHEREAS, AFib affects more than 2.3 million Americans and is expected to more than double to 5.6 million Americans by 2050; and

WHEREAS, one in four people aged 40 years or older develop AFib during their lifetime; and

WHEREAS, AFib causes the heart to beat irregularly or out of rhythm. As a result, people with AFib are nearly five times more likely to have a stroke than someone without the condition. In addition, AFib-related strokes are about twice as likely to be fatal and about twice as likely to be severely disabling than strokes that are not related to AFib; and

WHEREAS, three out of four AFib-related strokes can be prevented, but many patients are not aware of their risk and do not take action to prevent stroke; and

WHEREAS, the estimated direct medical cost of stroke for 2007 was \$25.2 billion. This includes hospital outpatient or office-based provider visits, hospital inpatient stays, emergency room visits, prescribed medicines, and home health; and

WHEREAS, appropriate stroke prevention in AFib can effectively reduce the overall financial burden of the illness within public programs such as Medicaid and Medicare; and

WHEREAS, reducing the risk of stroke related to AFib may maintain self sufficiency on the part of patients cared for within public programs:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-sixth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the MO HealthNet Division to pursue the feasibility of implementing a program to assess chronic disease management of stroke prevention in atrial fibrillation using available general appropriations and/or private sources of funding in an effort to identify opportunities to reduce the financial and clinical burden of AFib-related strokes upon Missouri, and public programs including Medicare and Medicaid; and

BE IT FURTHER RESOLVED that at the conclusion of such an assessment, a report of findings and recommendations be prepared and provided to the General Assembly by December 31, 2011, so that it can evaluate the effectiveness of the current quality of care within public programs including Medicare and Medicaid and in providing recommendations for improved health and well being of the affected patients; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to send properly inscribed copies of this resolution to the director of the MO HealthNet Division.

In which the concurrence of the House is respectfully requested.

HOUSE CONCURRENT RESOLUTION NO. 53

WHEREAS, the average price of gasoline has risen to nearly \$4.00 a gallon and are projected to remain there or go even higher as the summer months approach; and

WHEREAS, numerous components make up the price of gasoline, including the cost of crude oil (45%), federal and state taxes (23%), refining costs (22%), and marketing and distribution costs (10%). These components are affected by many factors; and

WHEREAS, the three main factors that contribute to changes in the price of gasoline are changes in crude oil prices, the transparency of energy markets, and regulations that affect the price of gasoline; and

WHEREAS, there is very little government can do about crude oil prices and transparency. Crude oil prices are affected by world supply and demand, which continues to grow and most rapidly in Asia. Transparency produces highly efficient markets, but it also increases volatility. Any reduction in transparency would offset efficiency; and

WHEREAS, while states have limited authority and options available to attempt to reverse the soaring fuel prices and alleviate the growing financial burden on its citizenry, the federal government is able to ease the pressure on prices and reduce volatility by reducing its own interference in the market - most directly by the way of taxes and regulation; and

WHEREAS, federal regulations have contributed significantly to the high price, high volatility environment facing consumers today. These regulations have led to the proliferation of numerous fuel blends - known as "boutique fuels" - which in turn have increased refining and distribution costs; and

WHEREAS, in addition to addressing the boutique fuel problem, Congress and the Administration should reform other Clean Air Act regulations that have resulted in the halt of construction of new refinery capacity and offshore drilling. More production and refinery capacity is needed to ease the pressure on the production system; and

WHEREAS, federal regulations are also affecting gasoline imports because foreign suppliers are unable to keep up with the increasing complexity of federal gasoline requirements. Volatility in the Middle East also threatens our second largest supplier of oil - OPEC; and

WHEREAS, while changes in federal regulations and policies are needed as a long-term solution, the federal government is able to impact gasoline prices in the short-term as well; and

WHEREAS, in the short-term, the Environmental Protection Agency should temporarily suspend clean-fuel requirements and reduce the number of fuel specifications across the country by offering a limited menu of fuel choices that states and localities can choose from; and

WHEREAS, with crude oil costs being the single largest component in the cost of gasoline, the only real impact on crude oil prices is the threat of competition; and

WHEREAS, the leading supplier of oil to the United States market is Canada, with Mexico as the third leading supplier. There are enough oil and gas resources under the ground of those two reliable neighbors to supply the United States at current consumption levels for the next 100 years; and

WHEREAS, by lowering any remaining cross-border barriers to energy imports and by increasing the capacity of cross-border distribution systems, Congress can lower the cost to both Canada and Mexico of shipping oil to the United States, thereby inducing them to bring more supply on line; and

WHEREAS, in order to reduce our dependence on foreign oil, Congress and the Administration should find ways to facilitate the building of new refineries, and an increase in production by permitting the uncapping of existing wells and the drilling of new wells; and

WHEREAS, Congress and the Administration should strive to maintain a well-functioning gasoline market for the good of the economy, without interfering in the marketplace. Changes in federal regulation, introduction of fuel flexibility, removing impediments to importation of fuel from Canada and Mexico, increasing refinery capacity and pipeline construction, as well as greater domestic oil exploration and opening additional areas of production would begin to ease the rising cost of fuels and reduce our dependence on foreign sources of oil:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, First Regular Session, the Senate concurring therein, hereby strongly urge the United States Congress and the Obama Administration to immediately seek long-term and short-term solutions to the rapidly rising fuel costs to ease the financial burden on its citizens and prevent a second recession; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for President Barack Obama; Lisa P. Jackson, Administrator of the Environmental Protection Agency; the Majority and Minority Leaders of the United States Congress; and each member of the Missouri Congressional delegation.

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

SIXTY-SIXTH DAY, WEDNESDAY, MAY 4, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Thou wilt show me the path of life: in Thy presence is fullness of joy. (Psalm 16:11)

O God, Ruler of governments, You have surrounded us with Your mercies, You have guided us with Your wisdom, You have blessed us with Your love. Continue to breathe upon us, breath of God, fill us with life anew, that we may love what You love and do what You would do - so may our lives be more worthy in Your sight and our labor be in accordance with Your Holy will.

Deliver us from pride and prejudice and bless us with the glorious liberty of an open mind and responsive heart. Clothe us with the spirit that never fails to bear the fruit of happiness, integrity and love. Finally, give relief and comfort to all who have suffered from the recent floods and tornadoes in our state. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Travis Sims and Katrina Enlow.

The Journal of the sixty-fifth day was approved as printed by the following vote:

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Cierpiot, **House Amendment No. 1** was adopted.

Representative McCaherty offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 173, Page 7, Section 227.107, Line 138, by inserting after all of said section and line the following:

“227.430. The portion of Missouri Highway 30 from State Route NN north three miles to one tenth of a mile southwest of old Missouri 30 in Jefferson County shall be designated the "SFC Wm. Brian Woods, Jr. Memorial Highway". The department of transportation shall erect and maintain appropriate signs designating such highway, with the cost to be paid for by private donations.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative McCaherty, **House Amendment No. 2** was adopted.

Representative Schad offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for Senate Bill No. 173, Page 10, Section 249.425, Line 97, by inserting after said line the following:

“302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

- (a) [A business, occupation, or] **Driving to or from the operator's places of employment;**
- (b) [Seeking medical treatment for such operator;
- (c)] **Attending school or other institution of higher education;**

[(d)] (c) Attending alcohol or drug treatment programs; or

[(e)] (d) Seeking the required services of a certified ignition interlock device provider; [or

(f) Any other circumstance the court or director finds would create an undue hardship on the operator;] the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle.

(4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of paragraph (a) of subdivision (6) of this subsection on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license denial under paragraph (a) or (b) of subdivision (8) of this subsection, until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving privilege.

(5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege who at the time of application for a limited driving privilege has previously been granted such a privilege within the immediately preceding five years, or whose license has been suspended or revoked for the following reasons:

(a) A conviction of violating the provisions of section 577.010 or 577.012, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b) A conviction of any felony in the commission of which a motor vehicle was used;

(c) Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), (10) or (11) of section 302.060;

(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, or having left the scene of an accident as provided in section 577.060;

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the state highways and transportation commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than four hundred pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

No person who is not a resident of such municipality and who has not been within the limits thereof for a continuous period of more than forty-eight hours, shall be convicted of a violation of such ordinances, unless it is shown by competent evidence that there was posted at the place where the boundary of such municipality joins or crosses any highway a sign displaying in black letters not less than four inches high and one inch wide on a white background the speed fixed by such municipality so that such sign may be clearly seen by operators and drivers from their vehicles upon entering such municipality.

2. Municipalities, by ordinance, may:

- (1) Make additional rules of the road or traffic regulations to meet their needs and traffic conditions;
- (2) Establish one-way streets and provide for the regulation of vehicles thereon;
- (3) Require vehicles to stop before crossing certain designated streets and boulevards;
- (4) Limit the use of certain designated streets and boulevards to passenger vehicles, **except that each municipality shall allow at least one street, with lawful traffic movement and access from both directions, to be available for use by commercial vehicles to access any roads in the state highway system. Under no circumstances shall the provisions of this subdivision be construed to authorize municipalities to limit the use of all streets in the municipality;**

- (5) Prohibit the use of certain designated streets to vehicles with metal tires, or solid rubber tires;

(6) Regulate the parking of vehicles on streets by the installation of parking meters for limiting the time of parking and exacting a fee therefor or by the adoption of any other regulatory method that is reasonable and practical, and prohibit or control left-hand turns of vehicles;

(7) Require the use of signaling devices on all motor vehicles; and

(8) Prohibit sound producing warning devices, except horns directed forward.

3. No ordinance shall be valid which contains provisions contrary to or in conflict with this chapter, except as herein provided.

Any registered owner-lessor who fails or refuses to provide such information within the period required by this subsection shall be liable for the imposition of any fine established by municipal ordinance for the violation. Provided, however, if a leased motor vehicle is illegally parked due to a defect in such vehicle, which renders it inoperable, not caused by the fault or neglect of the lessee, then the lessor shall be liable on any violation for illegal parking of such vehicle.

5. **No ordinance shall deny the use of commercial vehicles on all streets within the municipality.**

537.293. 1. Notwithstanding any other provision of law, the use of vehicles on a public street or highway in a manner which is legal under state and local law shall not constitute a public or private nuisance, and shall not be the basis of a civil action for public or private nuisance.

2. **No individual or business entity shall be subject to any civil action in law or equity for a public or private nuisance on the basis of such individual or business entity legally using vehicles on a public street or highway. Any actions by a court in this state to enjoin the use of a public street or highway in violation of this section and any damages awarded or imposed by a court, or assessed by a jury, against an individual or business entity for public or private nuisance in violation of this section shall be null and void.**

(3) "District", a transportation development district organized under sections 238.200 to 238.275;

(4) "Local transportation authority", a county, city, town, village, county highway commission, special road district, interstate compact agency, or any local public authority or political subdivision having jurisdiction over any bridge, street, highway, dock, wharf, ferry, lake or river port, airport, railroad, light rail or other transit improvement or service;

(5) "Project" includes any bridge, street, road, highway, access road, interchange, intersection, signing, signalization, parking lot, bus stop, station, garage, terminal, hangar, shelter, rest area, dock, wharf, lake or river port, airport, railroad, light rail, or [other mass transit] **public mass transportation system** and any similar or related improvement or infrastructure. **In the case of a district located in a home rule city with more than four hundred thousand inhabitants and located in more than one county, whose district boundaries are contained solely within that portion of such a home rule city that is contained within a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, the term “Project”**

shall also include the operation of a street car or other rail-based or fixed guideway public mass transportation system, and the revenue of such district may be used to pay for the design, construction, ownership and operation of such a street car or other rail-based or fixed guideway public mass transportation system by such district or such municipality, or by a local transportation authority having jurisdiction within such municipality.

(6) "Public mass transportation system", a transportation system owned or operated by a governmental or quasi-governmental entity, employing motor buses, rails, or any other means of conveyance, by whatsoever type of power, operated for public use in the conveyance of persons, mainly providing local transportation service within a municipality or a single metropolitan statistical area.

2. For the purposes of sections 11(c), 16 and 22 of article X of the Constitution of Missouri, section 137.073, and as used in sections 238.200 to 238.275, the following terms shall have the meanings given:

(1) "Approval of the required majority" or "direct voter approval", a simple majority;

(2) "Qualified electors", "qualified voters" or "voters":

(a) Within a proposed or established district, except for a district proposed under subsection 1 of section 238.207, any persons residing therein who have registered to vote pursuant to chapter 115; or

(b) Within a district proposed or established under subsection 1 of section 238.207 which has no persons residing therein who have registered to vote pursuant to chapter 115, the owners of record of all real property located in the district, who shall receive one vote per acre, provided that if a registered voter subsequent to the creation of the district becomes a resident within the district and obtains ownership of property within the district, such registered voter must elect whether to vote as an owner of real property or as a registered voter, which election once made cannot thereafter be changed;

(3) "Registered voters", persons qualified and registered to vote pursuant to chapter 115.

238.225. 1. Before construction or funding of any project the district shall submit the proposed project to the commission for its prior approval. If the commission by minute finds that the project will improve or is a necessary or desirable extension of the state highways and transportation system, the commission may preliminarily approve the project subject to the district providing plans and specifications for the proposed project and making any revisions in the plans and specifications required by the commission and the district and commission entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After such preliminary approval, the district may impose and collect such taxes and assessments as may be included in the commission's preliminary approval. After the commission approves the final construction plans and specifications, the district shall obtain prior commission approval of any modification of such plans or specifications.

2. If the proposed project is not intended to be merged into the state highways and transportation system under the commission's jurisdiction, the district shall also submit the proposed project and proposed plans and specifications to the local transportation authority that will become the owner of the project for its prior approval.

3. In those instances where a local transportation authority is required to approve a project and the commission determines that it has no direct interest in that project, the commission may decline to consider the project. Approval of the project shall then vest exclusively with the local transportation authority subject to the district making any revisions in the plans and specifications required by the local transportation authority and the district and the local transportation authority entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After the local transportation authority approves the final construction plans and specifications, the district shall obtain prior approval of the local transportation authority before modifying such plans or specifications.

4. Notwithstanding any provision of this section to the contrary, this section shall not apply to any district whose project is a public mass transportation system.

238.235. 1. (1) Any transportation development district may by resolution impose a transportation development district sales tax on all retail sales made in such transportation development district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to all sales of electricity or electrical current, water and gas, natural or artificial, nor to sales of service to telephone subscribers, either local or long distance. Such transportation development district sales tax may be imposed for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters, except that no resolution enacted pursuant to the authority granted by this section shall be effective unless:

(a) The board of directors of the transportation development district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of this section; or

(b) The voters approved the question certified by the petition filed pursuant to subsection 5 of section 238.207.

(2) If the transportation district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of paragraph (a) of subdivision (1) of this subsection, the ballot of submission shall contain, but need not be limited to, the following language:

Shall the transportation development district of (transportation development district's name) impose a transportation development district-wide sales tax at the rate of (insert amount) for a period of (insert number) years from the date on which such tax is first imposed for the purpose of (insert transportation development purpose)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

(3) The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the department of revenue receives notification of the tax.

(4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285.

(6) All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

(7) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to public utilities. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, governing the state sales tax, sections 32.085 and 32.087 and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5. All sales taxes received by the transportation development district shall be deposited by the director of revenue in a special fund to be expended for the purposes authorized in this section. The director of revenue shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

6. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

7. Notwithstanding any provision of sections 99.800 to 99.865, and this section to the contrary, the sales tax imposed by a district whose project is a public mass transportation system shall not be considered economic activity taxes as such term is defined under sections 99.805 and 99.918 and shall not be subject to allocation under the provisions of subsection 3 of section 99.845, or subsection 4 of section 99.957.”; and

“537.033. 1. As used in this section, unless the context clearly indicates otherwise, the following words shall mean:

(1) **"Design professional", an architect, landscape architect, professional land surveyor or professional engineer, licensed under the provisions of chapter 327 or any corporation authorized to practice architecture, landscape architecture, land surveying, or engineering under section 327.401 while acting within his or her scope of practice;**

(2) **"Peer review process", a process through which design professionals evaluate, maintain, or monitor the quality and utilization of architectural, landscape architectural, land surveying or engineering services, prepare internal lessons-learned, or exercise any combination of such responsibilities.**

2. A peer review process may be performed by the following, each of whom shall be deemed a peer reviewer:

(1) **An individual design professional or committee of design professionals appointed by a state, county or local society of design professionals;**

(2) **An individual design professional or committee of design professionals appointed by the partners, shareholders, or employed design professionals of a partnership or of a corporation authorized under section 327.401;**

(3) **Any individual design professional or committee of design professionals appointed by the partners, board of directors, chief executive officer, or the quality control director of a partnership or a corporation authorized under section 327.401 to practice architecture, landscape architecture, land surveying, or engineering, or by the owner of a sole proprietorship engaged in one or more of such professions.**

3. Each peer reviewer, member of a peer review committee, and each person, corporate director, partner, quality control director, or other design professional who testifies before, or provides information to, acts upon the recommendation of, or otherwise participates in the operation of, such a process shall be immune from civil liability for such acts so long as the acts are performed in good faith, without malice, and are reasonably related to the scope of inquiry of the peer review process.

Except as otherwise provided in this section, no person who was in attendance at or participated in any peer review process or proceedings shall be permitted or required to disclose any information acquired in connection with or in the course of such proceeding, or to disclose any opinion, recommendation, or evaluation of the peer reviewer or any member of a peer review committee; provided, however, that information otherwise discoverable or admissible from original sources shall not be construed as immune from discovery or use in any proceeding merely because it was presented during proceedings before a peer reviewer, nor shall a member, employee, or agent involved in any such process, or other person appearing before a peer reviewer be prevented from testifying as to matters within his or her personal knowledge and in accordance with the other provisions of this section; except that, such witness shall not be questioned about testimony or other proceedings before any peer review process or peer reviewer or about opinions formed as a result of such process. The disclosure of any interview, memoranda, proceedings, findings, deliberations, reports, or minutes to any person or entity, including but not limited to governmental agencies, professional accrediting agencies, or other design professionals, whether proper or improper, shall not waive or have any effect upon its confidentiality, nondiscoverability, or nonadmissibility.

"447.708. 1. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150 and sections 135.200 to 135.257. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city, or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220 and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225 are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is a person difficult to employ as defined by section 135.240, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245 for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471 who operates an eligible project. The

director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, related taxpayer has the same meaning as defined in subdivision (9) of section 135.100;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100 which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, **environmental insurance premiums, backfill of areas where contaminated soil excavation occurs**, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the

remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148.

The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 [to 6] **and 5** of section 135.250. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or

(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer

operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

- (1) The shareholders of the corporation described in section 143.471;
- (2) The partners of the partnership. The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period."; and

The order or ordinance imposing the tax shall not become effective unless the governing body of the city or county submits to the voters of the city or county at a state general or primary election a proposal to authorize the governing body to impose a tax under this section. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall (insert the name of the city or county) impose a sales tax at a rate of (insert rate of percent) percent for economic development purposes?

If the members representing school districts and other taxing districts are appointed for a term coinciding with the length of time an economic development project, plan, or area is approved, such term shall terminate upon final approval of the project, plan, or designation of the area by the governing body of the city or county. If any school district or other taxing jurisdiction fails to appoint members of the board within thirty days of receipt of written notice of a proposed economic development plan, economic development project, or designation of an economic development area, the remaining members may proceed to exercise the power of the board. If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters of the city or county, and the repeal is approved by a majority of the qualified voters voting on the question.

9. Whenever the governing body of any city or county that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the city or county voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters a proposal to repeal the tax. An act to repeal section 311.297, RSMo, and to enact in lieu thereof two new sections relating to liquor control.

With Senate Amendment No. 1 and Senate Amendment No. 2.

Senate Amendment No. 1

AMEND Senate Committee Substitute for House Bill No. 101, Page 2, Section 311.297, Line 36, by inserting after all of said line the following:

"311.482. 1. Notwithstanding any other provision of this chapter, a permit for the sale of **all kinds of** intoxicating liquor [as defined in section 311.020], **including intoxicating liquor in the original package, at retail by the drink** for consumption on the premises [where sold] **of the licensee** may be issued to any church, school, civic, service, fraternal, veteran, political, or charitable club or organization for the sale of such intoxicating liquor at a picnic, bazaar, fair, or similar gathering. The permit shall be issued only for the day or days named therein and it shall not authorize the sale of intoxicating liquor for more than seven days by any such club or organization.

2. To secure the permit, the applicant shall complete a form provided by the supervisor, but no applicant shall be required to furnish a personal photograph as part of the application. The applicant shall pay a fee of twenty-five dollars for such permit.

3. If the event will be held on a Sunday, the permit shall authorize the sale of intoxicating liquor on that day beginning at 11:00 a.m.

4. At the same time that an applicant applies for a permit under the provisions of this section, the applicant shall notify the director of revenue of the holding of the event and by such notification, by certified mail, shall accept responsibility for the collection and payment of any applicable sales tax. Any sales tax due shall be paid to the director of revenue within fifteen days after the close of the event, and failure to do so shall result in a liability of triple the amount of the tax due plus payment of the tax, and denial of any other permit for a period of three years. Under no circumstances shall a bond be required from the applicant.

5. No provision of law or rule or regulation of the supervisor shall be interpreted as preventing any wholesaler or distributor from providing customary storage, cooling or dispensing equipment for use by the permit holder at such picnic, bazaar, fair or similar gathering.

311.485. 1. The supervisor of liquor control may issue a temporary permit to caterers and other persons holding licenses to sell intoxicating liquor, **including intoxicating liquor in the original package**, by the drink at retail for consumption on the premises pursuant to the provisions of this chapter who furnish provisions and service for use at a particular function, occasion or event at a particular location other than the licensed premises, but not including a festival as defined in chapter 316. The temporary permit shall be effective for a period not to exceed one hundred sixty-eight consecutive hours, and shall authorize the service of alcoholic beverages at such function, occasion or event during the hours at which alcoholic beverages may lawfully be sold or served upon premises licensed to sell alcoholic beverages for on-premises consumption. For every permit issued pursuant to the provisions of this section, the permittee shall pay to the director of revenue the sum of ten dollars for each calendar day, or fraction thereof, for which the permit is issued.

2. Except as provided in subsection 3 of this section, all provisions of the liquor control law and the ordinances, rules and regulations of the incorporated city, or the unincorporated area of any county, in which is located the premises in which such function, occasion or event is held shall extend to such premises and shall be in force and enforceable during all the time that the permittee, its agents, servants, employees, or stock are in such premises. [Except for Missouri-produced wines in the original package, the provisions of this section shall not include the sale of packaged goods covered by this temporary permit.]

3. Notwithstanding any other law to the contrary, any caterer who possesses a valid state and valid local liquor license may deliver alcoholic beverages in the course of his or her catering business. A caterer who possesses a valid state and valid local liquor license need not obtain a separate license for each city the caterer delivers in, so long as such city permits any caterer to deliver alcoholic beverages within the city.

4. To assure and control product quality, wholesalers may, but shall not be required to, give a retailer credit for intoxicating liquor with an alcohol content of less than five percent by weight delivered and invoiced under the catering permit number, but not used, if the wholesaler removes the product within seventy-two hours of the expiration of the catering permit issued pursuant to this section.

311.486. 1. The supervisor of alcohol and tobacco control may issue a special license to caterers and other persons holding licenses to sell intoxicating liquor, **including intoxicating liquor in the original package**, by the drink at retail for consumption on the premises pursuant to the provisions of this chapter who furnish provisions and service for use at a particular function, occasion, or event at a particular location other than the licensed premises, but not including a festival as defined in chapter 316. The special license shall be effective for a maximum of fifty days during

any year, and shall authorize the service of alcoholic beverages at such function, occasion, or event during the hours at which alcoholic beverages may lawfully be sold or served upon premises licensed to sell alcoholic beverages for on-premises consumption. For every special license issued pursuant to the provisions of this subsection, the licensee shall pay to the director of revenue the sum of five hundred dollars a year payable at the same time and in the same manner as its other license fees.

2. The supervisor of alcohol and tobacco control may issue a special license to caterers and other persons holding licenses to sell intoxicating liquor by the drink at retail for consumption on the premises pursuant to the provisions of this chapter who furnish provisions and service for use at a particular function, occasion, or event at a particular location other than the licensed premises, but not including a festival as defined in chapter 316. The special license shall be effective for an unlimited number of functions during the year, and shall authorize the service of alcoholic beverages at such function, occasion, or event during the hours at which alcoholic beverages may lawfully be sold or served upon premises licensed to sell alcoholic beverages for on-premises consumption. For every special license issued pursuant to the provisions of this subsection, the licensee shall pay to the director of revenue the sum of one thousand dollars a year payable at the same time and in the same manner as its other license fees.

3. Caterers issued a special license pursuant to subsections 1 and 2 of this section shall report to the supervisor of alcohol and tobacco control the location of each function three business days in advance. The report of each function shall include permission from the property owner and city, description of the premises, and the date or dates the function will be held.

4. Except as provided in subsection 5 of this section, all provisions of the liquor control law and the ordinances, rules and regulations of the incorporated city, or the unincorporated area of any county, in which is located the premises in which such function, occasion, or event is held shall extend to such premises and shall be in force and enforceable during all the time that the licensee, its agents, servants, employees, or stock are in such premises. [Except for wines in the original package, the provisions of this section shall not include the sale of packaged goods covered by this special license.]

5. Notwithstanding any other law to the contrary, any caterer who possesses a valid state and valid local liquor license may deliver alcoholic beverages, in the course of his or her catering business. A caterer who possesses a valid state and valid local liquor license need not obtain a separate license for each city the caterer delivers in, so long as such city permits any caterer to deliver alcoholic beverages within the city.

6. To assure and control product quality, wholesalers may, but shall not be required to, give a retailer credit for intoxicating liquor with an alcohol content of less than five percent by weight delivered and invoiced under the catering license number, but not used, if the wholesaler removes the product within seventy-two hours of the expiration of the catering function."; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 2

AMEND Senate Committee Substitute for House Bill No. 101, Page 1, Section 311.087, Line 16, by inserting after all of said line the following:

"311.088. Any person possessing the qualifications and meeting the requirements of this chapter who is licensed to sell intoxicating liquor by the drink at retail for consumption on the premises in a home rule city with more than four hundred thousand inhabitants and located in more than one county may be issued a special permit by the state and such city. Notwithstanding the provisions of 311.089 to the contrary, the special permit issued under this section shall allow the licensed premises to sell intoxicating liquor from 6:00 a.m. until 3:00 a.m. on the morning of the following day within one twenty-four hour period. Any person granted a special permit under this section shall only be authorized to receive up to six such special permits from the city in a calendar year.";

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

SIXTY-SEVENTH DAY, THURSDAY, MAY 5, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

The steps of a good man are ordered by the Lord: and he delighteth in his way. (Psalm 37:23)

Eternal God, Who has promised unto the upright in heart a light that shines in the darkness and a strength that never fails, grant unto us such good attitudes and such high purposes that shall lift us above the shadow of doubt and fear and help us to realize the power of Your presence. Give to us the wings of faith, the lift of love, and the heart of hope as we commit ourselves anew to You and to Your will for our lives.

May we walk the ever changing roads of our daily life with confidence and courage, knowing that You are with us always and all the way. Give to us this day a healthy body, an understanding mind, a happy spirit, a loving heart and with it all a will ready to do good to others where we can do good and to be faithful to You. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kyler May Rademan, Breanna Taylor Clark, Claire Thomas, Austin Janes, Salwa Mikhail, Parker Williams, Lucas Tournay, Jackson Wagner, Jamey Lemon, Ashley Wilson, Jennifer Fohey, Adrianna Dunn and Jackie Dowil.

THIRD READING OF SENATE BILL

HCS SB 145, as amended, relating to political subdivisions, was taken up by Representative Gatschenberger.

Representative Gatschenberger offered **House Amendment No. 8**.

House Amendment No. 8

AMEND House Committee Substitute for Senate Bill No. 145, Section 67.319, Page 5, Line 53, by inserting the following after all of said section and line:

“143.789. The director of the department shall have the authority to impose an offset against a refund owed to any taxpayer for the following items and in the following order of priority:

- (1) Delinquent taxes owed by the taxpayer to the state of Missouri;**
- (2) Debts owed by such taxpayer to any state agency or support obligation owed by such taxpayer which is enforced by the division of family services on behalf of a person who is receiving support enforcement services under section 454.425;**
- (3) Collection assistance fees authorized under section 143.790;**
- (4) Eligible claims under section 143.790; and**
- (5) Delinquent taxes owed by the taxpayer to the United States.**

143.790. 1. [Any hospital or health care provider who has provided health care services to an individual who was not covered by a health insurance policy or was not eligible to receive benefits under the state's medical assistance program of needy persons, Title XIX, P.L. 89-97, 1965 amendments to the federal Social Security Act, 42 U.S.C. Section

301, et seq., under chapter 208, RSMo, and the health insurance for uninsured children under sections 208.631 to 208.657, RSMo, at the time such health care services were administered, and such person has failed to pay for such services for a period greater than ninety days, may submit a claim to the director of the department of health and senior services for the unpaid health care services. The director of the department of health and senior services shall review such claim. If the claim appears meritorious on its face, the claim for the unpaid medical services shall constitute a debt of the department of health and senior services for purposes of sections 143.782 to 143.788, and the director may certify the debt to the department of revenue in order to set off the debtor's income tax refund. Once the debt has been certified, the director of the department of health and senior services shall submit the debt to the department of revenue under the setoff procedure established under section 143.783.

2. At the time of certification, the director of the department of health and senior services shall supply any information necessary to identify each debtor whose refund is sought to be set off pursuant to section 143.784 and certify the amount of the debt or debts owed by each such debtor.

3. If a debtor identified by the director of the department of health and senior services is determined by the department of revenue to be entitled to a refund, the department of revenue shall notify the department of health and senior services that a refund has been set off on behalf of the department of health and senior services for purposes of this section and shall certify the amount of such setoff, which shall not exceed the amount of the claimed debt certified. When the refund owed exceeds the claimed debt, the department shall send the excess amount to the debtor within a reasonable time after such excess is determined.

4. The department of revenue shall notify the debtor by certified mail the taxpayer whose refund is sought to be set off that such setoff will be made. The notice shall contain the provisions contained in subsection 3 of section 143.794, including the opportunity for a hearing to contest the setoff provided therein, and shall otherwise substantially comply with the provisions of subsection 3 of section 143.784.

5. Once a debt has been set off and finally determined under the applicable provisions of sections 143.782 to 143.788, and the department of health and senior services has received the funds transferred from the department of revenue, the department of health and senior services shall settle with each hospital or health care provider for the amounts that the department of revenue set off for such party. At the time of each settlement, each hospital or health care provider shall be charged for administration expenses which shall not exceed twenty percent of the collected amount.

6. Lottery prize payouts made under section 313.321, RSMo, shall also be subject to the setoff procedures established in this section and any rules and regulations promulgated thereto.

7. The director of the department of revenue shall have priority to offset any delinquent tax owed to the state of Missouri. Any remaining refund shall be offset to pay a state agency debt or to meet a child support obligation that is enforced by the division of family services on behalf of a person who is receiving support enforcement services under section 454.425, RSMo.

8.] As used in this section, the following terms shall mean:

(2) "Collection assistance fee", a fee in the amount of fourteen dollars payable to the general fund of this state for each debt setoff being processed and an additional seventeen dollars payable to the claim clearinghouse for each debt being processed by the claim clearinghouse shall be recovered from each eligible claim to recover the costs incurred in collecting debts under this section;

(3) "Court", the supreme court, court of appeals, or any circuit court of the state, or any of their judicially or legislatively created subdivisions;

(4) "Department", the department of revenue;

(5) "Claim", a claim by a provider to receive payment of fifty dollars or more for health care services provided by such provider to a patient which has not been paid in whole or in part by the patient or third party payer for more than ninety days after the date the patient was first billed for such health care services;

(6) "Claim clearinghouse", the entity selected by the department to receive and submit eligible claims on behalf of a provider in accordance with this section. The claim clearinghouse shall be selected by the department through use of and in compliance with the applicable requirements of chapter 34;

(7) "Health care services", any services that a provider renders to a patient in the course of such provider's furnishing of ambulance services to the patient. Health care services shall include, but not be limited to, treatment of patients and transporting of patients incidental, or pursuant, to the delivery of ambulance services

by a provider or in furtherance of the purposes for which such provider is organized and licensed, provided that with respect to ground ambulance services provided by a provider that is not owned and operated by a city, county, municipality, political subdivision, governmental entity, or an entity that is exempt from federal and state income taxation, health care services shall only include those ground ambulance services provided by the provider that qualify and emergency services as defined in section 190.100 and are provided under the terms of an agreement between the provider and a city, county, municipality, political subdivision, or a governmental entity under section 190.105;

(9) "Provider", any provider of ambulance services licensed by the Missouri department of health and senior services in accordance with chapter 190, to include but not be limited to any provider of air ambulance services licensed under section 190.108 and any provider of ground ambulance services licensed under section 190.109;

(10) "Refund", a patient's Missouri income tax refund which the department determines to be due pursuant to the provisions of this chapter;

(11) "Review officer", a person designated by a provider to review claims, at the request of a patient, to determine whether such provider has a valid claim, the amount of such claim, and whether such claim qualifies as an eligible claim under this section.

2. Prior to submission of a claim to the claim clearinghouse, a provider shall send written notice to a patient that such provider intends to submit a claim to the claim clearinghouse for collection by setoff under this section. The notice shall:

- (1) Provide the basis for the claim;
- (2) State that the provider intends to request that the department apply the patient's refund against the claim;
- (3) State that a collection assistance fee will be added to the claim if it is submitted for setoff;
- (4) Inform the patient of the right to contest the validity or amount of such claim by filing a request for a review with the provider; and
- (5) State the time limit and procedure for requesting such review, and that failure to request a review within thirty days following receipt of the notice required under this section shall result in submission of the claim to the claim clearinghouse for setoff of the debt by the department.

3. Upon receipt of the notice required under subsection 2 of this section, any patient seeking review of a claim with the provider shall file a written request for review within thirty days of receipt of such notice. A request for a review shall be deemed filed when properly addressed and delivered to the United States Postal Service for mailing with postage prepaid. A review officer shall be appointed by the provider to review such claim. In reviewing a claim, any issue that has previously been litigated in a court proceeding shall not be considered by the review officer. If the patient seeks a review of the claim and the review officer finds either that the claim is invalid or the claim does not qualify as an eligible claim under this section, the review officer's determination shall be final and binding on the provider and such provider shall have no right to appeal such determination. If all or part of the claim is found by the review officer to be valid and eligible for setoff under this section, the review officer shall notify the provider and the patient of such fact. Such notice shall:

- (1) Inform the patient that the patient has the right to appeal the review officer's determination by filing an appeal with the appeals committee;
- (2) State the time limit and procedure for requesting such an appeal; and
- (3) State that failure to request the appeal within thirty days following receipt of the notice required under this subsection shall result in submission of the claim to the claim clearinghouse for setoff of the debt by the department.

4. Upon receipt of the notice required under subsection 3 of this section, any patient seeking an appeal of a determination of a review officer under subsection 4 of this section shall file a written request for such appeal within thirty days following receipt of such notice. An appeal shall be deemed filed when properly addressed and delivered to the United States Postal Service for mailing with postage prepaid. An appeal of a review officer's determination shall be heard by an appeals committee. In an appeal under this section, any issue that has been previously litigated in a court proceeding shall not be considered. A decision made after an appeal under this section shall determine whether a claim is owed to the provider, the amount of the claim, and whether the claim is an eligible claim under this section.

5. If the appeals committee finds a claim to be invalid or otherwise ineligible under this section, the decision of the appeals committee shall be final and binding on the provider and may not be appealed by the provider. If all or part of the claim is found by the appeals committee to be valid and eligible for setoff under this section, the appeals committee shall notify the provider and the patient of such fact. Such notice shall:

(1) Inform the patient that the patient has the right to challenge the appeals committee determination by notifying the provider that it disagrees with the determination and advising the provider as to the basis of such disagreement;

(2) State that the patient must notify the provider of the challenge within ninety days of the patient's receipt of the notice from the appeals committee;

(3) Advise the patient that if the patient challenges the appeals committee's determination under this subsection, the provider will not be permitted to setoff the provider's claim against the patient's refund under this section unless and until the provider files suit against the patient in court seeking a determination that the provider's claim is valid regarding the amount of the claim and that the claim is eligible for setoff under this section, and the court determines that the provider's claim is valid, the amount of the provider's claim, and that provider's claim is eligible for setoff under this section; and

(4) Advise the patient that if the patient does not challenge the appeal committee's determination under this subsection, the provider will submit the claim to the claim clearinghouse for setoff by the department under this subsection.

6. If the provider prevails in the lawsuit filed under subsection 5 of this section, the provider may submit the claim to the claim clearinghouse for setoff by the department under this section. If the patient prevails in the lawsuit filed by the provider under subsection 5 of this section, the provider shall be:

(1) Forever barred from submitting the claim to the claim clearinghouse for setoff by the department under this section;

(2) Forever barred from taking any other steps to collect the amount of the claim from the patient; and

(3) Obligated to reimburse the patient for court costs and attorney's fees associated with the lawsuit filed under subsection 5 of this section.

7. Any provider may submit a claim to the claim clearinghouse for review. In connection with its submission of a claim to the claim clearinghouse, the provider, whenever possible, shall provide the claim clearinghouse with the patient's full name, Social Security number, address, and any other identifying information that the department advises the claim clearinghouse is necessary for the department to setoff the claim under this section. The provider shall also provide the claim clearinghouse with information demonstrating the provider's compliance with the requirements of this section with respect to the claim.

8. If the claim clearinghouse receives sufficient evidence that a provider has fully complied with the requirements of this section and finds the claim valid, the claim shall be deemed eligible for setoff by the department under this section and shall be forwarded to the department. In connection with its submission of the claim to the department, the claim clearinghouse, whenever possible, shall provide the department with the patient's full name, Social Security number, address, and any other identifying information that the department advises the claim clearinghouse is necessary for the department to setoff the claim under this section.

9. If the claim clearinghouse determines that the provider has failed to comply with any applicable requirements in this section or that the claim is not valid, the claim clearinghouse shall return the claim to the provider.

10. If the department determines that a patient identified by a provider in an eligible claim filed with the department is entitled to a refund, the department shall notify the claim clearinghouse that a refund is available for setoff and the amount of such refund, and whether the refund results from a joint or combined return. Notwithstanding any provision of section 32.057 and any other confidentiality statute of this state to the contrary, the department may provide the claim clearinghouse with all information necessary to accomplish and carry out the provisions of this section and section 143.789, but shall not provide the claim clearinghouse with any information whose disclosure is prohibited by Section 6103(d) of the Internal Revenue Code of 1986, as amended. The information obtained by the claim clearinghouse from the department in accordance with this section and section 143.789 shall retain its confidentiality and shall only be used by the claim clearinghouse for the purpose described in this section and section 143.789.

11. (1) At that time, the department shall also notify the patient by regular mail that setoff against the patient's tax refund has been authorized under this section. The notice shall include the following information:

(a) The amount of the eligible claim and the name of the provider seeking setoff;

(b) That a setoff to the patient's refund against the eligible claim has been performed; and

(c) Any amount of the refund remaining after the offset of the eligible claim.

(2) In the case of a joint or combined return, the notice shall also state the name of the nonobligated taxpayer named in the return, if any, against whom no claim is asserted, the fact that no claim is asserted against such taxpayer, and the fact that such taxpayer is entitled to receive a refund if it is due the taxpayer regardless of the claim asserted against the taxpayer's spouse. In order to obtain the refund due the taxpayer, the taxpayer shall apply in writing for an apportionment of the refund with the department within thirty days of the date of receipt of the notice unless, in anticipation of the setoff of the taxpayer's spouse's refund, such nonobligated taxpayer provided the department with a request for apportionment of the anticipated refund which was filed at the same time the original tax return was filed, in which case the department shall determine the apportionment of the refund and forward the determination of apportionment and the nonobligated taxpayer's portion of the refund to the nonobligated taxpayer within fifteen working days of the transfer of the obligated taxpayer's portion of the refund to the claim clearinghouse. Unless a request for apportionment of the anticipated refund was provided to the department as provided in this section, within ninety days after the filing of such taxpayer's application for apportionment of the refund with the department a determination of apportionment shall be mailed to the nonobligated taxpayer by the department. The apportionment of the refund shall be final upon the expiration of thirty days from the date on which the determination of apportionment is mailed to the nonobligated taxpayer unless, within such thirty-day period, the nonobligated taxpayer applies in writing for a hearing with the department.

12. The department shall then pay to the claim clearinghouse the amount that the department has setoff for such provider, which shall include the collection assistance allocable to the claim clearinghouse. In the event the department is unable to setoff the entire eligible claim and collection assistance fee under this section, the setoff of the collection assistance fee shall have priority over the setoff of the eligible claim. If, after the department has paid to the claim clearinghouse the amount that the department has setoff for the provider, the provider is found not to have complied with any applicable requirement of this section, the provider shall send to the patient the entire amount of the claim offset by the department for the provider plus an amount equal to the collection assistance fee.

13. In addition to refunds, lottery prize payouts made under section 313.321 shall be subject to the setoff procedures established in this section.

14. The director of the department of revenue and the director of the department of health and senior services shall promulgate rules and regulations necessary to administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

2. The ballot of submission shall be in substantially the following form:

For the purpose of repair or replacement of lateral sewer service lines extending from the residential dwelling to its connection with the public sewer system line, due to failure of the line, shall (city,

3. For the purpose of this section, a lateral sewer service line may be defined by local order or ordinance, but shall not include more than the portion of the sewer line which extends from the sewer mains owned by the utility or municipality to the point of entry into the premises receiving sewer service, and may not include facilities owned by the utility or municipality. For purposes of this section, repair may be defined and limited by local ordinance, and may include replacement or repairs.

4. If a majority of the voters voting thereon approve the proposal authorized in subsection 1 of this section, the governing body of the city, town, village, sewer district, or water supply district may enact an order or ordinance for the collection of such fee. The funds collected under such ordinance shall be deposited in a special account to be used solely for the purpose of paying for the reasonable costs associated with and necessary to administer and carry out the lateral sewer service line repairs as defined in the order or ordinance and to reimburse the necessary costs of lateral sewer service line repair or replacement. The city, town, village, sewer district, or water supply district may establish, as provided in the order or ordinance, regulations necessary for the administration of collections, claims, repairs, replacements and all other activities necessary and convenient for the implementation of any order or ordinance adopted and approved under this section. The city, town, village, sewer district, or water supply district may administer the program or may contract with one or more persons, through a competitive process, to provide for administration of any portion of implementation activities of any order or ordinance adopted and approved under this section, and reasonable costs of administering the program may be paid from the special account established under this section not to exceed five percent of the fund on an annual basis.

6. Notwithstanding any other provision of law to the contrary, the collector in any city, town, village, sewer district, or water supply district that adopts an order or ordinance under this section, who now or hereafter collects any fee to provide for, ensure or guarantee the repair of lateral sewer service lines, may add such fee to the general tax levy bills of property owners within the city, town, village, sewer district, or water supply district. All revenues received on such combined bill which are for the purpose of providing for, ensuring or guaranteeing the repair of lateral sewer service lines, shall be separated from all other revenues so collected and credited to the appropriate fund or account of the city, town, village, sewer district, or water supply district. The collector of the city, town, village, sewer district, or water supply district may collect such fee in the same manner and to the same extent as the collector now or hereafter may collect delinquent real estate taxes and tax bills.”; and

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

(3) The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the department of revenue receives notification of the tax.

(4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285.

(6) All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

(7) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to public utilities. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, governing the state sales tax, sections 32.085 and 32.087 and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5. All sales taxes received by the transportation development district shall be deposited by the director of revenue in a special fund to be expended for the purposes authorized in this section. The director of revenue shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

6. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

7. Notwithstanding any provision of sections 99.800 to 99.865, and this section to the contrary, the sales tax imposed by a district whose project is a public mass transportation system shall not be considered economic activity taxes as such term is defined under sections 99.805 and 99.918 and shall not be subject to allocation under the provisions of subsection 3 of section 99.845, or subsection 4 of section 99.957.”; and

"70.710. 1. The "Employer Accumulation Fund" is hereby created. It is the fund in which shall be accumulated the contributions made by employers for benefits, and from which shall be made transfers, as provided in sections 70.600 to 70.755.

2. When paid to the system, the employer contributions provided for in subsections 2 and 3 of section 70.730 shall be credited to the employer accumulation fund account of the employer making the contributions.

3. When an allowance other than a disability allowance **or an allowance that results from a member's death that was the natural and proximate result of a personal injury or disease arising out of and in the course of his or her actual performance of duty as an employee** first becomes due and payable, there shall be transferred to the benefit reserve fund from his employer's account in the employer accumulation fund the difference between the reserve for the allowance and the accumulated contributions standing to his credit in the members deposit fund at the time the allowance first becomes due and payable, of the member or former member to whom or on whose behalf the allowance is payable.

4. A separate account shall be maintained in the employer accumulation fund for each employer. No employer shall be responsible for the employer accumulation fund liabilities of another employer.

5. When a disability allowance **or an allowance that results from a member's death that was the natural and proximate result of a personal injury or disease arising out of and in the course of his or her actual performance of duty as an employee** first becomes due and payable, the accrued service pension reserve covering the retiring member shall be calculated in the manner provided for in subsection 3 of section 70.730, as of the effective date of the disability allowance. Such reserve shall be transferred to the benefit reserve fund from the employer's account in the employer accumulation fund.

70.720. 1. The "Casualty Reserve Fund" is hereby created. It is the fund in which shall be accumulated the contributions made by employers for pensions **either** to be paid members who retire on account of disability **or that result from a member's death that was the natural and proximate result of a personal injury or disease arising out of and in the course of his or her actual performance of duty as an employee**, and from which shall be made transfers as provided in sections 70.600 to 70.755.

2. When paid to the system, the employer contributions provided for in subsection 4 of section 70.730 shall be credited to the casualty reserve fund.

3. When a disability allowance **or an allowance that results from a member's death that was the natural and proximate result of a personal injury or disease arising out of and in the course of his or her actual performance of duty as an employee** first becomes due and payable, there shall be transferred to the benefit reserve fund from the casualty reserve fund an amount equal to the reserve for the allowance, minus:

(1) The accumulated contributions, standing to the member's credit in the members deposit fund at the time the allowance first becomes due and payable; and

(2) The accrued service pension reserve determined pursuant to subsection 5 of section 70.710.

70.730. 1. Each employer's contributions to the system shall be the total of the contribution amounts provided for in subsections 2 through 5 of this section; provided, that such contributions shall be subject to the provisions of subsection 6 of this section.

2. An employer's normal cost contributions shall be determined as follows: Using the financial assumptions adopted by the board from time to time, the actuary shall annually compute the rate of contributions which, if paid

annually by each employer during the total service of its members, will be sufficient to provide the pension reserves required at the time of their retirements to cover the pensions to which they might be entitled or which might be payable on their behalf. The board shall annually certify to the governing body of each employer the amount of membership service contribution so determined, and each employer shall pay such amount to the system during the employer's next fiscal year which begins six months or more after the date of such board certification. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the board shall from time to time determine. When received, such payments shall be credited to the employer's account in the employer accumulation fund.

3. An employer's accrued service contributions shall be determined as follows: Using the financial assumptions adopted by the board from time to time, the actuary shall annually compute for each employer the portions of pension reserves for pensions which will not be provided by future normal cost contributions. The accrued service pension reserves so determined for each employer less the employer's applicable balance in the employer accumulation fund shall be amortized over a period of years, as determined by the board. Such period of years shall not extend beyond the latest of (1) forty years from the date the political subdivision became an employer, or (2) thirty years from the date the employer last elected to increase its optional benefit program, or (3) fifteen years from the date of the annual actuarial computation. The board shall annually certify to the governing body of each employer the amount of accrued service contribution so determined for the employer, and each employer shall pay such amount to the system during the employer's next fiscal year which begins six months or more after the date of such board certification. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the board shall from time to time determine. When received, such payments shall be credited to the employer's account in the employer accumulation fund.

4. The employer's contributions for the portions of disability pensions **or pensions that result from a member's death that was the natural and proximate result of a personal injury or disease arising out of and in the course of his or her actual performance of duty as an employee** not covered by accrued service pension reserves shall be determined on a one-year term basis. The board may determine different rates of contributions for employers having policeman members or having fireman members or having neither policeman members nor fireman members. The board shall annually certify to the governing body of each employer the amount of contribution so ascertained for the employer, and each employer shall pay such amount to the system during the employer's next fiscal year which begins six months or more after the date of such board certification. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the board shall from time to time ascertain. When received, such payments shall be credited to the casualty reserve fund.

5. Each employer shall provide its share, as determined by the board, of the administrative expenses of the system and shall pay same to the system to be credited to the income-expense fund.

6. The employer's total contribution to the system, expressed as a percent of active member compensations, in any employer fiscal year, beginning with the second fiscal year that the political subdivision is an employer, shall not exceed its total contributions for the immediately preceding fiscal year, expressed as a percent of active member compensations, by more than one percent."; and

House Amendment No. 18

AMEND House Committee Substitute for Senate Bill No. 145, Page 5, Section 67.319, Line 53, by inserting after all of said line the following:

"99.825. 1. Prior to the adoption of an ordinance proposing the designation of a redevelopment area, or approving a redevelopment plan or redevelopment project, the commission shall fix a time and place for a public hearing as required in subsection 4 of section 99.820 and notify each taxing district located wholly or partially within the boundaries of the proposed redevelopment area, plan or project. At the public hearing any interested person or affected taxing district may file with the commission written objections to, or comments on, and may be heard orally in respect to, any issues embodied in the notice. The commission shall hear and consider all protests, objections, comments and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing; provided, if the commission is created under subsection 3 of section 99.820, the hearing shall not be continued for more than thirty days beyond the date on which it is originally opened unless such longer period is requested by the chief elected official of the municipality creating the commission and approved by a majority of the commission. Prior to the conclusion of the hearing, changes may be made in the redevelopment plan, redevelopment project, or redevelopment area, provided that each affected taxing district is given written notice of such changes at least seven days prior to the conclusion of the hearing. After the public hearing but prior to the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, changes may be made to the redevelopment plan, redevelopment projects or redevelopment areas without a further hearing, if such changes do not enlarge the exterior boundaries of the redevelopment area or areas, and do not substantially affect the general land uses established in the redevelopment plan or substantially change the nature of the redevelopment projects, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the area of the proposed redevelopment not less than ten days prior to the adoption of the changes by ordinance. After the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, no ordinance shall be adopted altering the exterior boundaries, affecting the general land uses established pursuant to the redevelopment plan or changing the nature of the redevelopment project without complying with the procedures provided in this section pertaining to the initial approval of a redevelopment plan or redevelopment project and designation of a redevelopment area. Hearings with regard to a redevelopment project, redevelopment area, or redevelopment plan may be held simultaneously.

2. [Effective January 1, 2008,] **No municipality shall approve a proposed redevelopment plan, redevelopment project, or designation of a redevelopment area, or any amendments thereto**, if, after concluding the hearing required under this section, the commission **formed under subsection 3 of section 99.820** makes a recommendation under section 99.820 in opposition to [a proposed redevelopment plan, redevelopment project, or designation of a redevelopment area, or any amendments thereto, a municipality desiring to approve] such project, plan, designation, or amendments [shall do so only upon a two-thirds majority vote of the governing body of such municipality] **provided, however, that a municipality may approve such project, plan, designation, or amendment if such municipality places the question before the qualified voters residing within such municipality and such question is approved by voters voting thereon.**

3. Tax incremental financing projects within an economic development area shall apply to and fund only the following infrastructure projects: highways, roads, streets, bridges, sewers, traffic control systems and devices, water distribution and supply systems, curbing, sidewalks and any other similar public improvements, but in no case shall it include buildings."; and

The governing body of any city or county listed in subsection 1 of this section may impose a tax on the charges for all sleeping rooms paid by the transient guests of hotels or motels situated in the city or county, which shall be not more than five percent per occupied room per night, except that such tax shall not become effective unless the governing body of the city or county submits to the voters of the city or county at an election permitted under section 115.123 a proposal to authorize the governing body of the city or county to impose a tax under the provisions of this section and section 67.1002. The tax authorized by this section and section 67.1002 shall be in addition to the charge for the sleeping room and shall be in addition to any and all taxes imposed by law and the proceeds of such tax shall be used by the city or county solely for funding a convention and visitors bureau which shall be a general not-for-profit organization with whom the city or county has contracted, and which is established for the purpose of promoting the city or county as a convention, visitor and tourist center. Such tax shall be stated separately from all other charges and taxes.

[2.] 3. As used in this section and section 67.1002, the term "transient guests" means a person or persons who occupy a room or rooms in a hotel or motel for thirty-one days or less during any calendar quarter, except that in any county of the third classification without a township form of government and with more than forty-one thousand one hundred but fewer than forty-one thousand two hundred inhabitants, "transient guests"[, as used in this section and section 67.1002,] means a person or persons who occupy a room or rooms in a hotel or motel for ninety days or less during any calendar quarter.

The tax authorized by this [section] **subsection** and section 67.1002 shall be in addition to the charge for the sleeping room and shall be in addition to any and all taxes imposed by law and the proceeds of such tax shall be used by the city solely for funding a convention and visitors bureau which shall be a general not-for-profit organization with whom the city has contracted, and which is established for the purpose of promoting the city as a convention, visitor, and tourist center. 5. Notwithstanding any other provision of this section to the contrary, the governing body of any city or county with more than three hundred fifty hotel and motel rooms within the boundaries of such city or county may impose a tax on the charges for all sleeping rooms paid by the transient guests of hotels or motels situated in the city or county or a portion thereof, which shall be not more than five percent per occupied room per night, except that such tax shall not become effective unless the governing body of the city or county submits to the voters of the city or county at an election permitted under section 115.123 a proposal to authorize the governing body of the city or county to impose a tax under this subsection and section 67.1002. The tax authorized by this subsection and section 67.1002 shall be in addition to the charge for the sleeping room and shall be in addition to any and all taxes imposed by law, and the proceeds of such tax shall be used by the city or county solely for the promotion of tourism and for funding a convention and visitors bureau. Such tax shall be stated separately from all other charges and taxes.

6. Notwithstanding any other provision of law to the contrary, the taxes authorized in this section and section 67.1002 shall not be imposed by the following cities or counties:

(1) Any city or any county already imposing a tax solely on the charges for sleeping rooms paid by the transient guests of hotels or motels situated in such city or county or a portion thereof under this section and section 67.1002 or any other law of this state; or
